INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Retirement Plan Committee of
GF Health Products, Inc. Employees 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the GF Health Products, Inc. Employees 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 1. Description of Plan**

The following description of GF Health Products, Inc. Employees 401(k) Plan (the plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General:

The plan, originally established February 1, 1996, is a defined contribution plan covering all employees of the company who are 21 or older, have completed at least 60 days of service, and are not employed in a Puerto Rico facility. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees may enter the plan on the first day of the month after meeting eligibility requirements. All eligible employees who have not elected a deferral percentage or opted out of the Plan, will automatically have compensation deferred at a rate starting at 6% and increased automatically on January 1st of every year until their deferral equals at least 8%.

Contributions:

Participants may contribute a percentage of their pre-tax annual compensation, as defined in the plan, as well as post-tax Roth contributions, as voluntary contributions in accordance with the provisions of Section 401(k) of the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Matching is to be made for all persons who were active participants at any time during a pay period. The employer matches 50% of the participants' elected deferrals, up to \$1,000 per year. Qualified nonelective contributions may be made at the Board of Trustees' discretion.

Participant accounts:

Each participant's account is credited with the participant's contribution and an allocation of the employer's contribution and plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the employer's contributions portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 1. Description of Plan (continued)****Forfeited accounts:**

Forfeitures are retained in the plan and will first be used to reduce the earliest employer contributions made after the forfeitures are determined. Any forfeitures that have not been used to reduce employer contributions shall be applied to pay administrative expenses. In 2022, forfeitures of \$16,918 were used to reduce the employers matching contribution. At December 31, 2022, unallocated forfeitures totaled \$1 (\$1,790 at December 31, 2021).

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rates between 4.25% and 7.25%, which are commensurate with local prevailing rates charged at commercial institutions for similar loans at that time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits:

Upon retirement, death, or disability, a participant or beneficiary may elect to receive either a lump sum amount equal to the value of his or her account, or regular periodic installments, as provided for by the plan.

Upon termination of services for a reason other than normal retirement, death, or disability, a participant may elect to receive the value of the vested interest in his or her account as provided for by the plan. In the event of a hardship as defined by the plan, participants may withdraw an amount not to exceed the total of all their elective deferral contributions, matching contributions other than qualified matching contributions, additional contributions, and discretionary contributions as provided for by the plan. Effective August 15, 2020, hardship distributions may also be made from qualified nonelective and qualified matching contribution accounts. Participants may also make withdrawals prior to termination after attaining age 59 1/2.

Participants, spousal beneficiaries, and alternate payees who have a distributable event that would meet the requirements of an eligible rollover distribution are allowed an in-plan conversion of non-Roth accounts to Roth accounts.

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 2. Significant Accounting Policies****Basis of accounting:**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative expenses:

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses and certain participant-requested service fees are included in administrative expenses and charged directly to the participant's account.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS****Note 3. Excess Contributions**

The plan failed the discrimination tests for the years ended December 31, 2022 and 2021. At December 31, 2022 and 2021, excess contributions amounting to \$6,118 and \$20,961, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a corresponding distribution for 2022 and 2021. The plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023. The plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022 in accordance with the Internal Revenue Code (IRC).

Note 4. Related Party Activity

Certain plan investments are management by John Hancock Trust Company, LLC. John Hancock Trust Company, LLC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan pays administrative fees to John Hancock Retirement Plan Services (an entity related to John Hancock Trust Company, LLC through common ownership) which totaled \$64,381 for the year ended December 31, 2022, and is included in the Statement of Changes in Net Assets Available for Plan Benefits. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 5. Information Prepared and Certified by Custodian

The following information was compiled from data certified by the custodian, John Hancock Trust Company, LLC, as being complete and accurate:

- A. Investments included in the Statements of Net Assets Available for Benefits - December 31, 2022 and 2021.
- B. Investment income included in the Statement of Changes in Net Assets Available for Benefits - Year Ended December 31, 2022.
- C. Investment information included in Schedule of Assets Held at End of Year.

Note 6. Risks and Uncertainties

The plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 8. Income Tax Status

The Plan adopted a prototype basic plan document which received an opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the prototype basic plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Any employer adopting this form of the plan will be considered to have a plan qualified under the applicable section of the IRC. Therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Fair Value Measurements

The Plan's investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

GF HEALTH PRODUCTS, INC. EMPLOYEES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 9. Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as quoted by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

Stable value fund: The net asset value (NAV) for each unit class of the trust is calculated daily by dividing the net assets applicable to each unit class by the respective number of units outstanding for the class. Deposits to and withdrawals from the trust may be made daily at the current net asset value (NAV) per unit. Each unit is equal in value to every other unit.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Description	December 31, 2022
