Independent Auditor's Report

To the Administrative Committee of
the K-Flex USA 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of K-Flex USA 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of K-Flex USA 401(k) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K-Flex USA 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Independent Auditor's Report--Continued

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K-Flex USA 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K-Flex USA 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K-Flex USA 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report--Continued

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

K-Flex USA 401(k) Retirement Savings Plan

Year Ended December 31, 2022

NOTE A--PLAN DESCRIPTION

The following brief description of the K-Flex USA 401(k) Retirement Savings Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The K-Flex USA 401(k) Retirement Savings Plan was established on February 1, 2008. The Plan is a single employer defined contribution plan covering all eligible employees of K-Flex USA, LLC ("the Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Economic Growth and Tax Relief Reconciliation Act of 2001.

Eligibility Requirements: Employees are eligible to participate in the Plan on the first day of the month coincident with or immediately following the date six months after date of employment and date age eighteen is attained. The Plan provides an automatic enrollment feature whereby employees are automatically enrolled in the Plan upon meeting the eligibility requirements at a deferral rate of 2%. If an employee terminates employment after becoming a participant and is later re-employed, he becomes a participant on his re-employment date.

Directed Investment Accounts: The Plan permits every participant to direct the investment of his account balance under the Plan. Refer to Note B herein for the various investment options available.

Contributions: Eligible employees are allowed to have made on their behalf, through salary reduction, an elective contribution of 1% to 100% of compensation subject to certain limitations set forth in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company must make mandatory matching contributions for all participants equal to 100% of the first 3% of eligible employee compensation and 50% of the next 2%. The Company made mandatory matching contributions of \$367,667 in 2022.

These mandatory matching contributions allow the Plan to be considered a "safe harbor" plan; thus, requiring no discrimination testing of deferral and matching contributions.

The Company may also make qualified matching employer contributions and qualified nonelective employer contributions. Qualified matching employer and qualified nonelective employer contributions are allocated based on the eligible compensation of participants for the Plan year. The Company made no qualified matching employer or qualified nonelective employer contributions in 2022.

Participant Accounts: Each participant's account is credited with the participant's semi-monthly contributions and Company matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts: At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$772 and \$755, respectively. These accounts will be used to pay any administrative expenses and then used to reduce any employer contribution made after the forfeiture is determined. For the year ended December 31, 2022, employer safe harbor contributions were reduced by \$269.

Notes to Financial Statements--Continued

K-Flex USA 401(k) Retirement Savings Plan

NOTE A--PLAN DESCRIPTION--Continued

Vesting: A participant has a 100% nonforfeitable interest at all times in his Deferral Contributions Account and his Safe Harbor Matching Contributions Account, and any earnings thereon. With respect to a participant's Qualified Matching Employer Contributions and Qualified Nonelective Employer Contributions Account, and any earnings thereon the employer elects the following vesting schedule:

<u>Years of Credited Service</u>	<u>Vested %</u>
Less than 1 year	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

A year of vesting credit is given for each Plan year in which a participant completes at least 1,000 Hours of Service. Participants, who continue in the employ of the Plan sponsor, are generally granted 100% vesting in their account balances upon attaining normal retirement age (as defined by the Plan), death, or disability.

Funding Policy: Employer Safe Harbor Matching contributions and employee elective contributions accumulated through payroll deductions shall be paid to the trustee as of the earliest date on which contributions can reasonably be segregated from the employer's general assets, but in any event, within the time prescribed by law. Furthermore, any additional employer contributions which are allocable to participants' accounts for a Plan year shall be paid to the Plan no later than the twelve-month period immediately following the close of such Plan year.

Payment of Benefits: On termination of service due to death, disability, or retirement, the participant, or his or her beneficiary in the event of death, is entitled to receive a distribution of the participant's entire vested balance. Participants who have attained age 59 ½ may withdraw any portion of the vested value of their account to the extent the balance is not required to secure the outstanding balance of a loan to the participant.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Transactions are treated as a transfer between the investment options and the participant's note fund. Loans bear a reasonable rate of interest as determined by the Plan Administrator. The entire amount of the participant's account serves as collateral for the loan. All loans must have a definite repayment period not to exceed five years unless it is for the purchase of their principal residence when the repayment period may be longer. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at any given time. Interest rates range from 4.25% to 8.25% at December 31, 2022 and mature at various dates through 2027.

Hardship Withdrawals: Withdrawals due to financial hardship are permitted with the approval of the Administrative Committee for the following reasons: medical expenses, purchase of primary residence, post-secondary tuition payment, eviction from or foreclosure on principal residence, funeral expenses, or as otherwise provided by the Plan. Hardship withdrawals are limited to employee elective deferrals and earnings thereon.

