Independent Auditor's Report

To the Administrative Committee of the
Morris P. Hebert, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Morris P. Hebert, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Morris P. Hebert, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Morris P. Hebert, Inc. (the Company) who have one year of service and are age twenty-one or older. An eligible employee may enter the Plan on the first day of the month following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Inspectors and Right-of-Way Agents are excluded from the Plan.

Contributions

Each year, participants may elect to contribute portions of their eligible compensation, up to the maximum allowable under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan also allows Roth elective deferrals. A participant's Roth elective deferral is treated in the same manner as elective deferrals for all plan purposes, except that Roth elective deferrals are separately account for, as are gains and losses attributed to those Roth elective deferrals.

The Company may make matching contributions equal to a discretionary percentage determined by the Company, of the participant's contributions. Employer matching contributions also apply to catch up contributions. Additional profit sharing contributions may be made at the discretion of the Company. Matching contributions totaled \$203,745 for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's match and profit sharing contributions, plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's vested account and bear an interest rate which is determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Payment of Benefits

Distributions from the Plan's assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Upon termination of service, a participant whose vested account balance does not exceed \$1,000 valued at the time of the distribution will receive an immediate lump-sum payment. A participant whose vested account balance exceeds \$1,000 but less than \$5,000 valued at the time of distribution may elect, upon termination of service, to receive a lump-sum distribution. Fully vested participants who have attained age 59½ and who have not separated from service may obtain distributions of their account balance. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become vested in the Company's contributions and earnings thereon based on the following vesting schedule:

Years of Service	% Vested
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are held in a money market account within a pooled separate account of Minnesota Life Insurance Company, the Plan's custodian, and may be used to reduce plan expenses or future employer contributions. During the year ended December 31, 2022, \$32,236 of forfeitures were used to reduce employer contributions and \$5,383 of forfeitures were used to pay administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$13,509 and \$32,236, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or partial plan termination, participants will become fully vested in their accounts.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document. Related fees are recorded as administrative expenses and expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully-benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Tax Status

The plan is qualified under the appropriate section of IRC and intends to continue as a qualified plan. The Internal Revenue Service (IRS) has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by a plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company, as provided in the Plan Document.

Note 3. Information Certified by Minnesota Life Insurance Company

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Minnesota Life Insurance Company (Minnesota Life), the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2022	2021
Investments, at Fair Value		
Pooled Separate Accounts	<u>\$ 12,595,578</u>	<u>\$ 15,397,133</u>
Investments, at Contract Value		
General Account	<u>\$ 2,101,622</u>	<u>\$ 2,131,892</u>
Notes Receivable from Participants	<u>\$ 251,926</u>	<u>\$ 243,072</u>

The custodian also certified to the completeness and accuracy of \$2,840,772 of net depreciation in value of investments, \$32,857 of interest income related to the aforementioned assets, and \$11,335 of interest income on notes receivable from participants for the year ended December 31, 2022.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements

The Fair Value Measurement Topic of the FASB Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022.

Pooled Separate Accounts: Valued at the market value of the underlying mutual funds as adjusted for the Plan's participation units in the pooled accounts.

The preceding method may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured at Net Asset Value ^(a)				<u>12,595,578</u>
Investments, at Fair Value				<u>\$ 12,595,578</u>

December 31, 2021	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured at Net Asset Value ^(a)				<u>15,397,133</u>
Investments, at Fair Value				<u>\$ 15,397,133</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5. Guaranteed Investment Contract with Minnesota Life Insurance Company

The Plan has entered into a fully benefit-responsive guaranteed investment contract with Minnesota Life. Minnesota Life maintains the contributions in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented at contract value on the face of the statements of net assets available for benefits. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one percent. Such interest rates are reviewed on a quarterly basis for resetting.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 5. Guaranteed Investment Contract with Minnesota Life Insurance Company (Continued)

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the plan's prohibition on competing investment options; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that significantly affect the plan's normal operations; (4) the failure of the plan to qualify under 401(a) of the IRC or the failure of the trust to be tax exempt under Section 501(a) of the IRC; or (5) premature termination of the contract.

The plan administrator believes that no events are probable of occurring that might limit the ability of the plan to transact at contract value with the contract issuer, and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issue to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

Note 6. Risks and Uncertainties

The Plan invests in multiple pooled separate account investments as directed by participants. The underlying investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts of the pooled separate account investments reported in the statements of net assets available for benefits.

Note 7. Related-Party and Party-in-Interest Transactions

Certain Plan investments, including a general account and pooled separate accounts, are managed by Minnesota Life, the Plan's custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

MORRIS P. HEBERT, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

Note 8. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, July 19, 2023 and determined that no events required disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
