Part I	Asset and Liability Statement		(a) Beginning of Year	(b) End of Year
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the Valmont
Employee Retirement Savings Plan

Opinion

We have audited the financial statements of Valmont Employee Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years ended December 31, 2022 and 2021, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) DESCRIPTION OF THE PLAN

The following description of the Valmont Industries, Inc. (the “Company” or “Plan Sponsor”) Valmont Employee Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan’s provisions.

General

The Plan constitutes a qualified plan under Section 401(a) of the Internal Revenue Code (“IRC”) of 1986 covering regular employees, as defined in the Plan document, on the first day of the month following the date of hire. The Human Resources Committee of the Board of Directors of the Company oversees the operation and administration of the Plan. Fidelity Investments (“Fidelity”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 60% of eligible compensation, subject to certain IRC limitations. The combined total of pre-tax, Roth "after-tax", and after-tax contributions cannot exceed 60% of eligible compensation. Participants may also make rollover contributions representing distributions from a previous employer’s qualified plan or an Individual Retirement Account (“IRA”). The Company contributes 75% of the first 6% of eligible compensation that a participant contributes to the Plan on a pre-tax or Roth basis unless a participant is covered by a collective bargaining agreement in which case the terms of the collective bargaining agreement will apply. Upon enrollment in the Plan, a participant may direct employee and employer contributions in 1% increments into various investment options offered by the Plan. Allocation percentage and investments can be changed by the participant daily, subject to individual fund restrictions and the Company’s Insider Trading policy. The Plan has an automatic deferral feature in which employees that do not make an affirmative deferral election are deemed to have made a pre-tax deferral election of 6% of eligible compensation. The funds are automatically invested into a Vanguard Target Fund based on the participant's age, which can be changed by the participant at any time.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and any associated Company contributions. The participant’s account is also credited with an allocation of Plan earnings or losses corresponding to the participant’s investment elections and is charged certain administrative expenses. Allocations of Plan earnings and losses are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers common collective trusts, mutual funds, and Valmont Industries, Inc. common stock as investment options for participants. Investments in Valmont Industries, Inc. common stock are limited to 25% of a participant’s account balance.

Vesting

Participants' contributions and the related investment earnings are immediately vested. The Company's matching contributions and the related investment earnings are vested based on years of service:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
Greater than 1 but less than 2	25%
Greater than 2 but less than 3	50%
Greater than 3 but less than 4	75%
Greater than 4	100%

Notes Receivable from Participants

The loan provisions of the Plan allow participants to borrow a minimum of \$1,000 and a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans bear interest at a rate equal to the Prime Rate at the beginning of the month in which the loan originates, plus 1%. Based on current plan provisions, a participant may have one outstanding loan at a time. Loans are secured by the participant's account balance and are scheduled for repayment by payroll deduction over a period of six months or longer, up to five years. Loan origination transactions are treated as transfers between the investment funds and participants' loan balances.

Benefit Payments

On termination of service with the Company (including termination of service due to death, disability, or retirement), distributions may be taken in a lump-sum payment or periodic installments. Distributions to non-retirees are made in one payment or are deferred until a later date.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships that are subject to required Internal Revenue Service guidelines. Following a hardship withdrawal, participants are immediately eligible to contribute to the Plan.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account as defined by the Plan, constitutes a forfeiture. As of December 31, 2022 and 2021, net assets available for benefits included forfeited nonvested account balances totaling \$115,110 and \$176,033, respectively. Forfeited accounts are used to reduce future employer contributions. During 2022 and 2021, employer contributions were reduced by \$1,150,315 and \$1,056,742, respectively, from forfeited nonvested accounts.

Subsequent Events

Subsequent events were evaluated through June 28, 2023, the date the financial statements were available to be issued. No events occurred that require additional disclosure or adjustments to the Plan's financial statements.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment instruments. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds managed by registered investment companies are valued at quoted net asset values. Common collective trusts are valued at the proportionate share of gains and losses and income reported by underlying pooled assets primarily comprised of open-ended mutual funds. The Company's common stock is valued at its quoted market price. Realized gains and losses on sales of investments and unrealized appreciation and depreciation in fair value of investments are based upon beginning of year market values or, if acquired during the year, cost.

