Independent Auditor's Report

To the Plan Administrator
Daisy Brand Retirement Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Daisy Brand Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.A., a Delaware professional service corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.
BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Daisy Brand Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Daisy Brand, LLC (the "Company") who are eligible on the first of the month following one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

To be eligible to make a salary deferral contribution an employee is eligible upon completion of one month of service. Once this criteria is met, the employee will be automatically enrolled in the Plan on the first day of each calendar month of the Plan year, coincident with or next following satisfaction of the eligibility requirements. Employees are eligible to receive matching contributions upon one hour of service. To be eligible for non-elective profit-sharing contributions, employees require 1,000 hours of service and must be employed at Plan year-end unless the employee dies, retires, or becomes disabled during the Plan year. To be eligible for non-elective safe harbor contributions, an employee must be of age 21 and have completed one year of service. Once this requirement is met, the employee will enter the Plan on the first day of the Plan year or first day of the seventh calendar month of the Plan year coincident with or next following satisfaction of the eligibility requirement.

Contributions

Participating employees may invest in the Plan up to 85% of annual compensation, as defined by the Plan, not to exceed the annual limitation under Internal Revenue Code ("IRC") section 402(g) ($20,500 for 2022). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions ($6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer matching contribution is equal to a percentage determined each year of each participant's contribution to the extent that the participant's contribution does not exceed 8% of their compensation. The employer safe harbor non-elective matching contribution for the Plan year ended December 31, 2022 is equal to 3% of each eligible participant's compensation. Participants direct the investment of the employer matching contribution into various investment options offered by the Plan.

Each year the employer discretionary profit-sharing contribution is an amount determined and authorized by the Company. The employer discretionary profit-sharing contribution for the Plan year ended December 31, 2022 is equal to 5% of each participant's compensation. Participants direct the investment of their allocated Company contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) earnings and (c) forfeitures of terminated participants' non-vested accounts, and charged with an allocation of administration expenses not paid by the Company, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and in the employer safe harbor matching contributions, plus actual earnings therein. Vesting in the employer matching and in the employer discretionary profit-sharing contribution portion of their accounts is based on years of services, as defined below:

Years of Vesting Service	Percent Vested
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested interest. Only one loan is allowed outstanding at a time.

Payment of Benefits

The Plan is intended for long-term savings but provides for earlier withdrawals under certain conditions. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited and unallocated non-vested accounts totaled $524,760 and $282,722, respectively. Amounts forfeited may be used to restore forfeited accounts, reduce Plan expenses and, at the option of the Company, to fund future Company contributions to the Plan.

2. Summary of Accounting Policies

Basis of Presentation

The accompanying statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks, Uncertainties and Concentrations

Plan assets are invested in funds and securities as directed by plan participants. These investment securities, in general, are expose to various risks, such as interest rate, credit, and overall market volatility. Accordingly, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, there were two investments that represented 28% and 26% of investments, respectively. Those investments are the only investments that represented more than 10% of investments held. See the schedule of assets (held at end of year) for a complete list of investments as of December 31, 2022.

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from participants or the Company that have not been included in the Plan's investments at year end. Contributions receivable are recorded at cost, which approximates their fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 or 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. Interest on the loan is set at the time of issuance, and the rate is the prime rate plus 1%. At December 31, 2022, interest rates range from 4.25% to 8.00%. Notes receivable from participants are reported at their outstanding principal plus any accrued interest.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefit

Benefits are recorded when paid.

Administrative Expenses

Although not obligated to, the Company pays a portion of all administrative expenses of the Plan.

3. Information Certified by the Plan's Trustees (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide Life Insurance Company and Nationwide Trust Company, FSB ("Nationwide" or "Trustees" or "qualified institutions"), the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

- Investments and notes receivable from participants as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.

- Net investment income (loss), and interest income on notes receivable from participants as reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

- Investment information included in Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, as reflected on the ERISA-required supplemental schedule.

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Accounting Standards Codification ("ASC") 820 are described below:

Basis of Fair Value Measurement

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

> Pooled separate accounts: Valued based upon unit values calculated for each underlying mutual fund, using data including the mutual fund's net asset value, dividends, capital gains, administrative charge, net investment factor and interest rates. As a result, these investments are considered to be a level 2 measurement classification.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. There were no plan liabilities at December 31, 2022 or 2021.

December 31, 2022

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 93,471,831	$ -	$ 93,471,831

5. Investment Contract with Insurance Company

The Plan's investments include a benefit-responsive investment contract with Nationwide. Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by

Nationwide, the trustees of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investments at contract value. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan, including merger, termination and other such matters; bankruptcy of the Plan sponsor' and other matters as defined. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probably of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

6. Related Party and Party-in-Interest Transactions

Plan investments are managed by the Trustees, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. A portion of fees paid by the Plan for the investment management services are included in net appreciation or depreciation in fair value of investments. Remaining fees paid by the Plan for investment management services and fees for contract administrator services amounted to $348,005 for the year ended December 31, 2022. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

7. Plan Termination

Although it has not expressed such intent, the Company reserves the right to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

8. Tax Status

The Internal Revenue Service has determined and informed the volume submitter by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Subsequent Events

In preparation of its financial statements, the Plan considered subsequent events through July 14, 2023, which was the date the Plan's financial statements were available to be issued.
