The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

A member firm of Ernst & Young Global Limited

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Information for Form 5500, Schedule C
For January 1, 2022 - December 31, 2022

**The other service providers listed in this report are those to whom fees have been paid from your plan account(s) at Schwab during the year, at the specific direction of the plan fiduciary or other authorized party. Such fees reported may not represent all amounts that were paid by the plan to these providers. If available, the Employer Identification Numbers ("EINs") listed were provided to us at the time of payment. You should contact these providers for disclosure of their services and fee schedules. If you have retained additional service providers for this plan that are not listed in this report or other fees that were paid from the plan and not specifically disclosed separately from other plan transactions, you may want to contact such other service providers for more information. For example, if the Plan permits a participant self directed brokerage option and a broker, investment advisor or other financial service provider has been authorized to direct investments and charge a fee / commission you will need to contact the broker, investment advisor or other financial service provider for a report summarizing such fees. If Schwab were directed to separately pay a fee to a broker, investment advisor or other financial service provider such payment will be reflected in the list of direct payments to other service providers. However, if a broker, investment advisor or other financial service provider reduces a settled trade amount by the broker, investment advisor or other financial service provider's fee / commission, Schwab may not be privy to such fee / commission amount and you will need to obtain a summary of such fees from the broker, investment advisor or other financial service provider.

1. Plan Description (continued)

Contributions

For all non-union participants, a salary deduction feature allows participants to defer up to a maximum of 100% of gross pay through payroll deductions within the meaning of Section 415(c)(3) of the Code for the limitation year (the allowable Internal Revenue Service (IRS) annual maximum of $20,500 and $19,500 for 2022 and 2021, respectively). The salary deduction can be a pretax deduction or an after-tax Roth 401(k) contribution. Employees age 50 and older by the end of the plan year are eligible to make catch-up contributions. The annual maximum total of catch-up contributions was $6,500 in 2022 and 2021. Participants may also contribute rollover amounts representing distributions from other qualified benefit plans.

The Plan also provides for elective deferrals of profit-sharing awards. Employees can elect to have up to 100% of their profit-sharing awards deferred into the Plan.

Company contributions are made each pay period. All employees who were hired prior to January 1, 2008, excluding employees of EMCO Enterprises, LLC; Weiland Sliding Doors and Windows, Inc.; and Eagle Window and Door, LLC receive a matching contribution of $0.50 for each $1.00 the employee contributes up to a maximum of 4% of pay.

All Weiland Sliding Doors and Windows, Inc. associates and all non-union employees from EMCO Enterprises, LLC and Eagle Window and Door, LLC, and all employees hired or rehired after December 31, 2007, receive a fixed company contribution of 4% of eligible earnings and a matching contribution of $0.50 for each $1.00 the employee contributes up to a maximum of 6% of pay.

All employees employed on the last day of the year may receive a true-up match contribution if some of the employee deferrals have not previously been matched.

The Company may make discretionary contributions to the Plan that are allocated to all eligible participants based on eligible earnings. For the 2022 and 2021 plan years, the Company made no discretionary contributions.

1. Plan Description (continued)

Separate from the provisions described above, eligible employees of EMCO Enterprises, LLC covered by the collective bargaining agreement receive a fixed company contribution of 2% of eligible earnings and a matching contribution of 25% of deferred salary contributions up to a maximum annual match of $2,500 per eligible employee per year. Eligible employees of Andersen Distribution, Inc. covered by the collective bargaining agreement receive a fixed company contribution of 2% of eligible earnings and a matching contribution of $0.50 for each $1.00 the employee contributes up to a maximum of 4% of pay. The company contributions are pursuant to the collective bargaining agreement covering employees of EMCO Enterprises, LLC and Andersen Distribution, Inc.

Vesting

The participants' accounts are fully vested at all times in their employee deferral, rollover, and fixed company contribution accounts. Employees active on or before December 31, 2007; Weiland Sliding Doors and Windows, Inc. employees active on January 1, 2014; and the EMCO Enterprises, LLC participants covered by the collective bargaining agreement are 100% vested in company matching contributions. EMCO Enterprises, LLC and Andersen Distribution, Inc. participants covered by the collective bargaining agreement are 100% vested in the company fixed contribution and the company matching contributions. Employees hired after December 31, 2007, will be 100% vested in the company matching contributions after three years of continuous service.

All non-union employees hired after April 1, 2015, will be 100% vested in their employer fixed contribution and in the company matching contributions after completing three years of continuous service.

Forfeitures

When certain terminations of plan participants occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized first to restore reinstated participants' balances, and then to either pay expenses of administering the Plan or to reduce the Company's contribution for the plan year. If the participant is reemployed and fulfills certain requirements, as defined in the Plan, the participant's account will be reinstated. Forfeitures' ending balances were $843,488 and $1,869,694 for the plan years ended December 31, 2022 and 2021, respectively. Forfeitures used were $3,392,979 and $1,410,693 for the plan years ended December 31, 2022 and 2021, respectively.

