INDEPENDENT AUDITORS' REPORT

Plan Trustee
Allied Solutions, LLC 401(k) Plan
Carmel, Indiana

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Allied Solutions 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Allied Solutions 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Allied Solutions 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United State of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Allied Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Allied Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALLIED SOLUTIONS, LLC 401(k) PLAN

Notes to Financial Statements December 31, 2022 and 2021

(1) Plan Description

The following brief description of the Allied Solutions, LLC 401(k) Plan (the Plan) is provided for general informational purposes. Participants should refer to the Plan agreement for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is a defined contribution plan sponsored by Allied Solutions, LLC (the Company), a wholly-owned subsidiary of Minnesota Life Insurance Company (Minnesota Life). Employees who are ages 18 years or older may participate in the Plan upon the first day of the month coinciding with or next following his or her date of employment.

Each year, participants may contribute up to the maximum allowable by the Internal Revenue Code (the Code) of their pre-tax annual compensation as defined in the Plan. The limit was \$20,500 for 2022 and \$19,500 for 2021. The Plan includes an automatic salary deferral feature. The Company will automatically withhold 3% of compensation if a participant does not affirmatively elect to receive cash or have a specified amount contributed to the Plan.

The Plan includes a basic safe harbor contribution contributed on a pay period basis. The basic safe harbor contribution is equal to 100% on the first 3% of contributions, and 50% on the next 2% of a participant's annual compensation contributed to the Plan. The Company may also make an additional discretionary matching contribution. The additional discretionary matching contribution to the Plan is effective and allocated as of December 31 to eligible participants employed as of December 31. There were no additional discretionary matching contributions for the years ended December 31, 2022 and 2021.

Each participant's account is credited with the participant's contribution, Company's basic safe harbor contributions, and an allocation of the Company's additional discretionary matching contribution, if any, and Plan earnings, and is charged with allocations of Plan investment losses. Allocations are based on participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants are vested in their deferred contributions and earnings thereon at the time they are credited to the participant's account. Participants are vested in the Company's basic safe harbor contributions and earnings at the time it is credited to the participant's account.

Participants are fully vested in the Company's discretionary matching and additional discretionary matching contribution portion of their accounts plus actual earnings (or losses) thereon after six years of service, with vesting beginning at 20% after two years. A participant is 100% vested upon reaching age 65, permanent disability, or death while employed by the Company.

The Plan allows participants to elect to make Roth Salary Savings (Roth(k)) contributions in addition to or in place of traditional 401(k) contributions. The Roth(k) contributions will be separately accounted for, as will gains and losses attributable to those Roth(k) contributions, in a Roth(k) account. Participants are 100% vested in their voluntary contributions.

The Plan allows for rollover transfers to be made to the Plan by participants with the consent of the Plan Administrator. These rollover transfers are lump-sum distributions from other tax-qualified plans of previous employers that participants elect to have invested in the Plan within sixty days of receipt.

Notes to Financial Statements (Continued)

(1) Plan Description (Continued)

Contributions are automatically deferred and/or distributed as provided by the Plan upon retirement, disability, hardship or termination of employment of a participant. A participant may elect to withdraw vested amounts for any reason after reaching age 59 ½.

Forfeitures are used to reduce employer contributions. Forfeiture amounts used for 2022 and 2021 were \$0 and \$117,978, respectively. Unallocated forfeiture account balances at December 31, 2022 and 2021 were \$116,845 and \$41,571, respectively.

Participants may request a loan not to exceed the lesser of \$50,000 or 50% of the participant's vested balance. The minimum loan amount is \$1,000. Under terms of the Plan, a Participant may have a maximum of two loans; each loan must be repaid within five years. Interest charged on such loans is calculated at the Wall Street Journal prime rate plus 1.50%. The interest rate charged in 2022 ranged from 4.75% to 7.75% and in 2021 is 4.75%. Principal and interest are paid ratably by monthly payroll deductions or other methods of payments. Participants' loans are referred to as notes receivable from participants in the statement of net assets available for benefits.

Although the Company has not expressed any intent to terminate the Plan or to discontinue contributions, it is free to do so at any time subject to the provisions set forth in the ERISA. If the Plan should terminate at some future time, all participants would become 100% vested in benefits earned as of the termination date. Upon settlement of any outstanding obligations and allocation of any forfeited amounts, the assets of the terminated Plan would be distributed to the participants or transferred to another qualified Plan.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting. Accordingly, participant and employer contributions and investment income are recorded when received, as compared to when earned, and expenses are recorded when paid, as compared to when incurred.

Although the modified cash basis of accounting represents a departure from accounting principles generally accepted in the United States of America, it is an allowable method of accounting for employee benefit plans under the reporting requirements of ERISA.

Plan Assets

Assets of the Plan are deposited under a group annuity contract with Minnesota Life. The deposits are maintained in either the guaranteed return account or in pooled separate accounts.

Deposits in the guaranteed return account are fully benefit-responsive and are stated at contract value which is cost plus accrued interest. Pooled separate account deposits are stated at the underlying fair value of the pooled separate account investments, which consist primarily of mutual funds, fixed maturity securities, equity securities and cash and cash equivalents. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Purchases, transfers, and withdrawals of units of the pooled separate accounts are based on the fair value of the accounts at the date of purchase, transfer, or withdrawal. Purchases and sales of securities are recorded on a trade date basis.

