INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Grossenburg Implement, Inc. Retirement Savings Plan
Winner, South Dakota

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Grossenburg Implement, Inc. Retirement Savings Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of October 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended October 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of October 31, 2022 and 2021 and for the year ended October 31, 2022, stating that the certified investment information, as described in Notes 1 and 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures related to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain other internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GROSSENBURG IMPLEMENT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

OCTOBER 31, 2022 AND 2021

(1) Summary of Significant Accounting Policies

Nature of Business of Plan Sponsor

Grossenburg Implement, Inc. and Rosebud Concrete, Inc. (collectively, the Companies or Plan Sponsor) are engaged in the sales of farming equipment and provide construction services. The Companies sponsor the Grossenburg Implement, Inc. Retirement Savings Plan (the Plan), a defined contribution plan for the employees of the Companies.

Basis of Accounting

The financial statements of Grossenburg Implement, Inc. Retirement Savings Plan are prepared using the accrual method of accounting.

Risks and Uncertainties

The Plan provides for various investment options. Investments are exposed to various risks, such as interest, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Market volatility of equity-based investments may substantially impact the value of such investments at any given time. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. It is possible that the value of the Plan's investments, both in total and in individual participant accounts, has changed significantly since October 31, 2022.

Investment Valuation and Income Recognition

The Plan's investments, except as defined below, are stated at fair value on a recurring basis as determined by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the Trustee) (Notes 3 and 8). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as received.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fully benefit-responsive investment contracts are reported as Guaranteed Investment Contracts (GIC) within the notes to the financial statements.

Net Change in Fair Value

The net change in fair market value of investments is composed of the realized gains and losses in securities that were sold or otherwise disposed of during the year and the unrealized gains and losses in securities held at the end of the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts and disclosures reported in the financial statements. Actual results could differ from those estimates.

GROSSENBURG IMPLEMENT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) OCTOBER 31, 2022 AND 2021

(1) Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan Sponsor has evaluated significant subsequent events through June 5, 2023, the date which financial statements were available for issue.

(2) Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit-sharing plan covering all employees, other than those covered by a collective bargaining agreement, non-resident aliens, and leased employees of the Companies. Employees at Grossenburg Implement, Inc. and Rosebud Concrete, Inc. are eligible to participate in the Plan. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the Companies who have completed six months of service and are 18 years of age or older are eligible to participate in the Plan. Excluded from participation are leased employees, independent contractors, and part-time, temporary, or seasonal employees regularly scheduled to work less than 1,000 hours in a calendar year.

Contributions

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan, up to certain limits as established by the Internal Revenue Service. The Plan allows for discretionary profit-sharing and discretionary matching contributions by the Companies. During each of the years ended October 31, 2022 and 2021 the Companies made discretionary profit-sharing contributions. Participants may roll over amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at six percent of eligible compensation and their contributions invested in the respective target date fund until changed by the participant.

The Plan allows Roth elective deferrals. Contributions to Roth 401(k) accounts are made on an after-tax basis and contributions to a Roth 401(k) account are included in the participant's gross income. Future distributions of Roth elected contributions and earnings thereon will not be taxed, if certain criteria are met. Roth elective deferrals to the Plan are permanently designated as Roth elective deferrals in participant accounts. The participants' Roth deferrals and gains and losses attributable to such deferrals are accounted for separately.

GROSSENBURG IMPLEMENT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) OCTOBER 31, 2022 AND 2021

(2) Description of the Plan (Continued)

Payment of Benefits

Upon termination of service, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or one of various annuities. Benefits less than \$1,000 are distributed as soon as administratively feasible after the participant's termination of employment. Vested benefits greater than \$1,000 but less than \$5,000 are rolled over into an individual retirement account.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Companies' profit-sharing contributions, and plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined.

Investment Options

Participants direct their account balance to selected investments as made available and determined by the plan sponsor. Participants may change their investment options and terminate contributions at any time throughout the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The portion of the participant's account attributable to the Companies' profit-sharing and matching contributions becomes 20 percent vested after two years of credited service, as defined, and continues to vest at the rate of 20 percent for each successive year of service until 100 percent vested after six years of credited service, or if less than six years, upon reaching normal retirement age, disability, death, or upon termination of the Plan.

Forfeitures

Non-vested account balances are forfeited unless participants return to employment and contribute the distribution received at termination within a specified time. The Plan allocates forfeitures to reduce future Company contributions and plan expenses. Forfeitures of **\$11,378** and \$4,789 were used to pay administrative expenses during the years ended October 31, 2022 and 2021, respectively.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee receives compensation from the Plan. The Companies have, at its discretion, absorbed certain other administrative expenses pertaining to the Plan. If not paid by the Companies, these administrative expenses become the responsibility of the Plan.