1. Plan Description (continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, if any, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Distribution of a participant's account can occur on termination of employment, for in-service withdrawals for participants who have attained age 59½, or through hardship withdrawals requiring administrative approval as explained in the plan document. A lump-sum payment will be made for all distributions of participants' accounts with a balance of less than $5,000 as soon as practicable. Participants who terminate employment with a balance of greater than $5,000 may request a distribution in a lump-sum payment or installments.

The Coronavirus Aid, Relief, and Economic Security Act was enacted on March 27, 2020, and provided for special distribution options and rollover rules for retirement plans and individual retirement accounts and expands permissible loans from certain retirement plans. The Plan implemented the special distribution options, effective April 15, 2020.

The Required Minimum Distribution (RMD) age for the Plan was changed to 72 for those participants who did not reach age 70½ before January 1, 2020. For those participants who had reached age 70½ before January 1, 2020, the RMD age remained at 70½.

1. Plan Description (continued)

Participant Loans and Hardship Withdrawals

The Plan allows participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the highest loan balance in the last 12-month period. Loan terms range from 1 to 5 years, or, if the loan is used to acquire a principal residence, the payment terms can be 15 years. Participants are allowed only one outstanding loan. The loans are secured by the vested balance in the participant's account and bear interest rates at the prevailing national prime rate plus 1% at the last business day of the month. Principal and interest are paid through payroll deductions, or, if a participant terminates employment with the Company, the participant may continue to make loan payments directly to the trustee. If the loan is not repaid, the loan will be defaulted and be treated as a distribution to the participant.

Subject to the limitations of the Code, participants may make hardship withdrawals from a portion of their 401(k) contributions to pay for an immediate and heavy financial need.

Administrative Expenses

Administrative expenses are paid by the Plan except for certain minor expenses, which are paid by the Company.

Plan Termination

It is expected that the Company will continue the Plan indefinitely, but it reserves the right to terminate the Plan at any time subject to the provisions of ERISA and applicable collective bargaining agreements. If the Plan is terminated, the participants will become 100% vested and the trustee shall continue to hold the trust funds and to distribute the participants' accounts as if the Plan had not terminated.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

As assets of the Plan are reported at fair value in the financial statements, the statements of changes in net assets available for benefits reflect both realized gains and losses and unrealized appreciation and depreciation in fair value of investments. Purchases and sales are recorded on a trade date basis. Interest income is recorded as earned. Dividends are recorded when received. Other (loss) income primarily consists of net appreciation (depreciation), dividends, and interest related to the Plan's self-directed brokerage accounts held by individual plan participants totaling $(11,518,761) and $6,653,655 for the years ended December 31, 2022 and 2021, respectively.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

3. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net (depreciation) appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Charles Schwab Bank, the trustee of the Plan.

4. Fair Value Measurements

Fair value is defined as the amount that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. Fair value measurements should maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs market participants would use in valuing the asset or liability and are developed based on market data obtained from independent sources. Unobservable inputs are inputs that reflect the Plan's assumptions about the factors market participants would use in valuing the asset or liability. Assets and liabilities recorded at fair value are categorized using a defined fair value hierarchy that prioritizes the inputs used to measure fair value. Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

Fair value measurements are categorized as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Quoted prices in active markets for similar assets or liabilities that are observable for the full term of the asset or liability

Level 3 – Prices or valuation techniques requiring significant unobservable inputs

4. Fair Value Measurements (continued)

The following methods and assumptions were used to estimate the fair value of each class of financial instrument:

Individual brokerage accounts invest in shares of publicly traded securities and are stated at quoted market prices.

Common/collective trusts are investments with readily determinable market values, based on published market prices.

The following table presents investments measured at fair value on a recurring basis as of December 31:

	Level 1	Level 2	Level 3	Total
2022				
Investments at fair value:				
Individual brokerage accounts	**$ 49,554,977**	**$ –**	**$ –**	**$ 49,554,977**
Common collective trusts	**1,005,445,887**	**–**	**–**	**1,005,445,887**
Total at fair value	**$1,055,000,864**	**$ –**	**$ –**	**$1,055,000,864**
2021				
Investments at fair value:				
Individual brokerage accounts	$ 57,190,910	$ –	$ –	$ 57,190,910
Common collective trusts	1,165,733,184	–	–	1,165,733,184
Total at fair value	$1,222,924,094	$ –	$ –	$1,222,924,094

5. Tax Status

The Plan has received a determination letter from the IRS dated November 21, 2014, stating that the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter by the IRS, the Plan was amended and restated. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended and restated, is qualified and the related trust is tax-exempt.

5. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related-Party and Party-in-Interest Transactions

Certain of the Plan's assets are invested in funds managed by Russell Investments, the Outsourced Chief Investment Officer of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

8. Subsequent Events

The Plan has evaluated subsequent events for the Plan through July 21, 2023, the date that the accompanying financial statements were available to be issued.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31 to the Form 5500:
