Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions
Spokane, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its' form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 - Description of Plan

The following brief description of the Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Wheatland Bank, a wholly owned subsidiary of Community Financial Group, Inc. (collectively the Company) established the Plan effective as of January 1986. The Plan operates, in relevant part, as a leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 (IRC), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2018, the plan purchased Community Financial Group, Inc. common stock using the proceeds of a note (Note 8) and held the common stock in a trust established under the Plan. As the Plan made debt payments, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under IRC.

The borrowing was collateralized by the unallocated shares of stock and was guaranteed by the Company. The lender has no rights against shares of the stock once allocated to participants in accordance with the terms of the ESOP. With the note matured and paid in full during 2021, all shares were allocated to participants. Accordingly, there were no unallocated shares to require separate presentation pertaining to allocated and unallocated assets and liabilities.

Eligibility

Employees are eligible to participate in the Plan if they are 18 years of age. Employees are eligible for employer discretionary contributions if they have completed one year of service and if they are 18 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service.

Entry Date

Employees may enter the Plan on the first day of the quarter coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company contributes a discretionary matching contribution of a percentage of the total deferral that a participant contributes to the Plan. For the year ending December 31, 2022, the matching amount was 25%. Participants must be an eligible employee and be employed on the last working day of the Plan year to receive the matching contribution. Additional amounts may be contributed at the discretion of the Company's board of directors. The contributions are allocated according to the pro rata share of each participant's compensation to total eligible compensation. The Plan may also be funded by dividends. There was a 6% stock dividend contributed to the Plan during the year ended December 31, 2022. In February 2023, the board of directors declared another 6% stock dividend contributed to the Plan effective for the 2023 Plan year, which was paid on March 29, 2023.

Voting Rights

The Trustees shall vote all Company stock held by it as part of the Plan assets provided it is not required for individual participants to vote. Certain transactions require the vote of each participant with respect to corporate matters which involve the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of trade or business, or such similar transactions as prescribed in Regulations.

Put Option

Under federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option subject to certain conditions provided in the Plan. The put option is a right to demand that the Company buy any shares of its stock distributed to a participant that are not readily tradable on an established market. The put price is representative of the fair market value of the stock. The repurchase can occur either over a period of five years or in a lump sum payment at the discretion of the Company. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2022 and 2021

Investment Options

Upon enrollment to the Plan, a participant may direct the investment of their deferrals and Company contributions in Company common stock or in other available investment options. Once participants elect to utilize deferrals to invest in Company common stock, they do not have the option to change this investment until they are eligible for diversification. Participants may change their other available investment options daily.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in their Company matching contributions on December 31 of the Plan year plus actual earnings thereon, if they have completed a year of service and are employed on the last day of the year. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited service as set forth in the following table:

<u>Participants Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants are 100% vested in their account balances upon retirement, death or disability.

Forfeitures

At December 31, 2022 and 2021, there was no balance in the forfeited non-vested account as all forfeitures are used in the same year they are forfeited. Forfeited accounts are used to reduce employer contributions or allocated to eligible participants. During the year ended December 31, 2022, there were no forfeited non-vested accounts that were allocated to eligible participants. Allocations are based on a participant's eligible compensation, relative to the total eligible compensation.

Notes Receivable from Participants

Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The loan interest rate is a fixed rate, determined by the Plan Administrator, is commensurate with local prevailing rates at the time funds are borrowed. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence, in which case a longer repayment period may be permitted.

Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements
December 31, 2022 and 2021

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination, death or disability. Payment of benefits that include Company common stock will be paid out as a lump-sum or in annual installments as defined by the Plan document. A terminated employee with a balance of less than \$1,000 will be automatically paid out by the Plan upon termination. In-service distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ and 100% vested in the account, or hardship distribution, as defined in the Plan document, however such distributions are not permitted with respect to Company common stock.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions. Upon termination of the Plan, the ESOP committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale will be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements
December 31, 2022 and 2021

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and other third parties. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings (losses) reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings (losses) on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements and amounted to \$32,051 and \$25,688 for the years ended December 31, 2022 and 2021, respectively. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net asset available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements
December 31, 2022 and 2021

Note 3 - Investments

The Plan's investment in Company common stock at December 31, 2022 and 2021 are as follows:

	2022	2021
Number of Shares	210,682	190,144
Cost	\$ 6,196,816	\$ 5,326,170
Fair Value	\$ 7,689,893	\$ 7,795,904

During 2022, the Plan purchased 9,147 shares of Community Financial Group, Inc. (CFG) common stock for \$353,806.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements
December 31, 2022 and 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts – Valued at fair value based on the net asset value (NAV) of the units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

Guaranteed investment contract – The fair value of the non fully benefit responsive guaranteed investment contract is measured using an income approach and discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Company common stock – The fair value of the Company common stock held in the Plan is valued at estimated fair value based upon an independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities, including discounts for lack of controls and lack of marketability.

An independent appraiser determines the fair value measurement policies and procedures, subject to oversight by the trustee. Those policies and procedures are reassessed at least annually to determine if the current valuations techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted as necessary, based on current market conditions and other third-party information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Wheatland Bank Employee Stock Ownership Plan with 401(k) Provisions

Notes to Financial Statements
December 31, 2022 and 2021

Note 5 - Certified Information

Other than the Company's stock and related dividends and depreciation in fair value, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Minnesota Life Insurance Company (the custodian of the Plan). Company stock of \$7,689,893 and \$7,795,904 as of December 31, 2022 and 2021, respectively, and related dividends and depreciation in fair value of \$459,817 for the year ended December 31, 2022 were not certified by the custodian.

Note 6 - Contract with Insurance Company

The Plan entered into an investment contract with Minnesota Life Insurance Company. As part of the contract, Minnesota Life Insurance Company maintains a portion of the contributions in a guaranteed account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Minnesota Life Insurance Company. The guaranteed account is included in the financial statements at fair value.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated May 12, 2015, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Subsequent to the issuance of the determination letter, the Plan was amended. However, the Company and Plan management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan and the related trust continue to be tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Note Payable

In December 2018, the Plan entered into a \$230,000 term loan agreement with CFG. The proceeds of the loan were used to cover the Plan's distribution obligations. The loan agreement bore interest at 4.90% and matured and was paid in full in December 2021. This resulted in 2,522 shares being released and allocated for the Plan year ended December 31, 2021.

Note 9 - Related Party and Parties-in-Interest Transactions

Certain Plan investments are pooled separate accounts and general accounts managed by Minnesota Life Insurance Company, the custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Certain Plan investments are shares of Company common stock and participants receive dividends from these shares. These are related party and exempt party-in-interest transactions.

Note 10 - Risks and Uncertainties

The Plan investments consist of various investment securities and the Company's common stock. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. The Company's common stock is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Due to the level of risk associated with certain investment securities, common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the values of investment securities and common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 11 - Right of First Refusal

Company stock that has been distributed to a participant and not immediately repurchased by the Company or Trust, may be subject to a right of first refusal if so, determined by the Company. Prior to any subsequent transfer, the shares must first be offered by written offer to the Company, and then, if refused by the Company, to the Trust at the same selling price offered by a third party.

Note 12 - Subsequent Events

Effective January 1, 2023, the recordkeeping business of Securian Financial was acquired by The Standard Life Insurance Company.

The Plan sponsor has evaluated subsequent events through June 29, 2023 the date which the financial statements were available to be issued.
