Building a better working world

Report of Independent Auditors

To the Plan Participants and the Plan Administrator of HP Inc. 401(k) Plan

Opinion

We have audited the financial statements of HP Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Building a better working world

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information

Building a better working world

has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HP Inc. 401(k) Plan
Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the HP Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of HP Inc. (the Company, Employer, or HP) and designated domestic subsidiaries who are on the U.S. payroll and who are employed as regular full-time or regular part-time or limited-term employees, excluding intern employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's trustee is Bank of New York Mellon (BNYM) and the recordkeeper is Fidelity Workplace Services LLC (Fidelity).

During August 2022, HP acquired control of Plantronics Inc. ("Poly"). In accordance with the terms of the merger agreement, the Plantronics, Inc. 401(k) Plan (the "Poly Plan") was terminated effective immediately prior to the Poly Closing Date. Effective August 29, 2022, active employees of Poly became eligible to participate in the Plan. During the period from August 29, 2022 through December 31, 2022, the Poly employees rolled over approximately $144.9 million of their Poly Plan account balances and transferred notes receivable into the Plan.

Investments

Participants may direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan offers a money market fund, mutual fund, common collective trust funds, collective investment trust funds, Company common stock, and a self-directed brokerage account feature that includes money market funds, common stock, and mutual funds through an affiliate of Fidelity. All investments are participant-directed.

The Plan includes an employee stock ownership plan feature (the ESOP) within the meaning of Section 4975(e)(7) of the Internal Revenue Code of 1986, as amended (the Code). The ESOP is maintained as part of the Plan and is designed to invest primarily in the Company's common stock. The purpose of the ESOP is to permit eligible participants the option of investing in the Company's common stock and also provide the option of having dividends on the Company's common stock re-invested in the Plan or paid directly to them in cash.

Participants may invest in the HP Stock Fund, which is comprised of a cash component and HP Inc. common stock. A participant's balance in the HP Stock Fund is limited to 20% of the participant's total account balance. New monies cannot be transferred or reallocated, or otherwise newly invested in the HP Stock Fund, if such an event would cause the balance to exceed 20% of the participant's total account balance. However, it is permissible for the HP Stock Fund to exceed 20% due to growth in the value of that fund.

Contributions

Upon employment, as soon as administratively feasible, employees are automatically enrolled in the Plan in the Birth Date Fund closest to the year the employee was born. Effective January 1, 2022, the contribution rate was 4%.

The plan document definition of compensation is based on when the compensation is "paid" versus when it is "earned." As such, the Company determined that participant deferrals may not be due to the Plan, and the Plan may have no right to the deferrals, until the compensation is actually paid to the participant.

Participants may annually contribute up to 50% of their eligible compensation, as defined by the Plan. Contributions are subject to annual limits specified under the Code. Contributions can be made as whole or fractional percentages of eligible compensation. Employees can choose pretax contributions, after-tax Roth 401(k) contributions, or a combination of the two. Both types of contributions are eligible for the Company matching contributions. Catch-up contributions are not eligible for the Company matching contributions.

The Plan was amended effective February 1, 2021 to allow for after-tax contributions to the Plan at a rate not to exceed 9%. The Plan also created the Roth In-Plan Conversion ("RIPC") Program, wherein a participant who has made an after-tax contribution to the Plan may elect to enroll in the RIPC Program. The RIPC Program converts a participant's after-tax contributions that are made to the Plan immediately into In-Plan Roth Rollovers and allocates them to the participant's In-Plan Roth Rollover Account, until such time as the participant elects out of the RIPC Program in accordance with procedures established by Plan management.

The Plan also accepts rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans, including amounts from a Roth deferred account, as described in Section 402A(e)(1) of the Code, to the extent the rollover is permitted under Section 402(c) of the Code.

