INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Meeting Street Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meeting Street Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Meeting Street Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Meeting Street Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meeting Street Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Meeting Street Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meeting Street Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i, - schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Meeting Street Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan under Section 403(b) of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of Meeting Street (the “Organization”), and their beneficiaries, funds for retirement. The plan administrator is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s owners.

Eligibility

Employees of the Organization who work at least 20 hours per week are immediately eligible to participate in the Plan upon their date of hire. Participating employees who have completed one year of service (1,000 hours) and are aged twenty-one or older are eligible to receive employer matching and discretionary contributions. Participants must be employed by the Organization on the last day of the Plan year to receive discretionary contributions, if any.

Contributions

Participants may elect to contribute pretax annual compensation up to a maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants are permitted to designate a portion or all of their deferral contributions as Roth contributions, which are after-tax deferrals to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for automatic election of pre-tax deferrals at a rate of 3% of eligible compensation for all new participants. Participants may affirmatively elect a different contribution percentage or elect not to contribute into the Plan. Unless otherwise elected, the deferral rate is increased by 1% each January 1 until the elective deferral reaches 5%. Contributions are subject to certain statutory limitations.

The Organization contributes a discretionary match determined by the Board of Trustees for the Plan year. For the year ended December 31, 2022, the Organization contributed a match equal to 100% of the employee deferral, up to 5% of each contributing participant’s eligible compensation. The discretionary match contribution for the year ended December 31, 2022 was \$440,754. The Organization may also make discretionary non-elective contributions based upon a percentage of eligible compensation, as determined by the Organization, and are allocated to eligible participants based upon the ratio that the participant’s compensation bears to total eligible compensation of all eligible participants. There were discretionary non-elective contributions of \$108,332 for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of (a) the Organization’s contribution, (b) Plan earnings or losses, (c) withdrawals, and (c) administrative expenses. Allocations are based on participant account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant’s account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers many mutual funds as investment options for participants. The Investment Committee of the Board of Trustees determines funds to be included in the Plan’s investment portfolio and monitors its investment performance.

Meeting Street Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Organization's discretionary matching and discretionary non-elective contributions, plus earnings thereon, is based on years of credited service in accordance with the following schedule. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting. Any participant who becomes disabled or dies becomes fully vested regardless of length of service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
At least 2 years, but less than 3	25%
At least 3 years, but less than 4	50%
At least 4 years, but less than 5	75%
5 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts amounts up to the lesser of 50% of their vested account balances or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have up to two loans outstanding at any time. The notes are secured by the balances in the participant accounts and bear interest commensurate with local prevailing rates as determined monthly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions. Notes receivable from participants are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits

Upon retirement, termination, death, disability or attainment of age 59 1/2, vested plan benefits may be distributed to a participant in a lump-sum. In addition, the Plan provides for participant withdrawals in the event of serious financial hardship.

If at the time of termination, a participant's vested account balance is \$1,000 or less, the plan administrator may distribute the vested account balance to the participant without their consent. If a participant's vested account balance is more than \$1,000 but does not exceed \$5,000, the vested account balance will be rolled over to an Individual Retirement Account established by the Plan administrator.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are retained in the Plan and used to reduce future employer discretionary matching or discretionary non-elective contributions or to pay for future Plan expenses. During 2022, the Plan used \$63,002 of forfeitures to reduce the employer's matching contributions. At December 31, 2022 and 2021, forfeited non-vested accounts were \$57,183 and \$97,080, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments in mutual funds are stated at fair value based on closing market quoted prices at year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the Plan administrator determines the loan is in default, the note balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Contributions

Contributions from employees are recorded as they are withheld from the participant's wages. Contributions from the Organization are recorded in the period in which the related participant contributions are due.

Administrative Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the Organization and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated the activity of the Plan through July 7, 2023, the date the financial statements were available to be issued. Based on that evaluation, management has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. All of the Plan's investments were valued using Level 1 inputs as of December 31, 2022 and 2021.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan had no assets or liabilities valued using Level 2 inputs as of December 31, 2022 and 2021.

Level 3 - Inputs to the valuation methodology are unobservable supported by little or no market activity and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2022 and 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The valuation methodology may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

5. TAX STATUS

The Plan adopted a volume submitter 403(b) plan, which received a letter from the Internal Revenue Service ("IRS") dated March 31, 2017, stating that the form of the volume submitter plan was acceptable under the applicable sections of the IRC. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition there have been no tax related interest or penalties for the periods presented in these financial statements.

6. INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Capital Bank and Trust Company, the trustee of the Plan, that all the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments, notes receivable, interest and dividends, net depreciation, interest income on notes receivable, and all information in the supplemental schedule is presented in reliance solely upon such certification. No auditing procedures were by performed by the independent public accountants with respect to information certified as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements.

7. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties-in-interest were as follows:

Investments

The Plan invests in shares of registered investment companies managed by the Plan's trustee, Capital Bank and Trust Company. A portion of the income or loss of the Plan is derived from these investments. Fees paid by the Plan to Capital Bank and Trust Company for certain investment management fees were deducted from the net asset values of the funds held by the Plan. Fees paid by the Plan for investment management services amounted to \$39,167 for the year ended December 31, 2022.

Expenses

All administrative expenses are to be paid by the Plan unless paid by the plan sponsor. Also, certain employees of the Organization, who are also plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Notes Receivable from Participants

Notes receivable from participants are also party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021 per the financial statements to Schedule H of Form 5500:
