INDEPENDENT AUDITOR'S REPORT

To the Administrator of HBC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the HBC 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

To the Administrator of HBC 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the HBC 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HBC 401(k) Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

1. Description of the Plan

The following description of the HBC 401(k) Retirement Savings Plan (the “Plan”) provides only general information regarding the Plan. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, which was effective as of September 1, 2018, is a defined contribution plan available to substantially all employees of HBC US Holdings, LLC (the “Company”), who were at least 21 years of age and had completed three months of service as provided for in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Plan Administrator and Trustee

The Plan is sponsored and administered by HBC US Holdings, LLC. Bank of America, N.A. (“BoFA”) serves as the Plan’s trustee and Merrill Lynch (“Merrill”) serves as the Plan’s recordkeeper.

Transfer Out

During 2021, the Company sold off a portion of the Saks e-commerce business to a third-party and a Committee of the Board of Directors of the Company (the “Committee”) approved a resolution on December 13, 2021, for the related participants to cease participation in the Plan effective December 31, 2021. As a result of this transaction, the Plan transferred the net assets of the affected participants to the AON’s Pooled Employer Plan in 2022, in the amount of \$39,365,886. In addition, during 2022, the Company sold off a portion of the Saks Off 5th’s e-commerce business to a third-party and the Committee approved a resolution on April 15, 2022, for the related participants to cease participation in the Plan effective April 29, 2022. As a result of this transaction, the Company transferred the net assets of the affected participants to the Mercer’s Pooled Employer Plan in 2022 in the amount of \$9,758,240.

Contributions

The Plan allows for employer contributions, participant contributions, and rollover contributions. Each year, participants may elect to make contributions to the Plan, via regular payroll deductions, up to 85% of their eligible pre-tax compensation, as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations (\$20,500 for 2022). The Plan may place additional limitations on the amounts that highly-compensated participants, as defined by the IRC, can contribute. Participants who are age 50 or older before the end of the plan year are eligible to make catch-up contributions, subject to certain IRC limitations (\$6,500 for 2022). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions) provided such rollover contributions meet the requirements of the Plan.

The Company may make a discretionary contribution to the Plan as approved by the Committee. There were no discretionary contributions made during the year ended December 31, 2022. The Company may make discretionary matching contributions and the matching contribution rate can vary. Catch-up contributions are eligible for the employer matching contribution. For the year ended December 31, 2022, the Company allowed each division to determine its own matching formula, which ranged from matching 22.5% or 50% of participant contributions up to 5% or 6%, respectively, of eligible compensation that participants elected to defer.

Participants may direct the investment of their contributions, as well as the Company’s discretionary contributions, into various investment options offered by the Plan. As of December 31, 2022, the Plan offered investment options comprising of mutual funds, common/collective trust funds and a stable value fund.

HBC 401(k) Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's discretionary contributions, and an allocation of the Plan's investment earnings. Participant accounts are also charged with an allocation of the Plan's administrative expenses and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

All participants are, at all times, fully vested in all participant contributions, including catch-up and rollover contributions, plus actual earnings thereon. Plan participants vest in the Company's discretionary and other contributions, plus actual earnings thereon, based on years of credited service in accordance with the following vesting schedule:

Years of Service	Vested Percentage
Fewer than 3	0 %
3 or more	100 %

In addition, the vested percentage is 100% for a participant on and after attainment of early retirement age, normal retirement age, death, or disability, as defined by the Plan.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the vested value of his or her account, less the highest outstanding loan balance during the 12 months before the loan is issued. The maximum term for a loan is 60 months (except for loans taken for the purpose of the purchase of a primary residence, where the term can be extended up to 180 months). Loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with the prime interest rate plus 1%, as established by the Plan trustee at the time of the loan. Principal and interest are paid ratably through payroll deductions. A participant may have only one outstanding loan at any point in time. These loans are reported as notes receivable from participants on the Statements of Net Assets Available for Benefits. As of December 31, 2022 and 2021, interest rates on outstanding loans range from 4.25% to 9.50%.

Forfeitures

Forfeitures occur when non-vested participants terminate their employment and receive distributions of the vested value of their participant accounts or when non-vested participants terminate their employment and incur five consecutive breaks in service, as defined in the Plan. Forfeitures may be used to reinstate previously forfeited amounts and to reduce future Company discretionary matching contributions. Approximately \$501,000 of forfeitures were used to reduce Company discretionary matching contributions made during 2022. As of December 31, 2022 and 2021, the Plan's forfeiture account was immaterial.

Payment of Benefits

Vested Plan benefits may be distributed upon retirement, death, disability, or termination of service. Participants may elect to receive a single lump sum distribution equal to the vested balance of their account, a combination of several partial lump sum distributions equal to the vested balance of their account, or periodic installments over a period not to exceed their life expectancy (or the joint life expectancy of the participant and his/her beneficiary).