Rollover Contributions: The Plan provides for rollover contributions from other qualified retirement plans.

K-Flex USA 401(k) Retirement Savings Plan

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

The Plan invests in the Reliance MetLife Stable Value fund (the Fund), a common investment trust. The Fund is recorded in the statements of net assets available for benefits at fair value. Fair value is based on using the NAV, as a practical expedient, based on the audited financial statements of the Fund. The NAV of the Fund is determined daily and there are no unfunded commitments and no redemption restrictions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Options: The investments of the Plan are held by Reliance Trust Company ("Reliance"), trustee of the Plan. Reliance executes investment transactions within the guidelines adopted for each fund. At December 31, 2022, participants could direct the investment of their account balances in the following common investment trust and mutual funds: MetLife Stable Value Fund, JP Morgan Equity Income Fund, Invesco International Small Mid Cap Fund, Columbia Small Cap Index Fund, Federated High Yield Treasury Fund, Pioneer Bond Fund, BNYM International Equity Fund, JP Morgan US GARP Equity Fund, Virtus Allianz GI Emerging Markets Opportunity Fund, JP Morgan Mid Cap Growth Fund, Invesco Equal Weight S&P 500 Fund, Invesco International Equity Fund, MFS Mid Cap Value Fund, Thornburg Global Opportunity R4 Fund, PIMCO Income Fund, American Funds Target Date 2010 R4 Fund, American Funds Target Date 2015 R4 Fund, American Funds Target Date 2020 R4 Fund, American Funds Target Date 2025 R4 Fund, American Funds Target Date 2030 R4 Fund, American Funds Target Date 2035 R4 Fund, American Funds Target Date 2040 R4 Fund, American Funds Target Date 2045 R4 Fund, American Funds Target Date 2050 R4 Fund, American Funds Target Date 2055 R4 Fund, American Funds Target Date 2060 R4 Fund, American Funds Target Date 2065 R4 Fund, Fidelity Advisor Strategic Income Fund, Fidelity Advisor Equity Value Fund and Principal Real Estate Securities Fund.

Notes to Financial Statements--Continued

K-Flex USA 401(k) Retirement Savings Plan

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Contributions: Employer and employee contributions are accrued in the Plan year to which they relate.

Payment of Benefits: Benefit payments are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Date of Management's Review of Subsequent Events: The Plan has evaluated subsequent events through July 12, 2023, the date the financial statements were available to be issued.

NOTE C--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are as described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Notes to Financial Statements--Continued

K-Flex USA 401(k) Retirement Savings Plan

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Investment Trust (held in Reliance MetLife Stable Value Fund): Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. The Fund consists primarily of a diversified portfolio of Stable Value Investment Contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. The objective of the Fund is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive plan or participant payments.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 6,971,827	\$ 0	\$ 0	\$ 6,971,827
Total assets in fair value hierarchy	\$ 6,971,827	\$ 0	\$ 0	
Investments measured at NAV practical expedient				503,535
Total				<u>\$ 7,475,362</u>

Notes to Financial Statements--Continued

K-Flex USA 401(k) Retirement Savings Plan

NOTE C--FAIR VALUE MEASUREMENTS--Continued

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,092,226	\$ 0	\$ 0	\$ 8,092,226
Total assets in fair value hierarchy	\$ 8,092,226	\$ 0	\$ 0	
Investments measured at NAV practical expedient				410,665
Total				\$ 8,502,891

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there were no transfers of investments into or out of Level 3.

NOTE D--RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Reliance. Reliance is the trustee for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services approximated \$19,600 for the year ended December 31, 2022.

NOTE E--PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE F--TAX STATUS

Effective March 1, 2017, the Company adopted a non-standardized prototype 401(k) profit sharing plan sponsored by Automatic Data Processing. The prototype plan obtained a determination letter dated October 6, 2020, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although, the prototype plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Notes to Financial Statements--Continued

K-Flex USA 401(k) Retirement Savings Plan

NOTE G--RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021, to Schedule H of Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 7,772,502	\$ 8,716,140
Contributions receivable:		
Participants	(23,292)	0
Employer	(11,154)	0
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 7,738,056</u>	<u>\$ 8,716,140</u>

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2022, to Schedule H of Form 5500:

Contributions per the financial statements	\$ 1,068,529
Contributions receivable:	
Beginning of year	0
End of year	(34,446)
Contributions per Schedule H of Form 5500	<u>\$ 1,034,083</u>

Certain amounts in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits have been classified differently between the financial statements and Schedule H of Form 5500. These reclassifications have not affected the change in net assets available for plan benefits or net assets as of December 31, 2022 and 2021.