(3) Information Certified by Trustee

The Plan's investments are held by the Trustee who performs all accounting functions associated with the Plan's investments. The fair value of investments at October 31, 2022 and 2021 is determined by the Trustee (Note 8).

The Plan is administered by the Companies. The Plan investments include collective investment trust, pooled separate accounts, and a guaranteed investment contract held and managed by the Trustee (Note 7).

GROSSENBURG IMPLEMENT, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

OCTOBER 31, 2022 AND 2021

(3) Information Certified by Trustee (Continued)

In accordance with Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator has received certification from the Trustee as to the accuracy and completeness of certain financial information of the Plan as of and for the years ended October 31, 2022 and 2021. The Trustee has certified information contained in the following:

Statements of Net Assets Available for Benefits (except for receivables)

Statement of Changes in Net Assets Available for Benefits (except for contributions, administrative expenses, and benefits paid to participants)

Schedule of Assets Held at End of Year

The Plan invests in common collective trusts, pooled separate accounts and a guaranteed investment contract with underlying assets consisting of any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks.

(4) Income Tax Status

The Plan adopted a non-standardized form of a prototype plan sponsored by Principal Life Insurance Company. The prototype plan has received an opinion letter dated June 30, 2020, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

(5) Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their entire account.

(6) Participant Withdrawals

Vested, undistributed account balances of separated Plan participants totaled approximately **\$5,513,000** and \$3,831,000 at October 31, 2022 and 2021, respectively.

(7) Guaranteed Investment Contract

The Plan holds a traditional fully benefit-responsive guaranteed investment contract with the Trustee totaling **\$2,845,712** and \$2,005,963 at October 31, 2022 and 2021, respectively. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent or greater than 3 percent. The crediting rate was **1.60%** and 1.55% as of October 31, 2022 and 2021, respectively. The crediting rate is reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

(7) Guaranteed Investment Contract (Continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

(8) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level One: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access
- Level Two: inputs include
 1. quoted prices for similar assets or liabilities in active markets;
 2. quoted prices for identical or similar assets or liabilities in inactive markets;
 3. inputs other than quoted prices that are observable for the asset or liability;
 4. inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level Three: inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2022 and 2021.

(8) Fair Value Measurements (Continued)

Pooled Separate Accounts: Fair Value represents the value of the fund shares, which is calculated daily based on the valuation of the funds' underlying investments at fair value. The pooled separate accounts invest mainly in mutual funds, domestic stocks, international stocks, and fixed securities.

The following tables present the assets carried at fair value as of October 31, 2022 and 2021 in the accompanying statements of net assets available for benefits by fair value hierarchy. All are measured on a recurring basis.

October 31, 2022	Level One	Level Two	Level Three	Total
Pooled Separate Accounts	\$ -	\$ 11,357,758	\$ -	\$ 11,357,758
Total Assets in the Fair Value Hierarchy	-	11,357,758	-	11,357,758
<i>Investments Measured at Net Asset Value *</i>	-	-	-	18,665,356
	\$ -	\$ 11,357,758	\$ -	\$ 30,023,114

October 31, 2021	Level One	Level Two	Level Three	Total
Pooled Separate Accounts	\$ -	\$ 13,299,467	\$ -	\$ 13,299,467
Total Assets in the Fair Value Hierarchy	-	13,299,467	-	13,299,467
<i>Investments Measured at Net Asset Value *</i>	-	-	-	21,527,408
	\$ -	\$ 13,299,467	\$ -	\$ 34,826,875

*In accordance with FASB Subtopic 820-10, certain investments measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Collective Investment Trust: The collective investment trusts are composed of mutual funds, pooled separate accounts, and collective investment contracts issued by both Principal and multiple sub-advisors. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) occur daily.

Net Assets Available for Benefits-Form 5500	<u><u>\$ 32,868,826</u></u>	<u><u>\$ 36,832,838</u></u>

The following schedule reconciles changes in 2022 net assets available for benefits as stated in the financial statements to Form 5500:

Change in Net Assets Available for Benefits	
Financial Statements	\$ (3,849,012)
Add: Contribution Receivable at October 31, 2021	1,225,000
Less: Contribution Receivable at October 31, 2022	<u>(1,340,000)</u>
Change in Net Assets Available for Benefits-Form 5500	<u><u>\$ (3,964,012)</u></u>

(10) Related Party Transactions

Fees for legal and professional services rendered to the Plan may be paid by the Companies at their discretion. Certain plan investments are shares of pooled separate accounts, collective investment trusts, and a guaranteed investment contract managed by the Trustee at October 31, 2022 and 2021.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