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, participants will become fully vested in all individual account balances.

Notes to Financial Statements

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are maintained on the accrual basis of accounting are prepared in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

The net depreciation in fair value of investments presented on the Statement of Changes in Net Assets Available for Benefits consists of the realized gains (or losses) and the unrealized appreciation (depreciation) on those investments.

The Plan's strategy is to offer a menu of investment options designed to allow employees to construct a diversified portfolio or to choose a target retirement fund, at their discretion, in accordance with their investment objectives to supplement their other retirement income. The Plan is an employee directed plan for which employees could choose among diversified investments options, both active and passively managed. In addition to individual funds, the Plan offers a suite of target retirement funds from which to choose. The strategy of a target date fund is to provide participants with an investment portfolio that includes less risk as the participant approaches normal retirement age. For those funds that are common/collective trust funds, they have various procedures regarding liquidity, which may include advance notification requirements and specific periodic dates for providing such liquidity. The common/collective trust funds in which the Plan invests have similar restrictions on reinvestment frequency. Permitted participant-initiated withdrawals and transfers from the collective investment trust funds are allowed at any time without penalty, regardless of their frequency or amount.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments, the participant loan is deemed to be in default. Upon the occurrence of a distributable event, such as termination, death, or disability, the participant loan balance is reduced and a benefit payment is recorded (i.e., deemed distribution). For active participants who have not incurred a distributable event, but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

Administrative Expenses

During the year ended December 31, 2022, the Plan incurred administrative expenses of \$851,721. Most expenses are paid by participants, whose accounts are charged on a "per capita" basis, such that each participant pays an equal portion of the administrative expenses with the exception of newly enrolled participants who, once enrolled, did not begin paying such fees until the same quarter the following year. Income earned by the Plan from revenue sharing arrangements with BofA for certain mutual funds was allocated to participants' accounts if the participant invests in those particular mutual funds with which the Plan has a revenue sharing arrangement. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments. Certain plan expenses are paid by the Company on behalf of the Plan.

HBC 401(k) Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

Benefit Payments

Benefit payments to participants are recorded upon distribution. Distributions payable for participants, who elected to withdraw from the Plan, but had not yet been paid at December 31, 2022 and 2021 were immaterial.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results can differ from those estimates.

Subsequent Events

Plan management has evaluated subsequent events for potential disclosure in or adjustment to the financial statements through July 18, 2023 the date the accompanying financial statements were available to be issued. Based on such evaluation, no events have occurred that in the opinion of Plan management warrant disclosure or adjustment to the financial statements, other than disclosed in Note 8 below.

3. Information Certified By The Trustee

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by BofA, the trustee of the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, and furnished to the Company. The Company has obtained certifications from the trustee as of December 31, 2022 and 2021 and for the year ended December 31, 2022 that such information is complete and accurate.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation technologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds—Valued at the net asset value of units of a bank collective trust. The net asset value (NAV) as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is

determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2022 and 2021.

Stable Value Fund—Composed primarily of fully benefit-responsive investment contracts and is reported at fair value using NAV as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services—Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments as of December 31, 2022 and 2021.

The following tables sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021.

Transfers Between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers between levels.

5. Risks and Uncertainties

The Plan invests in various investment securities. Generally, all investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment instruments and the level of uncertainty related to changes in the value of these instruments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

Participants are also exposed to potential loss in the event of non-performance by the trustee or any of the entities in which the Plan invests.

6. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined that the volume submitter 401(k) profit sharing plan is designed in accordance with the applicable sections of the IRC and informed the trustee of such in a letter dated June 30, 2020. The plan administrator has adopted the prototype plan and believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been recorded in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Exempt Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may have performed services or have fiduciary responsibilities to the Plan (i.e., parties-in-interest), including the Company. As the Plan sponsor, the Company is considered a party-in-interest with respect to the Plan. The Plan issues loans to participants who are employees of the Company.

Administrative revenues arise when investment managers return a portion of the investment fees to the Plan's trustee to offset the administrative expenses. All proceeds resulting from revenue sharing arrangements are distributed to participants who hold shares of the applicable investments on a pro rata basis. The Plan did not hold any undistributed administrative revenues as of December 31, 2022 and 2021.

8. Subsequent Events

In April 2023, the Committee approved a bonus matching contribution for participants of certain divisions employed as of December 31, 2022, increasing the 22.5% match to 25%. Accordingly, the Plan has accrued this bonus matching contribution of \$384,825 as of December 31, 2022. The total is expected to be paid into the Plan before November 15, 2023.
