INDEPENDENT AUDITORS' REPORT ON REQUIRED COMMUNICATIONS

To the Plan Administrator
Guaranty Service Group, Inc. 401(k) Savings Plan

We have audited the financial statements of Guaranty Service Group, Inc. 401(k) Savings Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2022, and we have issued our report thereon dated July 10, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets for investment of the plan ("investment information") held by Ascensus Trust Company, the directed trustee that holds custody of plan assets, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary information, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles ("GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under GAAP, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated March 30, 2023. We performed the audit according to the planned scope and timing previously communicated to you. Professional standards also require that we communicate to you the following information related to our audit.

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the plan, an employee benefit plan subject to ERISA as of and for the year ended December 31, 2022, in accordance with GAAP, we considered the plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any investment information held by the directed trustee that prepared and certified the investment information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. In addition, because of the inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the plan are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the plan's financial statements. After the third party administrator posted any suggested edits we had to the draft Form 5500, we identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The material misstatements detected as a result of audit procedures that were corrected by management relate to contributions receivable. There were no uncorrected misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 10, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary information accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary information, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters for Your Consideration

- We noted that the company generally does not maintain opt-out forms. It is important to note that signed opt-out forms should be maintained for individuals that have elected not to participate in the plan. Opt-out forms act as proof that the company provided the employee the opportunity to participate in the plan.
- It is our understanding that the company's "administrative policy" is to not withhold 401(k) deferral amounts from certain reward pay. The plan document is currently written so that 401(k) deferrals are to be withheld on these wages. To support this administrative policy, we suggest the following:
 - For the employees impacted, the company should notify them of the company's administrative policy to not withhold 401(k) deferrals from such reward pay. Proof of this communication to the employees should be formally documented and retained.

- Alternatively, you may want to consider amending the plan document to reflect these wage exclusions. This would avoid the need to maintain proper documentation as "proof" of the stated administrative policy.
- The forfeiture account balance as of December 31, 2022 is \$6,770. The plan is authorized to use unapplied forfeitures to pay reduce employer contributions or to pay administrative fees. We suggest utilizing these forfeitures, if they haven't already been used to date in 2023, as the DOL requires unapplied forfeitures to be utilized as soon as administratively practical. If left unused, technically you would be required to allocate the forfeiture balance amongst the current participants.

This information is intended solely for the use of the plan administrator and management of the plan and is not intended to be and should not be used by anyone other than these specified parties.
