Independent Auditor's Report

To the Plan Administrator and Participants of
UPAC 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of UPAC 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of UPAC 403(b) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UPAC 403(b) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UPAC 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UPAC 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UPAC 403(b) Plan's ability to continue as a going concern for a reasonable period of time.
- Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis, and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 1 - Description of Plan:

The following description of UPAC 403(b) Plan (the “Plan”) is provided for general information purposes only. For additional information concerning the Plan’s provisions, participants should refer to the Plan agreement and Summary Plan Description.

General

The Plan is a 403(b) defined contribution plan covering all employees of Union of Pan Asian Communities (the “Company” and “Employer”) who elect to participate in the Plan and normally work more than 20 hours per week (effective September 1, 2015). An employee can become a participant in the Plan on their hire date. The Plan is administered by the Employer, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan’s 403(b) Plan Oversight Committee is responsible for oversight of the plan, and determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan Administrator appointed American United Life Insurance Company, a OneAmerica Company, as the Trustee of the Plan assets, with authority over management, record-keeping, investment of Plan assets, and Plan accounting and reporting, and has adopted the OneAmerica Financial Partners, Inc. 403(b) Prototype Plan effective March 1, 2017.

Contributions

Participants may make elective deferral contributions up to the maximum dollar amount established by the Internal Revenue Code (IRC) of pretax annual compensation, as defined in the Plan. Participants age 50 and older may make catch-up contributions to a maximum dollar amount established by the IRC. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company may elect to make annual matching contributions. Employees are eligible to receive a matching contribution if they normally work more than 20 hours per week, meet age requirement of 21 years old, and complete 6 months of service. There was no matching contribution for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution (if any), and the participant’s share of the Plan’s earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds, and a guaranteed interest account (“GIA”).

Forfeitures

Non-vested Participating Employer discretionary contributions forfeited by participants are used to reduce future Participating Employer’s matching contributions, or to pay Plan expenses. There were no forfeitures utilized to reduce Employer contributions or pay Plan expenses for the year ended December 31, 2022.

UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan: (Continued)

Vesting

Participants are immediately 100% vested in their contributions to the Plan. An employee must complete at least 1,000 hours of service during a vesting computation to receive credit for a year of service. Vesting in the Company's contributions is based on years of continuous service as follows:

<u>Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1 year	0%
2 years	50%
3 years or more	100%

Notes Receivable from Participants

Participants may borrow from their vested accounts a minimum of \$500, up to a maximum of \$50,000 (reduced by the amount, if any, of the highest outstanding balance of loans from the Plan during the preceding one-year period ending on the day before the date on which the loan is made) or 50% of their vested account balance, whichever is less, subject to certain restrictions, in accordance with borrowing procedures established by the Plan. Loan terms may not exceed five years, except in the case of loans for the purchase of a primary residence. The loans are secured by up to one-half of the vested account balance in the participant's account, and bear interest at the Corporate Bond Index, adjusted annually. Principal and interest are paid through regular payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with vested benefits of \$5,000 or less, the participant will receive a lump-sum distribution. Participants with vested benefits below \$5,000 must take the vested benefits out of the Plan or will roll into an Individual Retirement Account established for the Participant. Participants with vested benefits of greater than \$5,000 may elect to delay their distributions, but distributions are required to begin not later than April 1st following the end of the year in which the Participant reaches age 72. The Plan permits hardship and disability withdrawals.

Note 2 - Significant Accounting Policies:

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Employee and Employer contributions were recognized in the period that contributions are due.

Guaranteed interest contracts held by a defined contribution plan are reported at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 2 - Significant Accounting Policies: (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value, and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy), and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The Plan's statements of net assets available for benefits include the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in mutual funds are considered Level 1 assets, and are reported at fair value based on quoted net asset values of the shares held by the Plan at year-end.

Investment Valuation and Income Recognition

Investments held in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments held in guaranteed interest accounts are reported at contract value (Note 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Participant loans are reported at their unpaid principal balances, plus any accrued and unpaid interest. Related fees are recorded as administrative expenses, and are expensed when occurred.

UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 2 - Significant Accounting Policies: (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Expenses of the Plan, including legal, audit, administrative, and Trustee expenses, are generally paid by the Company, with the exception of certain administrative expenses, which are paid for by the Plan and charged to participants' accounts. The Plan paid \$178 in administrative expenses for the years ended December 31, 2022. Other investment-related expenses were included in net appreciation (depreciation) in fair value of investments.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term, and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through June 30, 2023, the date the financial statements were available to be issued, and concluded that there were no events or transactions that needed to be disclosed.

Note 3 - Fair Value Measurements:

The following table summarizes assets measured at fair value by classification within the fair value hierarchy at December 31:

	2022			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	\$ 2,794,461	\$ -	\$ -	\$ 2,794,461

**UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 4 - Information Prepared and Certified by the Trustee

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by American United Life Insurance Company, the Trustee of the Plan, as complete and accurate, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplementary information.

Note 5 - Guaranteed Interest Accounts:

The Plan has a fully benefit-responsive guaranteed investment contract with American United Life Insurance Company totaling \$141,187 and \$15,855 at December 31, 2022 and 2021, respectively. American United Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments, and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer, but may not be less than 0.50% percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers, and that also would limit the ability of the plan to transact at contract value with the participants. The guaranteed investment contract does not permit the termination of the agreement prior to the scheduled maturity date.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured breach of the Plan's investment guidelines; (2) a material amendment to the contract without the issuer's consent; (3) a violation of a material obligation under the contract; (4) a material misrepresentation.

**UPAC 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 5 - Guaranteed Interest Accounts: (Continued)

The following is a summary of the activity reported at contract value certified by American United Life Insurance Company for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Balance, Beginning of Year	\$ 15,855	\$ 25,114
Add:		
Employee contributions	2,400	2,400
Transfers	247,716	(11,763)
Interest income	205	104
Less:		
Distributions	(124,989)	-
Balance, End of Year	<u>\$ 141,187</u>	<u>\$ 15,855</u>

Note 6 - Party-In-Interest Transaction:

Certain Plan investments are shares of mutual funds managed by American United Life Insurance Company, the Trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair values of investments.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax Status:

On March 1, 2017, the Company adopted the OneAmerica Financial Partners, Inc. 403(b) Prototype Plan Basic Plan Document No. 01. The Plan has not received a determination letter from the Internal Revenue Service. The Company and the Plan administrator believe that the Plan currently is designed, and is being operated, in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator believes that it has appropriate support for any tax position taken, and, as such, does not have any uncertain tax positions that are material to the financial statements. The Plan is subject to routine audits by taxing authorities. There are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2018.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