In general, the Company matching contribution is a fixed contribution equal to 100% of the first 4% of eligible earnings a participant contributes each pay period. The Company matching contribution is funded annually. A participant must be employed on the last day of the calendar year to receive the Company matching contribution, unless they have terminated employment

during the year as a result of death, termination under a Company-approved severance program, in connection with a sale or divestiture by the Company of the business unit in which the participant was employed, or after the attainment of at least age 55 with at least ten years of vesting service.

Vesting

Participants are fully vested at all times with regard to their contributions and earnings thereon.

In general, participants are subject to a three-year cliff vesting schedule with regard to Company matching contributions, and earnings thereon, after which time they will become 100% vested in their Company matching contributions, and earnings thereon. In addition, a participant becomes 100% vested in their Company matching contributions, and earnings thereon, at attainment of age 65, death before termination of employment, or becoming eligible for disability benefits under the Company's long-term disability program. Participants are also fully vested in their Company matching contributions, and earnings thereon, if they terminate employment in connection with a sale or divestiture by the Company of the business unit in which the participant had been employed, or if they terminate employment under a Company-approved severance program.

Participant Accounts

Each participant's account is credited with the participant's contributions, applicable Company matching contributions, and plan earnings, and is reduced for any benefit payments and administrative expenses. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance and share of net earnings or losses of their respective elected investment options. Allocations are determined in accordance with the provisions of the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

The Plan offers two types of loans, which are general-purpose loans and primary residence loans. The repayment period for a general-purpose loan may not exceed five years, and the repayment period for a primary residence loan may not exceed fifteen years.

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. Loans are secured by the participant's vested account and bear interest at a fixed rate equal to the prevailing prime rate plus 1%. Principal and interest are paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants on the Statements of Net Assets Available for Benefits and are valued at their unpaid principal balance, plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as

administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Participants can continue to repay their loans post-termination, as long as they have not taken a distribution from their account.

Forfeitures

If a participant terminates employment before becoming fully vested in their Company matching contributions, the non-vested Company matching contributions (and earnings thereon) are forfeited at the earlier of the date the participant receives a distribution or incurs a five-year break-in-service. Forfeited balances due to taking a distribution of vested amounts are restored if the participant returns to an eligible status within five years of termination and repays any amount previously distributed. Forfeited balances of terminated participants' non-vested accounts are used to reduce future Company matching contributions, restore previously forfeited balances, or pay eligible plan expenses.

Unallocated forfeiture balances as of December 31, 2022 and 2021, were approximately $1.1 million and $1.6 million, respectively. Forfeitures used to reduce the 2022 and 2021 annual Company matching contributions were approximately $1.0 million and $1.6 million, which was funded in January 2023 and 2022, respectively.

Payment of Benefits

On termination, death, or retirement, participants may elect to receive a lump-sum amount equal to the vested value of their accounts. Lump-sum payments may be made in cash or shares of stock for distribution from the HP Stock Fund (to the extent a participant is/was invested in the HP Stock Fund at the time of distribution). Hardship withdrawals and in-service withdrawals are permitted if certain criteria are met. Participants may also, at any time, withdraw all or part of their rollover accounts. Participants aged 55 and older that have terminated employment may elect a partial or systematic withdrawal of their Plan balance.

Administrative Expenses and Investment Management Fees

Certain expenses of the Plan for administrative services are paid directly by the Plan, except to the extent the Company chooses to pay such expenses. Each participant's account is charged a fixed amount of $34 per year for recordkeeping services.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the trustee to offset the Plan's administrative fees. Future Plan expenses can be paid from any excess remaining revenue sharing amounts. For the year ended December 31, 2022, approximately $517 thousand was used to offset Plan expenses. The Plan held undistributed administrative revenues of approximately $95 thousand and $368 thousand at December 31, 2022 and 2021, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid. Amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, were approximately $2.8 million and $2.3 million at December 31, 2022 and 2021, respectively.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date.

Fair Value Hierarchy

Valuation techniques used by the Plan are based upon observable and unobservable inputs. Observable or market inputs reflect market data obtained from independent sources, while unobservable inputs reflect the Plan's consideration of market participant assumptions based on the best information available. Assets and liabilities are classified in the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 – Quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability. No level 3 assets were held by the Plan.