Notes to Financial Statements (Continued)

(2) Summary of Significant Accounting Policies (Continued)

Net appreciation (depreciation) in the fair value of pooled separate accounts is comprised of realized gains (losses) on sales of pooled separate account investments and changes in unrealized appreciation (depreciation) in the fair value of pooled separate account investments based on published security prices.

Fully Benefit-Responsive Investment Contracts

Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as taxable distributions based upon the terms of the Plan. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a taxable distribution is recorded.

Administrative Expenses

A portion of administration expenses of the Plan were paid by the Company.

Benefit Payments

Benefits are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 06, 2023, the date the financial statements were available to be issued.

Notes to Financial Statements (Continued)

(3) Risks

The Plan's financial statements are based on estimates and assumptions that are subject to significant business and economic risks and uncertainties, many of which are beyond management's control or are subject to change. As such, actual results could differ from the estimates used in the Plan's financial statements and the value of the Plan's investments and net assets available for benefits could be adversely affected. The following risks and uncertainties, among others, may have such an effect:

- Economic environment and capital markets-related risks such as those related to interest rates, equity markets and credit spreads.
- Investment-related risks such as those related to valuation.
- Business and operational-related risks such as those related to cyber or other information security.
- Regulatory and legal risks such as those related to changes in tax, fiscal and other legislation, the regulatory environment impact to the Plan and accounting standards.

Management actively monitors and manages risks and uncertainties through a variety of policies and procedures in an effort to mitigate or minimize the adverse impact of any exposures impacting the Plan's financial statements.

(4) Fair Value of Financial Instruments

The fair value of the Plan's financial assets and financial liabilities has been determined by Minnesota Life using available market information as of December 31, 2022 and 2021. Although the Company is not aware of any factors that would significantly affect the fair value of financial assets and financial liabilities, such amounts have not been comprehensively revalued since those dates. Therefore, estimates of fair value subsequent to the valuation dates may differ significantly from the amounts presented herein. Considerable judgment is required to interpret market data to develop the estimates of fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

For reporting purposes, current value is equal to fair value.

Financial Assets and Financial Liabilities Reported at Fair Value

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. In determining fair value, Minnesota Life primarily uses the market approach which utilizes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. To a lesser extent, Minnesota Life also uses the income approach which uses discounted cash flows to determine fair value. When applying either approach, the Company maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of Minnesota Life. Unobservable inputs reflect the Company's estimates about the assumptions market participants would use in valuing financial assets and financial liabilities based on the best information available in the circumstances.

Notes to Financial Statements (Continued)

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value (Continued)

The Plan is required to categorize its financial assets and financial liabilities recorded in the statements of net assets available for benefits according to a three-level hierarchy. A level is assigned to each financial asset and financial liability based on the lowest level input that is significant to the fair value measurement in its entirety. The levels of fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market.

Level 2 – Fair value is based on significant inputs, other than quoted prices included in Level 1, that are observable in active markets for identical or similar assets and liabilities.

Level 3 – Fair value is based on at least one or more significant unobservable inputs. These inputs reflect the Company's assumptions about the inputs market participants would use in pricing the assets or liabilities.

Minnesota Life uses prices and inputs that are current as of the measurement date. In periods of market disruption, the ability to observe prices and inputs may be reduced, which could cause an asset or liability to be reclassified to a lower level.

Refer to note 2 Summary of Significant Accounting Policies for additional information on techniques used to measure fair value and any changes in those techniques during 2022.

The following table summarizes the Plan's financial assets and financial liabilities as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	\$ —	\$ 71,831,164	\$ —	\$ 71,831,164
Total financial assets	\$ —	\$ 71,831,164	\$ —	\$ 71,831,164

The following table summarizes the Plan's financial assets and financial liabilities as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	\$ —	\$ 81,003,207	\$ —	\$ 81,003,207
Total financial assets	\$ —	\$ 81,003,207	\$ —	\$ 81,003,207

Investments in pooled separate accounts

Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: mutual funds, fixed maturity securities, equity securities and cash and cash equivalents.

There were no transfers into or out of Level 3 for the years ended December 31, 2022 and 2021.

The Plan did not have any financial liabilities that would be required to be measured at fair value.

The Plan did not have any financial assets or liabilities reported at fair value on a nonrecurring basis that are required to be disclosed.

Notes to Financial Statements (Continued)

(5) Investments

Minnesota Life Insurance Company, the custodian of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the related investment activity reflected in the statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

(6) Fully Benefit-Responsive Investment Contracts with Insurance Company

The Plan holds a fully benefit-responsive investment contract with Minnesota Life. Minnesota Life (the Issuer) maintains the contributions in a guaranteed return account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events, such as sale of a division, plant closure, or lay-off that results in distributions exceeding a set amount. The contract limits the circumstances under which the Issuer may terminate the contract. Examples of circumstances which would allow the Issuer to terminate the contract includes the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, the Issuer could terminate the contract at amounts less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contractual value is not probable.

(7) Party-In-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are prohibited under ERISA unless a specific exemption applies. Minnesota Life is a party-in-interest as defined by ERISA and receives deposits under the Plan in accordance with the group annuity contract issued to the Plan Trustees. These transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the Code. During 2022 and 2021, the Plan paid administrative fees of \$23,030 and \$19,816, respectively, to Minnesota Life which qualify as party-in-interest transactions.

(8) Federal Income Taxes

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the Plan is designed in compliance with the applicable sections of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan sponsor and the Plan's legal counsel believe the Plan is being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The modified cash basis of accounting requires plan management to evaluate if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
