INDEPENDENT AUDITOR'S REPORT

To the Investment and Savings Plan Committee, Plan Administrator
and Participants of Hydro Aluminum Metals USA Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Hydro Aluminum Metals USA Savings Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

To the Investment and Savings Plan Committee, Plan Administrator and Participants of
Hydro Aluminum Metals USA Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Investment and Savings Plan Committee, Plan Administrator and Participants of
Hydro Aluminum Metals USA Savings Plan

Auditor's Responsibilities for the Audit of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Investment and Savings Plan Committee, Plan Administrator and Participants of
Hydro Aluminum Metals USA Savings Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan, established on October 1, 1999, is a defined contribution plan of Hydro Aluminum Metals USA, LLC (the Company). The Plan is subject to the provisions of ERISA.

In 2019, Principal Financial Group (Principal) acquired Wells Fargo's Institutional Retirement & Trust business. In conjunction with the acquisition, the Company consented to move the services provided to the Plan to Principal and accepted the resignation of Wells Fargo Bank, N.A. and appointment of Principal Trust Company as the successor trustee of the Plan, as of the date the plan assets and services converted to Principal's recordkeeping and trust services platform. The conversion occurred on May 21, 2021.

Effective July 1, 2022, the Plan adopted the Principal Life Insurance Company prototype plan document, which was amended and restated effective June 30, 2020 in accordance with the Cycle 3 Restatement as required by the Internal Revenue Service (IRS). Significant changes to plan provisions as a result of this amendment and restatement are discussed throughout these financial statements. In conjunction with the amendment and restatement, the Company entered into a directed trust agreement with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company.

Eligibility - The Plan covers substantially all employees of the Company who are 18 years of age or older. Leased employees, independent contractors, employees who are nonresident aliens, nonresident United States citizens (unless the individual has entered into a written contract with the Company, under which they are eligible to participate in the Plan), expatriate employees (as defined), and employees covered by a collective bargaining agreement that have not entered into an agreement with the Company providing for their participation in the Plan are excluded from participating in the Plan.

Employees are eligible to participate in the Plan for deferral, safe harbor matching and additional discretionary matching contributions on the first day of the payroll period following or coinciding with their attainment of the eligibility requirements. Employees must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year and in order to share in the allocation of the discretionary nonelective contribution (variable contribution), except in the case of death, disability or attainment of normal retirement age.

Contributions - Each year, participants may elect to contribute from 1% up to 75% of their eligible compensation, as defined by the Plan, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral contributions or after-tax Roth contributions. Under the Plan's automatic contribution arrangement, a contribution of 5% of eligible compensation will automatically be elected, unless otherwise directed by the employee. Each participating employee's deferral percentage shall increase by 1% of eligible compensation up to a maximum amount of 10% of eligible compensation. The increase takes place each January 1st, subject to the provisions defined in the plan document, unless otherwise directed by the employee. Effective July 1, 2022, participants who have a current deferral election that is less than the maximum automatic increase percentage of 10%, including those who have previously declined the automatic increase, shall be subject to the automatic increase provision beginning January 1, 2023, unless otherwise directed by the participant. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Contributions - continued - Active participants, and inactive participants effective July 1, 2022, may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Company may make the following contributions on behalf of participants:

A safe harbor matching contribution, on a pay period basis, equal to 100% of a participant's elective deferrals, up to 5% of the participant's eligible compensation, as defined. For 2022, the safe harbor matching contribution totaled \$600,474, net of forfeitures.

An additional discretionary matching contribution, as determined by the Company, to eligible participating employees, on a pay period basis. No additional discretionary matching contribution was made for 2022.

A variable contribution, as determined by the Company. The contribution is allocated pro-rata as a uniform percentage of participant compensation. During 2022, the Company elected to make a variable contribution to eligible participants equal to 3.5% of each participant's eligible compensation totaling \$463,913. This amount was remitted in 2023 and is recorded as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2022.