The fair value hierarchy gives the highest priority to observable inputs and lowest priority to unobservable inputs.

Valuation Techniques

The following is a description of the valuation techniques used to measure fair value. There were no changes in the techniques used to measure fair value during the year ended December 31, 2022.

Collective investment trust and common collective trust funds: Valued at the Net Asset Value (NAV) as the practical expedient, established by the fund's sponsor on the last business day of the plan year, based on the fair value of the assets underlying the funds. These investments have no redemption restrictions or future commitments, and they have a daily redemption frequency.

Mutual funds, money market funds and common stock: Valued at the daily closing price reported on the active market on which the individual securities were traded. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price.

Short-term investment: Valued at cost plus accrued interest, which approximates fair value.

The self-directed brokerage accounts include mutual funds, money market funds and common stock.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to estimate fair value could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value as of December 31, 2022 and 2021, by level, within the fair value hierarchy:

4. Income Tax Status

The Plan received a determination letter from the Internal Revenue Service (IRS) dated March 23, 2018, stating that the Plan is qualified under Section 401(a) of the Code, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan sponsor has indicated that it will take the necessary steps, if any, to maintain the tax-qualified status of the Plan.

Plan management evaluates any uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Related-Party and Party-in-Interest Transactions

The Plan engages in certain transactions involving the Company, BNYM, and affiliates of Fidelity, which are parties-in-interest under the provisions of ERISA. These transactions involve the purchase and sale of the Company's common stock, the payment of trustee fees to BNYM, a mutual fund managed by an affiliate of BNYM, and investments in mutual funds and a self-directed brokerage feature managed by affiliates of Fidelity.

At December 31, 2022 and 2021, the Plan held approximately 4.8 million and 4.9 million shares, respectively, of HP Inc. common stock with a fair value of approximately $129.0 million and $184.4 million, respectively. During 2022, the Plan purchased approximately $7.3 million and sold approximately $9.9 million of HP Inc. common stock, and recorded dividend income of approximately $3.6 million.

In addition, as of December 31, 2021 the Plan held approximately $375.1 million of the Vanguard Federal Money Market Fund. The Vanguard Group held approximately 10.4% of HP outstanding shares of common stock as of December 31, 2021 and was considered a related party to the Plan.

While the trustee and recordkeeping fees paid to BNYM and affiliates of Fidelity are considered party-in-interest transactions to the Plan, these transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the Code. Trustee and recordkeeping fees paid to BNYM and Fidelity, respectively, were not significant for the year ended December 31, 2022. As of December 31, 2022 and 2021, through the self-directed brokerage feature, the Plan held investments issued by affiliates of Fidelity totaling $209.8 million and $238.4 million, respectively.

6. Risk and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities held by the Plan, it is at least reasonably possible that changes in fair value may occur and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7. Reconciliation of Financial Statements to the Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021, is as follows:

	December 31, 2022	2021
	(In thousands)	
Net assets available for benefits per the financial statements	**$ 8,851,754**	$ 10,721,226
Benefits payable to participants at year-end	**(2,819)**	(2,287)
Net assets available for benefits per the Form 5500	**$ 8,848,935**	$ 10,718,939

A reconciliation of benefits paid to participants per the financial statements to benefits paid to participants per the Form 5500 for the year ended December 31, 2022, was as follows:

	(In thousands)
Benefits paid to participants per the financial statements	**$ 604,176**
Add: Benefits payable to participants at December 31, 2022	**2,819**
Less: Benefits payable to participants at December 31, 2021	**(2,287)**
Total benefits paid to participants per the Form 5500	**$ 604,708**

Amounts allocated to withdrawing participants are recorded on the Form 5500 for benefit payments that have been processed and approved for payment prior to year-end, but not paid as of that date.

8. Subsequent Events

The Company has evaluated subsequent events through June 14, 2023, the date the financial statements were available to be issued.
