INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
The Stevens Family 401(k) Retirement Plan

Opinion

We have audited the financial statements of The Stevens Family 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The Stevens Family 401(k) Retirement Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of The Stevens Family 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Stevens Family 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Stevens Family 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Stevens Family 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 - Description of the Plan

The following description of The Stevens Family 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all non-union employees of The Cold Heading Co. and related entities: Ajax Metal Processing, Inc., Wolverine Carbide and Tool Inc., DROCK Gaming, LLC, Downtown Las Vegas Events Center, LLC, Desert Rock Enterprises, LLC, Golden Gate Casino, LLC, 18 Fremont Street Acquisitions, LLC, 3 Corners, LLC, Circa Resorts, LLC, and Circa Sports, LLC (collectively the "Company") who have completed 90 days of service and have attained age 18. An employee becomes a participant in the Plan effective on the first day of the payroll period following the date which the employee satisfies the eligibility requirements. All persons employed on or before October 20, 2011 are eligible to participate in the Plan regardless of years of service or age.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration

The Plan Sponsor and named Plan Administrator is the Cold Heading Co. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator has formed an Investment Committee made up of the Company officers, members of management, and a third investment advisory company. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance and fees. The Plan's Trustee and investment custodian is T. Rowe Price Trust Company. The investment custodian holds all of the Plan's assets and executes all of the Plan's transactions. The Company has retained T. Rowe Price Retirement Plan Services, Inc. to provide participant recordkeeping and administration services.

Contributions to the Plan

Each year participants may contribute up to 100% of eligible compensation, as defined in the plan document, provided that the amount does not exceed the various deferral limits set forth in the Internal Revenue Code through payroll withholdings. Salary deferrals are made through payroll withholdings and are invested in several investment alternatives as directed by the participant. The Plan includes an automatic elective deferral feature whereby all new employees are automatically enrolled in the Plan at 6% deferred contribution, upon meeting the eligibility requirements, unless electing otherwise. In addition, the Plan has an automatic escalation clause for participants automatically enrolled which includes scheduled increases of deferral rates by 1% annually, effective during the first pay period in January of each year, until the deferral rate reaches 15%. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

Note 1 - Description of the Plan (Continued)

Contributions to the Plan (Continued)

The amount of a participant's contributions for any calendar year may not exceed certain limits under Section 402(g) of the Internal Revenue Code. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions.

The plan document also allows participants to make Roth elective deferral contributions to the Plan. These deferrals are included in the participant's gross income at the time of deferral and are irrevocably designated and accounted for as Roth elective deferrals.

The Company makes matching contributions on behalf of the participants equal to 25% of the participant's deferral, limited to a deferral of up to 6% of the participant's compensation and not to exceed \$4,575.

The Plan allows for discretionary employer profit sharing contributions which are allocated prorata based on eligible participant compensation. The Company has elected to not make a profit sharing contribution for 2022.

Participants direct the investment of both their individual contributions plus their share of employer matching and profit sharing contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Funds contributed by participants are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participants' accounts in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Distribution of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump-sum amount or a partial distribution. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of discretionary contributions.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 1 - Description of the Plan (Continued)

Distribution of Benefits (Continued)

On termination of service, participant account balances of \$5,000 or less will be distributed in a lump sum payment to the participant or rolled over into an individual retirement plan determined by the Company unless the participant affirmatively elects otherwise.

The Plan also allows for in-service distributions upon attainment of age 59 1/2 for any reason, and before age 59 1/2 due to financial hardship, as defined in the plan document.

Vesting

The balance in each participant's salary deferral and rollover accounts is 100% vested at all times.

Employer matching and profit sharing contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after six years of credited service.

Participants also become 100% vested in employer contributions when termination of employment is the result of attaining retirement age, and upon death or total disability.

Forfeitures

Forfeitures attributable to employer contributions shall be used to fund plan expenses. Forfeitures amounting to \$145,065 were used to fund plan expenses for the year ended December 31, 2022. The balance in the forfeiture account as of December 31, 2022 and 2021 amounted to \$261,957 and \$137,675, respectively.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Employer contributions and income from investments are recorded when they are earned. Employee contributions are recorded when withheld from pay. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 2 - Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment custodian and investment advisers. See Note 7 for a description of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized gains and losses on investment transactions are recorded as the difference between proceeds received and carrying value. Net unrealized depreciation in the fair market value of investments is recorded as the change in carrying value of the investment portfolio from the beginning of the year or date of purchase to the end of the year. Realized gains and losses from security transactions are reported on the average cost method.

Accrued Corrective Distributions

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Total accrued corrective distributions as of December 31, 2022 and 2021 amounted to \$-0- and \$13,376, respectively. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

The Plan's administrative expenses, including salaries, accounting, and legal are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of loans and benefit payments are charged directly to the participant's accounts and are included in administration expenses. Direct fees for custodian and recordkeeping services are paid by the Plan and are also included in administration expenses. Total administrative fees are shown net of forfeitures used. Investment related expenses are included in the net depreciation in the fair value of investments.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including July 17, 2023, which is the date the financial statements were available to be issued.

Note 3 - Fair Value Measurements

Investments

Generally accepted accounting principles (GAAP) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 3 - Fair Value Measurements (Continued)

The tables below segregate all financial assets as of December 31, 2022 and 2021 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

	As of December 31, 2022			
	Fair Value Based on			
	Assets Measured at Fair Value	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobserv- able Inputs (Level 3)
Mutual Funds	<u>\$ 50,109,058</u>	<u>\$ 50,109,058</u>	<u>\$ -</u>	<u>\$ -</u>
Total assets in fair value hierarchy	50,109,058	50,109,058	-	-
Investments measured at net asset value ^(a)	<u>5,468,412</u>	<u>-</u>	<u>-</u>	<u>-</u>
Investments at fair value	<u><u>\$ 55,577,470</u></u>	<u><u>\$ 50,109,058</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

(a) In accordance with Subtopic 820-10, certain investments were measured at net asset value per share (or its equivalent) and have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 3 - Fair Value Measurements (Continued)

	As of December 31, 2021

Investments measured at net asset value ^(a)	2,978,998	-	-	-
Investments at fair value	\$ 66,690,509	\$ 63,711,511	\$ -	\$ -

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing prices as reported by the Fund. Mutual Funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

Stable Value Fund: The Stable Value Fund is not publicly traded and represents a stable value collective investment for which NAV is considered fair value as a practical expedient.

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021:

	As of December 31,		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2022 Fair Value	2021 Fair Value			
Stable Value Fund - T. Rowe Price Stable Value Common Trust Fund	\$5,468,412	\$2,978,998	N/A	Daily	None

THE STEVENS FAMILY 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

Note 3 - Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Party-in-Interest Transactions

Certain plan investments are managed by T. Rowe Price Trust Company, who is the Plan's Trustee. During the year ended December 31, 2022, the Plan paid direct compensation to the Trustee for services rendered. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Trustee from total annual operating expenses charged on the balance of fund investments, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

Note 6 - Plan Restatement and Tax Status

The Plan is utilizing a volume submitter plan, which has been filed with the IRS and has received a favorable opinion letter dated June 1, 2022 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2022.

The plan document was most recently amended and restated, effective June 1, 2021, to allow for in-plan Roth rollover contributions.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
