Southern HVAC Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Southern HVAC Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 'Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedules of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**SOUTHERN HVAC CORPORATION
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022**

1. DESCRIPTION OF PLAN

The following description of the Southern HVAC Corporation 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the official Plan document for complete information.

General

The Plan was established in January 2022 by Southern HVAC Corporation through the transfer of eligible participants balances from another qualified plan. The Plan is a defined contribution employee benefit plan that provides for tax-deferred savings contributions from participants as well as matching contributions from Southern HVAC Corporation and any adopting employers (collectively referred to as the Company or Employer). All employees of the Company are eligible to participate in the Plan, except for employees covered by a collective bargaining agreement, leased employees and non-resident aliens with no U.S. income.

Eligibility

Eligible employees of the Company are eligible to participate in the Plan upon completion of one year of service and attainment of age 21. Employer matching contributions begin concurrently with employee contributions.

Contributions

Participants may elect to make contributions of their eligible earnings under the savings feature of the Plan, subject to Internal Revenue Code (IRC) limitations. The Company provides a safe harbor match of 100% of the first 3% plus 50% between 3% and 5% of compensation deferred. The Company may also make discretionary non-elective contributions to the Plan. For the year ended December 31, 2022, there were no discretionary contributions made to the Plan.

The Plan includes a Roth 401(k) feature. Participants may direct their contributions to accounts as pre-tax or the Roth 401(k) terms or both.

This agreement will remain in effect until it is revoked by the participant or Plan administrator.

Participant Accounts

Individual accounts are maintained for each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution, the Company's contributions, and Plan earnings and charged with withdrawals and an allocation of Plan losses and an allocation of fees. Investment income is allocated to participants based upon relative balances of the individual accounts at the prior valuation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant's interest in Company safe harbor matching contributions to his or her account is always 100% vested. All other Company contributions will be 100% vested ratable at 20% a year after year two and 100% after completion of six years of service. Each participant's interest in all other accounts is at all times fully vested and nonforfeitable. There were no forfeited nonvested accounts as of December 31, 2022.

401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN – CONTINUED

Withdrawals and Distributions

Generally, a participant's vested account balance is payable by lump-sum distribution, between ages 59½ and 72, upon his/her retirement or disability. Upon termination of employment, the vested portion of the participant's account may be withdrawn in a lump sum.

Plan Administration

Delaware Charter and Guarantee Trust Company (d/b/a Principal Trust Company) and Principal Life Insurance Company serve as custodians of the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount generally equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable transactions are treated as transfers between the participants' fund balance and the loan fund. Notes must be repaid, through payroll deductions, within five years unless such note is used to acquire a primary residence, in which case the note is for a reasonable term as defined by the Plan.

Administrative Expenses

Expenses incurred in the reasonable administration of the Plan shall be paid from the Plan unless otherwise paid by the Employer.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

SOUTHERN HVAC CORPORATION
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold during the year as well as held at year-end. Dividends are recorded on the ex-dividend date. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. In addition, certain fees related to participant-directed transactions such as distribution processing fees, hardship withdrawal service fees and enhanced qualified domestic relations order review fees and processing fees are charged directly to the participant's account and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Defaulted notes receivable are treated as distributions based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022.

3. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022:

Mutual funds: These investments are valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is a quoted price in an active market and these funds are classified within Level 1 of the valuation hierarchy.

Pooled separate account (PSA): The Plan's interest in this investments is valued at NAV provided by the fund's trustee or custodian as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments held by the respective fund less its liabilities. This practical expedient would not be used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The PSA can be redeemed daily and there are no associated unfunded commitments related to these investments.

Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments or redemption restrictions for participants in the Plan who invest in these accounts.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO THE FINANCIAL STATEMENTS

3. FAIR VALUE MEASUREMENT – CONTINUED

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. There were no Level 2 or 3 assets for the year then ended.

Fair Value Measurements as of December 31, 2022		
	Level 1	Total
Mutual funds	\$ 5,142,321	\$ 5,142,321
PSA, valued at NAV*		260,848
Total investments, at fair value		<u>\$ 5,403,169</u>

*In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at NAV per unit (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION CERTIFIED BY THE CUSTODIANS

Certain information related to investments disclosed in the accompanying financial statements and the ERISA-required supplemental schedules, including investments held as of December 31, 2022, and net depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians of the Plan.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of a pooled separate accounts managed by the custodians. The Plan paid fees to the recordkeeper as well as investment advisor and third party administrator which are reflected in administrative fees for the year ended December 31, 2022. These are considered exempt party-in-interest transactions with respect to the Plan. These transactions are not considered "prohibited transactions" under the IRC or ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

SOUTHERN HVAC CORPORATION
401(k) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

7. TAX STATUS

The Plan has adopted a prototype document sponsored by Florida Retirement Consultants (FRC). The Internal Revenue Service (IRS) has determined and informed the FRC by an opinion letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the IRC. The prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

In 2022, the Company failed to timely remit certain employee contributions to the Plan totaling \$30,548. The Company has restored the Plan for any lost earnings related to these remittances.

9. SUBSEQUENT EVENTS

Effective February 23, 2023, the following employers elected to adopt the Plan: SA&H Georgia Holdings, LLC, SA&H South Carolina Holdings, LLC, Fast of Florida, Inc., Yellow Dot Heating & Air, LLC, SA&H Western Holdings, LLC, SA&H Alabama Holdings, LLC and ME Flow Inc.

Management has evaluated subsequent events through June 28, 2023, which is the date the financial statements were available to be issued and have determined that there are no subsequent events that require disclosure under FASB ASC Topic 855 *Subsequent Events*.