Qualified nonelective contributions (QNECs), as defined in the Plan. For 2022, QNECs totaled \$35. This amount was remitted to the Plan in 2023 and is recorded as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2022.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and the Company contributions into various registered investment companies (mutual funds) and a common/collective trust fund offered by the Plan. For those participants who do not make an investment selection, their contributions and Company contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in all contributions, plus earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts. The minimum note amount is \$1,000; however, no note to any participant shall be made in an amount which exceeds 50% of their vested account balance. The maximum aggregate dollar amount outstanding to any participant may not exceed \$50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made. The notes are secured by the balance in the participant's account, bear interest at a rate equal to the Prime rate plus 1% and must be repaid within five years, except for notes issued for the purpose of a primary residence, which must be repaid within ten years. Prior to July 1, 2022, the Plan required a minimum loan repayment period of one year. Only one note may be outstanding at a time and effective July 1, 2022, only two loans may be approved for a participant in each rolling 12 month period. Principal and interest must be repaid at least quarterly.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Payment of Benefits - Benefit payments may be in the form of lump sums or installments and are payable upon termination of employment, death, upon incurring a disability or retirement at age 59 ½. Benefit payments from certain accounts that merged into the Plan during previous years as a result of plan mergers may be paid in the form of an annuity, as defined by the Plan, or another form or manner that may have been permitted under the terms of the merged plan. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Effective July 1, 2022, distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures (which primarily exist due to excess safe harbor matching contributions remitted to participant accounts in prior years) are to be used to pay administrative expenses and reduce the Company's contributions. Forfeitures that have not been used to pay administrative expenses or used to reduce the Company's contributions shall be allocated to participant accounts no later than the end of the plan year following the year in which the forfeitures occurred. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 and \$6,379, respectively. Forfeitures totaling \$6,055 and \$609 were used to reduce the Company's safe harbor matching contributions and pay administrative expenses, respectively, during 2022.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment and Savings Plan Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund but do have an interest therein represented by units valued daily. Investment income and realized and unrealized gains on investments are not distributed, but rather reinvested and reflected in the net asset value of the fund. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values last determined (see Note 3), and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. An annual asset based fee and transaction fees related to participant distributions are charged directly to the participant's account and are included in administrative expenses. Fees related to the administration of notes receivable from participants are deducted from the loan proceeds.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Galliard Stable Return PN Fund (GSRF) (previously named Wells Fargo Stable Return Fund N): The fund has invested all of its assets in the Galliard Stable Return Fund Core (previously named Wells Fargo Stable Return Fund G) and the value of this investment is based on the underlying unit value reported by Galliard Stable Return Fund Core. The NAV of the fund is calculated daily, and net investment income and realized and unrealized gains on investments are not distributed, but rather reinvested and reflected in the NAV of the fund. Units of the fund are issued and redeemed at the current NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	<u>Assets at Fair Value as of December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

The GSRF reserves the right to require a twelve-month notice for withdrawal of assets from the fund initiated by the plan sponsor. Withdrawals initiated by participants will be honored when received. There are no unfunded commitments.

Certain of the registered investment companies held by the Plan are subject to trade restrictions due to issuer imposed excessive trade policies.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION - CONTINUED

Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income on notes receivable from participants and dividend and other income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a qualified institution.

NOTE 5 - TAX STATUS

The IRS has determined and informed Principal Life Insurance Company, by a letter dated June 30, 2020, that the prototype plan adopted by the Plan effective July 1, 2022 is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The IRS had determined and informed Wells Fargo Bank, N.A., by a letter dated March 31, 2014, that the prototype plan adopted by the Plan through June 30, 2022 was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since it received the opinion letter, the plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTION

The Plan is provided certain administrative services pursuant to the Wells Fargo Defined Contribution Service Agreement (the Agreement) between the Company and Wells Fargo Bank, N.A. As noted in Note 1, effective May 21, 2021, the Company consented to move the services provided by Wells Fargo Bank, N.A to Principal's recordkeeping and trust services platform with the provisions of the Agreement continuing to apply. In conjunction with the Agreement, Principal receives asset based fees for certain of the Plan's funds for administrative services provided by Principal with respect to such investment funds. The Plan or Company may make payments to Principal for administrative expenses not covered by those asset based fees. In addition, participants pay transactional fees relative to notes and distributions. Plan administration and distribution fees paid to Principal totaled \$56,278 for the year ended December 31, 2022. Fees related to the administration of notes receivable (which are deducted from loan proceeds) paid to Principal totaled \$1,400 for the year ended December 31, 2022. Additionally, Principal shall rebate to the Plan revenue sharing amounts (as defined) received pursuant to a 12b-1 plan or otherwise from both proprietary and nonproprietary mutual funds and the common/collective trust fund for the provision of recordkeeping and other administrative services to the Plan and the funds. These rebates are reflected in other income on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. As of December 31, 2022 and 2021, 26% and 23%, respectively, of net assets available for benefits is invested in the Vanguard Target Retirement Funds; however, by their nature, the Vanguard Target Retirement Funds are a diversified mix of equities and fixed income that rebalance over time.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 17, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended and restated to change the Plan's definition of compensation.
