Independent Auditor's Report

Plan Administrator
Arauco North America, Inc 401(k) Plan
Rock Hill, SC

Opinion on the 2021 Financial Statements

We have audited the financial statements of Arauco North America, Inc 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

In our opinion, the 2021 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021, the changes in net assets available for benefits for the year then ended, and the related notes to the financial statements, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Plan Merger and Transfer of Plan Assets

As discussed in Note 1 to the financial statements, the Board of Directors of Arauco North America, Inc., voted to terminate the Plan and allow the participants to join the Arauco North America, Inc Retirement Plan effective December 31, 2021. Participant assets of the plan were merged into the Arauco North America, Inc. Retirement Plan effective December 31, 2021. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statement

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2020 Financial Statements

The financial statements of the Plan as of and for the year ended December 31, 2020, were audited by other auditors whose report dated March 7, 2022 expressed an unmodified opinion on those statements.

Arauco North America, Inc 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 1. Description of the Plan

The following description of the Arauco North America, Inc 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering only the employees of Arauco North America, Inc. (the "Company") working in the Company's Atlanta, Georgia office who have completed 60 days of service and are age 19 or older. Hourly employees must complete 3 months of service to be eligible for elective deferrals. All employees must complete one year of service, defined as 1,000 hours, to be eligible to receive the Company's non-elective contribution.. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the Plan is Accrued Benefits Planning, Ltd. (the "trustee").

Effective December 31, 2021, the Arauco North America Inc. 401(k) Plan merged into the Arauco North American Inc. Retirement Plan. Participant balances of \$10,752,083 were transferred on December 31, 2021.

Contributions

Each year, participants may contribute the maximum amount allowed by law, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation. If automatically enrolled participants do not choose a different deferral percentage, the percentage will automatically increase each January 1st, by 1 percent up to a maximum of 8 percent. The Company makes safe harbor matching contributions of 100 percent of the first 3 percent of base compensation that a participant contributes to the Plan, and 50 percent of the next 2 percent of a participant's contribution. Company safe harbor matching contributions totaled \$356,478 for 2021. During 2021, the company also made discretionary matching contributions based on 2 percent of participant base compensation. Company discretionary matching contributions totaled \$219,826 for 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contributions, Company contributions, and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

Note 1. Description of the Plan, Continued

Vesting

Participants are vested immediately in their voluntary contributions and Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is equal to the prime rate plus 2 percent, as defined by the Plan. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or other installment options as provided by the Plan. Hardship distributions are permitted upon demonstration of a financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59^{1/2}.

Forfeited accounts

At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$0 and \$18,946, respectively. These accounts will be used to reduce Company contributions or pay Plan expenses to the extent specified in the adoption agreement. No forfeitures were used to reduce Company contributions during 2021, and all remaining forfeitures were transferred to the Arauco North American Inc. Retirement Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Arauco North America, Inc 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 2. Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and other distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through June 19, 2023, the date that the financial statements were available to be issued.

Recently issued accounting pronouncements

Accounting standards that have been issued or proposed by the Financial Accounting Standards Board or other standards-setting bodies are not expected to have a material impact on the Plan's financial statements.

Arauco North America, Inc 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly, such as;
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in inactive markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Cash, interest bearing:

Valued at amortized cost plus accrued interest, which approximates fair value.

Self-directed brokerage accounts:

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices. Accounts also consist of corporate bonds and U.S. government securities that are valued using pricing models maximizing the use of observable inputs for similar securities; money market funds that are valued at net asset value ("NAV") based on observable activity (i.e., purchases and sales at NAV); and cash and certificates of deposit that are valued based on amortized or original cost plus accrued interest, which approximates fair value.

Notes to Financial Statements

December 31, 2021 and 2020

Note 3. Fair Value Measurements, Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	2020			
	Level 1	Level 2	Level 3	Total
Cash, interest bearing	\$ -	\$ 2,548,326	\$ -	\$ 2,548,326
Self-directed brokerage accounts	<u>10,612,550</u>	<u>-</u>	<u>-</u>	<u>10,612,550</u>
Total assets at fair value	<u>\$ 10,612,550</u>	<u>\$ 2,548,326</u>	<u>\$ -</u>	<u>\$ 13,160,876</u>

Note 4. Related-party and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan incurs expenses for recordkeeping, contract administration, and investment advisory services. As described in Note 2, the Plan made direct payments for these expenses totaling \$103,028 for the year ended December 31, 2021, which were not covered by revenue sharing. The Company pays directly any other fees related to the Plan's operations.

Note 5. Tax Status

Effective January 1, 2016, the Plan adopted a prototype non-standardized profit sharing plan sponsored by Accrued Benefits Planning, Ltd, the plan provider. The plan provider has received an opinion letter from the IRS as to the non-standardized profit sharing plan's qualified status. The non-standardized profit sharing plan's letter, dated March 31, 2014, has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2021 statement of net assets available for benefits.
