San Luis Ambulance Service, Inc. 401(k) Profit Sharing Plan
San Luis Obispo, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of San Luis Ambulance Service, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for Plan benefits as of December 31, 2022, and the related statement of changes in net assets available for Plan benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section-

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Trustees of

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule of the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by qualified institutions. In our report dated July 27, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1: Description of Plan

The following description of the San Luis Ambulance Service, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a safe harbor defined contribution plan under which each participant has a specific account balance. The Plan covers all eligible employees of the Company who have completed one month of service and have attained age twenty-one. The Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Trustees are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Participants may contribute to the Plan through salary deductions up to 100% of pretax annual compensation, as defined in the Plan. Participants have the option of contributing through two types of salary deferrals - pre-tax 401(k) deferrals or Roth 401(k) deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans as a rollover contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a matching contribution based on the participant's elective deferral. For the Year Ended September 30, 2022, the Company did not make a matching contribution. In addition, each year the Company may also elect, at its discretion, to contribute a non-elective contribution to the Plan which is in the form of a lump sum amount to the Plan. Both matching employer contributions and nonelective employer contributions will be credited to eligible participant accounts provided the employees are still employed on the last day of the Plan year and have completed 1,000 hours of service. Participants are allocated a certain amount based on a method determined by the Company in the year in which the contribution is made. For the Year Ended September 30, 2022, the Company contributed \$343,056 into the Plan as a discretionary profit-sharing contribution. Contributions, by the employee and employer, are subject to certain Internal Revenue Service (IRS) limitations.

Newly eligible participants are automatically enrolled in the Plan and begin salary deferrals unless the participant makes an election to opt out of the Plan or change the starting deferral percentage. Salary deferrals begin at 3% of eligible compensation per pay period and are subject to annual increases of 1% up to the maximum automatic deduction of 10%. As of September 30, 2022, the Safe Harbor contribution was \$209,794 and additional profit sharing was \$133,262.

Note 1: Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's discretionary contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Employer contributions are vested over a six-year period, with no vesting occurring during the first year, and can be used to reduce the amount of employer contributions. At September 30, 2022 and 2021, forfeited nonvested accounts totaled \$6,188 and \$6,367, respectively. These accounts will be used reduce the contributions of the employer. For the Year Ended September 30, 2022, \$44 of forfeitures were used to reduce employer contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the current prevailing interest rate, as of the loan date. Principal and interest are paid through payroll deductions. See Note 9 for temporary amendments under the Coronavirus Aid, Relief, and Economic Security (CARES) Act.

Payment of Benefits

Benefit payments will commence upon termination of service unless elected otherwise by the participant. In addition, the Plan has a required minimum distribution for participants who have obtained age 70 ½ and in-service distribution available for participants who have obtained 59 ½. Benefits may be paid in one of the following forms of payment, or in a combination: (1) single lump sum, or (2) installments over a period not to exceed the participant or participant's beneficiary's life expectancy, or (3) any form acceptable to the participant and the Plan Administrator. See Note 9 for temporary amendments under the CARES Act.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Page 3

Note 2: Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of September 30, 2022.

Fair Value Measurements and Income Recognition

Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (the Topic), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The Topic also established a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

San Luis Ambulance Service, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

September 30, 2022

Page 4

Note 2: Summary of Significant Accounting Policies (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (Mutual Funds): Investments in registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Money market funds held by the Plan are open-ended funds that are registered with the Security Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The funds held by the Plan are deemed to be actively traded.

Common collective trust: Investments in the common collective trust are valued at the net asset value, exclusive of the adjustment to contract value. The use of the net asset value is deemed appropriate as the collective trust fund does not have a finite life, unfunded commitments relating to the investment, or significant restrictions on redemptions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2022:

	Level 1	Level 2	Level 3	Total
Common stocks:				
Registered investment companies	\$ 15,834,352	\$	\$	\$ 15,834,352

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the Plan are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses paid by the Plan were \$85,493 for the Year Ended September 30, 2022.

Note 3: Information Prepared and Certified by Custodian

The Plan's asset information as of September 30, 2022 and 2021, and for the Year Ended September 30, 2022, included in the accompanying financial statements and supplementary schedule was prepared or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator from the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosures under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears through the financial statements and supplementary schedules.

The certification extends to the investments included in the statement of net assets available for Plan benefits and statement of changes in net assets available for Plan benefits.

Note 3: Information Prepared and Certified by Custodian (Continued)

During the Year Ended September 30, 2022, the Plan's investments (including investments bought, sold, and held during the period) depreciated in value by \$4,571,717. In addition, dividend and interest income received on investments, including interest income from notes receivable and other income, for the Year Ended September 30, 2022 was \$1,070,505.

Note 4: Reconciliation to Form 5500

A reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of September 30, 2022 and 2021 is as follows:

	2022	2021
Net assets available for benefits per financial statements	\$ 16,626,435	\$ 21,906,633
Employee contributions receivable	(15,320)	(26,964)
Employer contributions receivable	<u>(341,987)</u>	<u>(371,904)</u>
Net assets available for benefits per Schedule H of the Form 5500	<u>\$ 16,269,128</u>	<u>\$ 21,507,765</u>

The following is a reconciliation of contributions to the Plan, per the financial statements, to the Form 5500 for the Year Ended September 30, 2022:

Contributions per financial statements	\$ 1,064,592
Employee contributions, current year	(15,320)
Employee contributions, prior year	26,964
Employer contributions, current year	(341,987)
Employee contributions, prior year	<u>371,904</u>
Contributions per Schedule H of Form 5500	<u>\$ 1,106,153</u>

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

San Luis Ambulance Service, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

September 30, 2022

Page 7

Note 6: Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Accounting principles generally accepted in the United States of American require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7: Related-Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value investments.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: COVID-19 Pandemic

The Coronavirus Aid, Relief, and Economic Security (CARES) Act is an emergency economic stimulus package in response to the coronavirus outbreak, which among other things contains numerous tax, emergency funding and other provisions that affect certain retirement plan provisions. In April 2020, the Plan authorized changing distribution and loan administrative provisions as allowed by the CARES Act. The below provisions only apply or are available to participants who have themselves been diagnosed with COVID-19 or a participant whose spouse or dependent is diagnosed with COVID-19 and/or a participant who experiences adverse financial consequences as a result of being quarantined, furloughed, laid off, having work hours reduced, or being unable to work due to lack of childcare due to COVID-19.

Page 8

Note 9: COVID-19 Pandemic (Continued)

- Allowing for the suspension of loan payments for up to 1 year and applies to loan payments due from March 27, 2020 to December 31, 2020.
- Increasing the maximum loan amount from the lesser of \$50,000 or 50% of the participant's vested account balance to the lesser of \$100,000 or 100% of the participant's vested account balance and applies to all loans made on or before September 22, 2020.
- Allowing for COVID-19 distribution of up to \$100,000 of the participant's vested account balance. This withdrawal must be processed before December 31, 2020 and the participant will have 3 years from the day after the distribution was received to repay the amount into a qualified retirement plan.

The Plan has been impacted by the COVID-19 pandemic. The extent to which COVID-19 will impact business will depend on future developments and public health advancements, which are highly uncertain and cannot be predicted with confidence. Due to this uncertainty surrounding the on-going pandemic, the length and severity of the outbreak, and the disruption across supply chains, economies and financial markets, there is uncertainty as to how these events will affect results of operations in the future.

Note 10: Subsequent Events

Events subsequent to September 30, 2022 have been evaluated July 20, 2023 which is the date the financial statements were available to be issued. Management did not identify any subsequent events that required disclosure.
