INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Tori Richard, Ltd 401(k) Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have audited the financial statements of Tori Richard, Ltd 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit), which comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tori Richard, Ltd 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4j - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter

The financial statements of the Plan for the year ended December 31, 2021 were audited by another auditor who expressed an unmodified opinion on those statements on October 10, 2022.

Tori Richard, Ltd 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Plan Description

The following description of Tori Richard, Ltd 401(k) Retirement Savings Plan (the “Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the document governing the Plan (plan agreement).

General. Tori Richard, Ltd. is a Hawaii corporation principally engaged in the design and manufacture of men’s and women’s apparel, primarily resort wear. Tori Richard, Ltd. (the “Plan Sponsor”) is the sponsor and plan administrator for the Plan. The Plan was established on January 1, 1998 (amended January 1, 2016). Participation in the Plan is voluntary. The Plan is a defined contribution savings plan covering substantially all employees of Tori Richard, Ltd. There is no age or service eligibility requirement to participate in the Plan. Employees are eligible to enter the Plan on January 1st or the same day of the month occurring in each successive 3-month period, coincident with or net following the hire date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions. Participants may contribute the percentage or dollar amount of their pay to be deducted as a pre-tax salary deferral, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor contributes 25 percent of the participant contribution to the Plan with maximum up to 8% of the salary deferral. Plan Sponsor contributions are made annually by March of the following plan year and based on current year participant contributions. The combined annual contribution to each participant account may not exceed the maximum deductible under the Internal Revenue Code (the “Code”).

Investment elections. The participant contributions and the Plan Sponsor matching contributions are allocated to the various investment options offered by the Plan as directed by participants.

Notes receivable from participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The maximum amount of any loan is the lesser of 50% of the participant’s vested interest minus any existing loan balance, or \$50,000 reduced by the participant’s highest outstanding loan balance in the previous twelve months even if all or a portion of this amount has been repaid.

To calculate the maximum loan amount, the participant’s vested interest in all plans established or maintained by the employer or a related employer of the employer will be considered. Notwithstanding, the Plan limits the minimum amount of any loan to \$1,000. The loans are secured by the balance in the participant’s account and bear interest rate at a rate commensurate with local prevailing rates as determined by the plan administrator, ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Vesting. Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the employer matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants reach 20% vesting after 2 years of service and vest 20% each year until year 6 when they are fully vested.

Tori Richard, Ltd 401(k) Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Plan Description (Continued)

Amounts contributed through salary or wage reductions may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59½. Withdrawals prior to attaining age 59½ are not permitted, except in the event of retirement, disability, or as a hardship distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59½.

Forfeitures. Generally, when a participant terminates participation in the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the Plan Sponsor matching contributions for the plan year. At December 31, 2022, forfeited nonvested accounts totaled \$28,047. These accounts are kept in a separate cash fund and can be used to redistribute to active participants.

Termination of the plan. The Plan Sponsor may terminate, amend, modify, or suspend the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event of the plan termination, all participants would fully vest in the employer contribution portion of their account balance, and remain vested in their employee contribution portion of their account.

2. Summary of Significant Accounting Policies

Basis of accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of benefits. Upon termination of service for any reason, a participant generally may elect to receive a lump-sum amount equal to the value for the participant's vested account balance. Alternatively, the participant may elect a direct rollover to another qualified plan or, if the vested account balance exceeds \$5,000, the account may be continued until the participant reaches age 70½, when another election must be made. Benefits are recorded when paid.

Notes to Financial Statements
December 31, 2022 and 2021

2. Summary of Significant Accounting Policies (Continued)

Expenses. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

Participant accounts. Each participant account is credited with the participant's contributions, rollover contributions, and Plan Sponsor matching contributions and an allocation of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Excess contributions payable. Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Risks and Uncertainties. The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administration of Plan Assets. Capital Bank and Trust Company invests cash received by the Plan and makes distributions to participants in accordance with instructions from the plan administrator. Empower Institutional maintains the records of the plan. Hicks Pension Group performs certain administrative functions.

Tax Status. The Plan adopted a Hicks Pension Group volume submitter profit sharing plan that has been pre-approved by the Internal Revenue Service with a determination letter dated March 31, 2014. This Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

4. Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$28,047 and \$30,208, respectively. Forfeited accounts will be used to reduce future employer contributions and Plan expenses. During the years ended December 31, 2022 and 2021, forfeitures of \$4,125 and \$0, respectively, were used to reduce Plan expenses.

5. Information Certified by the Plan's Trustee

The plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the audit did not extend to any statements or information related to investment information certified by Plan trustee, except for comparing such information certified by the custodian with information included in the plan's financial statements and supplemental Schedule H, line 4i — Schedule of Assets (Held at End of Year):

	<u>2022</u>	<u>2021</u>
