INDEPENDENT AUDITORS' REPORT

To the Trustees of
DRA Advisors LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of DRA Advisors LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of DRA Advisors LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of DRA Advisors LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about DRA Advisors LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial

statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DRA Advisors LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about DRA Advisors LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

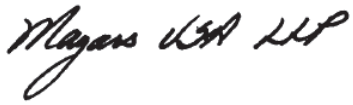

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is a supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

mazars

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the DRA Advisors LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information. Participants should refer to the plan document for more complete information.

The Plan was amended and restated as of November 9, 2021.

General and Eligibility
The Plan is a defined contribution plan. It is sponsored and administered by DRA Advisors LLC ("DRA"). The Plan covers all eligible employees who are age 21 or older. Employees become eligible to participate in the Plan immediately upon completion and processing of enrollment documentation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During 2020, the Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (The CARES Act), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. In accordance with the CARES Act, the Plan will be amended and restated at a later date to retroactively adopt these provisions. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions:

- Special coronavirus distributions up to $100,000
- Extend the period for loan repayments, if applicable, up to one year.

Contributions
Each participant may contribute a percentage of their pre-tax compensation up to a maximum of 100% of the participant's eligible compensation, subject to certain limits imposed by the Internal Revenue Code("IRC"). In addition, the plan allows for employees to make after tax ROTH contributions to the plan subject to IRC limits. The maximum allowable participant contribution was $20,500 for the year ended December 31, 2022. Participants who have attained age 50 by the end of the plan year can make additional catch-up contributions up to $6,500.

Participants may also contribute amounts representing distributions (rollovers) from other qualified retirement plans.

The Plan Sponsor may contribute additional discretionary amounts at the discretion of the board of directors on an annual basis. No additional amounts were contributed to the plan during the year ended December 31, 2022.

For the year ended December 31, 2022, the Board of Directors authorized three percent match of eligible compensation.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant, or his or her beneficiary, may elect to receive a lump-sum distribution of his or her entire account balance or a portion of the account balance. For termination of service for other reasons, the participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution of his or her entire account balance or a portion of the account balance.

Participant Accounts
Each participant account is credited with the participant's contributions and allocations of (a) the Company's contributions, and (b) Plan earnings (losses), and charged with an allocation of administrative expenses that are paid by the Plan.

Participants direct the investment of their participant contributions, employer contributions and earnings thereon into investment options offered by the Plan.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in discretionary matching contributions is based on years of service. A participant vests 20% per year for each year of service and is 100% vested after 5 years. In the event the Plan is terminated, matching contributions to the participants' accounts will become fully vested. Upon reaching normal retirement, disability or death, a participant account also becomes fully vested.

Forfeitures
Forfeitures of the non-vested portion of terminated participant accounts may be used to pay the Plan's expenses and/or to reduce employer matching contributions. During the year ended December 31, 2022, $25,832 of forfeiture account was used to pay for a portion of employer matching contributions, and $28,809 was added to the forfeiture account. The Plan's forfeiture account balance was approximately $79,945 and $67,254 as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates determined by the plan administrator (ranging from 4.25% to 8.00% as of December 31, 2022). Loans are repayable through periodic payroll deductions or by check or money order whenever payroll withholdings are not possible, over a period generally ranging up to 60 months. Loans for the purchase of a primary residence can be repaid over a reasonable period of time that may exceed 60 months. The outstanding loans have a maturity date through December 2027.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Preparation
The financial statements of the plan are prepared on the accrual basis of accounting.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the reporting period and, when applicable, disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in mutual funds are stated at fair value as measured by quoted prices in an active market. Fair value is the price received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines its valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion on fair value measurements. Fully benefit-responsive annuity contracts are stated at contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the date received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Management fees and operating expenses charged to the participants accounts for investments in mutual funds and fully benefit-responsive annuity contracts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Subsequent Events
The Plan has evaluated subsequent events and transactions through July 20, 2023, the date that the financial statements were available to be issued and concluded that no additional disclosures were required.

3. Information Certified by the Plan's Custodians and Trustees

The Plan's financial statements and supplemental schedule as of December 31, 2022 and 2021 and for the year ended December 31, 2022, were prepared and derived from information provided by Empower Life & Annuity Insurance Company of New York and Empower Trust Company LLC, custodian and trustees of the Plan, and furnished to the plan administrator.

In accordance with the provisions of 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustees have certified as complete and accurate all the investment information included in the accompanying financial statements and the supplemental schedule. Information included in the accompanying financial statements relating to investment and income derived therefrom was prepared by or derived from information prepared by the trustees of the Plan and furnished to the Company. The Company has obtained certifications from the trustees as of December 31, 2022 and 2021 and for the year ended December 31, 2022, that such information is complete and accurate. Such information includes investments at fair value, investments at contract value, notes receivable from participants, interest on notes receivable from participants, dividend income, interest income, and net appreciation in fair value of

investments as shown in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits.

4. Fair Value Measurements

The Plan's mutual funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full-term of the asset or liability.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The following is a description of the valuation methodologies used for assets measured at fair value.

- Mutual funds: Valued at quoted prices reported in an active market at year-end.

The preceding valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$46,839,383	$ -	$ -	$46,839,383
Total investments at fair value	$46,839,383	$ -	$ -	$46,839,383

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$60,440,021	$ -	$ -	$60,440,021
Total investments at fair value	$60,440,021	$ -	$ -	$60,440,021

5. **Group Annuity Contract**

The Plan is party to an annuity contract with Empower Life & Annuity Insurance Company of New York, whereby it maintained certain of the Plan's contributions in a group annuity account. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at contract value on the face of the statements of net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise.

Certain events could limit the ability of the Plan to transact at contract value with Empower Life & Annuity Insurance Company of New York. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsors or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

6. **Party-in-Interest Transactions**

Certain Plan investments were managed by its trustees and, therefore, transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Additionally, expenses paid for investment advisory and auditing fees are paid by the Plan. For the year ended December 31, 2022, total administrative expenses were $40,823.

7. **Tax Status**

The Plan obtained its latest opinion letter in June 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the opinion letter, however, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on technical merits, to not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by

the Plan and has concluded, as of December 31, 2022 and 2021, that there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

8. **Risks and Uncertainties**

The Plan has contracts with its trustees that encompass various investment instruments, including mutual funds and group annuity accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

9. **Plan Termination**

Although it has not expressed any intent to do so, DRA has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.