The Galliard Stable Return Fund Q (previously named Wells Fargo Value Fund Q, see footnote 4 for further information) is a bank common collective trust fund that invests in underlying fully-benefit responsive investment contracts, and is valued at the fair market value of the underlying investments. In accordance with GAAP, the stable value fund is included at fair value using net asset value in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds and common collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based on the terms of the Plan document.

Administrative Fees

Administrative expenses of the Plan are paid by the Plan or the Plan Sponsor as provided in the Plan document.

Payment of Benefits

Benefits are recorded when paid. There were no participants who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 and 2021.

(3) FAIR VALUE MEASUREMENTS

Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan’s policy is to recognize significant transfers between levels at the end of the reporting period.

Asset Valuation Techniques

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Stocks

Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Fund

Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using net asset value (“NAV”) as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB ASC Topic 946 *Financial Services – Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund’s NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan’s fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions may occur daily and there is no redemption notice period for the individual participant unfunded commitments, redemption restrictions or notice period requirements. If the Plan initiates a full redemption of the fund, the issuer reserves the right to require 12 months’ notification in order to confirm that securities liquidations will be carried out in an orderly business manner.

Common Collective Trusts

Valued at the NAV of shares held by the Plan at year-end based upon the quoted market prices of the underlying pooled assets primarily consisted of open-ended mutual funds registered with the Securities and Exchange Commission. NAV is used as a practical expedient for estimating fair value of common collective trusts. Participant transactions may occur daily and there is no redemption notice period for the individual participant unfunded commitments, redemption restrictions or notice period requirements.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

(4) STABLE VALUE FUND

During 2022, the Wells Fargo Stable Value Fund Q was renamed the Galliard Stable Return Fund Q.

The Galliard Stable Return Fund Q (the "Fund") is a common collective trust fund sponsored by Wells Fargo Bank. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant net asset value ("NAV") of \$1 per unit. Distributions to the Fund's unit holders are declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit; although there is no guarantee the Fund will be able to maintain this value.

Participants, ordinarily, may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Limitations on the Ability of the Fund to Transact at Contract Value

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the Plan Sponsor. The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA
- Any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund
- Any transfer of assets from the Fund directly into a competing investment option
- The establishment of a defined contribution plan that competes with the Plan for employee contributions
- Complete or partial termination of the Plan or its merger with another plan

Circumstances That Affect the Fund

The Fund invests in assets, typically fixed income securities or bond funds, and enters into “wrapper” contracts issued by third parties. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to the Fund in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant NAV and protect a portfolio in extreme circumstances. In a typical wrap contract, the wrap issuer agrees to pay a portfolio the difference between the contract value and the market value of the underlying assets once the market value has been totally exhausted.

The wrap contracts generally contain provisions that limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- Any substantive modification of the Fund or the administration of the Fund that is not consented to by the wrap issuer
- Any change in law, regulation, or administrative ruling applicable to a plan that could have a material adverse effect on the Fund’s cash flow
- Employer-initiated transactions by participating plans as described above

In the event that wrap contracts fail to perform as intended, the Fund’s NAV may decline if the market value of its assets declines. The Fund’s ability to receive amounts due pursuant to these wrap contracts is dependent on the third-party issuer’s ability to meet their financial obligations. The wrap issuer’s ability to meet its contractual obligations under the wrap contracts may be affected by future economic and regulatory developments.

The Fund is unlikely to maintain a stable NAV if, for any reason, it cannot obtain or maintain wrap contracts covering all of its underlying assets. This could result from the Fund’s inability to promptly find a replacement wrap contract following termination of a wrap contract. Wrap contracts are not transferable and have no trading market. There are a limited number of wrap issuers. The Fund may lose the benefit of wrap contracts on any portion of its assets in default in excess of a certain percentage of portfolio assets.

(5) EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid to Fidelity by Plan participants for investment management and various other transaction-related services were \$782,857 and \$912,820 for the years ended December 31, 2022 and 2021, respectively.

At December 31, 2022 and 2021, the Plan held 124,234 and 129,056 shares, respectively, of common stock of the Company, with a cost basis of \$11,232,382 and \$10,999,756, respectively. During the years ended December 31, 2022 and 2021, the Plan recorded dividend income from the Company of \$275,174 and \$262,353, respectively.

(6) PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, it may do so at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions to their accounts.

(7) FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated November 21, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Company and Plan management believe the Plan is currently designed and operated in compliance with applicable requirements of the IRC. Accordingly, the Plan and related trust continue to be tax-exempt, and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.
