Independent Auditor's Report

To the Plan Administrator
Fulton Financial Corporation 401(k) Retirement Plan
Lancaster, Pennsylvania

Opinion

We have audited the financial statements of Fulton Financial Corporation 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years ended December 31, 2022 and 2021, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity

with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of delinquent participant contribution for the year ended December 31, 2022 and the schedule of assets (held at end of year) as of December 31, 2022 are

presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FULTON FINANCIAL CORPORATION
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Fulton Financial Corporation 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan's eligibility requirements include substantially all employees of Fulton Financial Corporation (the "Company" or the "Employer") and its subsidiaries. Eligible employees who have completed 30 days of service and who have attained age 21 may make employee contributions to the Plan. To receive an employer matching contribution, an employee must complete a year of service. The Plan provides for retirement, death, and disability benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan was amended to recognize years of service prior to July 1, 2022 for Prudential Bancorp and Prudential Bancorp legacy banks ("Prudential"), which was acquired by the Employer on July 1, 2022. The 30 days of service requirement was waived for employees hired as a result of the merger during the period June 6, 2022 through August 29, 2022.

Contributions: Participants may elect to contribute 1% to 75% of eligible compensation not to exceed the maximum allowed by law. Any participant who has attained age 50 by the end of the Plan year may make catch-up contributions in accordance with Code Section 414(v). Participants can elect salary deferral through payroll deduction on a pre-tax or after-tax basis, subject to certain limitations as defined by the Plan. The Plan allows participants to rollover balances from other eligible qualified plans.

The Employer shall make a matching contribution equal to 100% of the first 5% of compensation deferred. Participants are eligible the first pay of the month following one year of service. Participants direct the investment of their participant and employer contributions into various investment options offered by the Plan.

The employer profit sharing contribution is discretionary and is allocated uniformly on the basis of compensation in a Plan year. To be eligible for an employer profit sharing contribution, an employee had 1) to be hired prior to July 1, 2007 and be eligible to participate in this Plan under the eligibility requirements in effect on that date, or 2) to be an active participant in the Fulton Financial Affiliates Defined Benefit Pension Plan as of December 31, 2007. For the years ending December 31, 2022 and 2021, no profit sharing contribution was made to eligible participants.

Effective January 1, 2022, the Plan adopted an automatic enrollment feature. Eligible employees who have not elected to contribute, or not contribute, will automatically have contributions made to the Plan. The deemed election will start at 3% of eligible compensation and will continue until an affirmative Plan election to contribute a different percentage (including zero) is made. The deemed election becomes effective as soon as practicable once the eligible employee is enrolled in the Plan. If, as of January 1st, a deemed election has been in effect for at least 180 days, then the deemed deferral percentage will increase by 1% (but not to exceed a total percentage of 10%), effective as soon as administratively practicable after the following April 1st. If no election investment selection is made, the amounts will be invested in the Plan's default investment vehicle.

Participant Accounts: Each participant's account is credited with the participant's contribution and employer matching contributions, as well as allocations of the employer's profit sharing contribution, and Plan earnings/(losses) and charged with his or her withdrawals. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

Vesting: Participants are immediately vested in their voluntary, employer matching, and rollover contributions plus actual earnings thereon. Vesting in the profit sharing account is based on years of service. Participants become 100% vested in their profit sharing accounts after completion of five years of credited service.

Payment of Benefits: Upon termination of service, death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account as a lump sum. Participants may elect to have their payment of benefits paid to their individual retirement accounts.

Forfeitures: Forfeitures represent the nonvested portion of the participant's account plus earnings thereon that are not fully distributable to participants who terminate employment. Forfeitures are used to reduce expenses incurred by the Plan or to reduce employer contributions to the Plan. Forfeitures totaling \$28,431 and \$6,987 were used to reduce Plan expenses during

FULTON FINANCIAL CORPORATION
401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

2022 and 2021, respectively. The forfeitures available to be used as of December 31, 2022 and 2021 totaled \$13,207 and \$28,057, respectively.

Expenses: Fees incurred in the administration of the Plan are paid by the Plan or the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees paid by the Plan for investment management services are included as reduction of the return earned by each fund. Any rebates on investment fees received by Fulton Financial Advisors, the trustee, on behalf of the Plan are deposited into the Plan and are reflected as fees rebated by the applicable fund.

Notes Receivable: Participants can borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account.

A commercially reasonable rate of interest for the geographical region in which the Participant lives will be applied to the loan. The term of the note receivable may not exceed 5 years with the exception of note receivables used to acquire a principal residence, which must be paid within 30 years. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Method: The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States ("GAAP").

Use of Estimates: The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. The Plan records interest income on the accrual basis and dividends on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 8, Fair Value Measurements, for discussion of fair value measurements.

Notes Receivable: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits: Benefits are recorded when paid.

Recently Issued Accounting Standards

In June 2022, FASB issued *ASU 2022-03 Fair Value Measurement (Topic 820): Fair Value Measurement of Equity Securities Subject to Contractual Sale Restrictions ("ASU 2022-03")*. This update clarifies how the fair value of equity securities subject to contractual sale restrictions is determined and requires additional qualitative and quantitative disclosures for equity securities with contractual sale restrictions. The Plan will adopt ASU 2022-03 on January 1, 2024. The Plan does not expect the adoption of ASU 2022-03 to have a material impact on its consolidated financial statements.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 4 - PARTIES-IN-INTEREST

Parties-in-interest are defined under Department of Labor's Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain professional fees for the administration of the Plan were paid by the Company.

NOTE 6 - RISK AND UNCERTAINTIES

The Plan provides for various investment options including any combination of certain mutual funds, or common stock of the Company. The underlying investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE 7 - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 22, 2016, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. As of December 31, 2022 and 2021, no liabilities were recognized for uncertain tax positions.

NOTE 8 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1) and gives the lowest priority to unobservable inputs (level 3). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used or transfers between levels at December 31, 2022 and 2021.

Investments in Company's common stock is stated at fair value based on the last reported sales price on the last business day of the year in the active market in which the security is traded.

Mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

The fair values of mutual fund investments and publicly traded common stocks are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	
	December 31, 2022	December 31, 2021
Investments:		
Mutual Funds	\$ 404,734,941	\$ 502,164,037
Fulton Financial Corporation Common Stock	24,137,877	24,331,710
Total	<u>\$ 428,872,818</u>	<u>\$ 526,495,747</u>

There are no Level 2 or Level 3 investments as of December 31, 2022 and 2021.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 26, 2023, the date the financial statements were available to be issued and there have been no material events that would require recognition in the financial statements or disclosures to the financial statements.
