INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Perc Engineering, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Perc Engineering, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Perc Engineering, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of PlanGeneral

The following description of the Perc Engineering, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

The Plan, established on January 1, 2013, is a defined contribution plan covering generally all employees of Perc Engineering, LLC (the "Company" or "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was most recently amended and restated on January 1, 2022.

Plan trustee, recordkeeper and third-party administrator

Reliance Trust Company (the "Trustee"), is the Plan's investment trustee and T. Rowe Price Retirement Plan Services, Inc. (the "Recordkeeper") serves as the Plan's recordkeeper for the Plan's participant-directed accounts and retains DST Retirement Solutions, LLC to provide certain recordkeeping service for the Plan.

Eligibility

All employees of the Company, except for union and nonresidential alien employees, are immediately eligible to participate in the Plan upon hire. Eligible employees are automatically enrolled in the Plan at 5% of the employee's eligible compensation, as defined. Employees may elect a different percentage or elect not to participate by notifying the Company or the Recordkeeper.

Contributions

The Plan provides for pre-tax and Roth contributions expressed as a percentage of the participant's eligible compensation or a fixed dollar amount and are not to exceed the limits set by the Internal Revenue Code (the "IRC"), which limits the annual amount of salary deferrals that may be made by a participant. Eligible participants may also make catch-up contributions upon attaining 50 years of age, as defined by the IRC. On the first day of each plan year, participants with an elective deferral percentage of at least 1% will be subject to an automatic deferred percentage increase of 1% annually, up to a maximum of 10%.

The Company makes a discretionary safe harbor non-elective contribution of 3% of a participant's eligible compensation to the Plan each year. All participants who are employed by the Company will receive an allocation of the discretionary safe harbor non-elective Company contributions made for that allocation period subject to Internal Revenue Service ("IRS") compensation and deferral limits. The Company also may make a discretionary matching contribution to the Plan. No such discretionary matching contribution was made in 2022 or 2021.

The Company makes a discretionary non-elective profit sharing contribution of 2% of a participant's eligible compensation to the Plan each year. All participants who are employed by the Company will receive an allocation of the discretionary non-elective profit sharing Company contributions made for that allocation period.

Perc Engineering, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Contributions (continued)

Additionally, the Company makes a new comparability profit sharing contribution to certain employees. The contribution for the allocation period is determined by calculating the difference between the maximum total employee and employer contributions allowed by the IRS (\$61,000 for 2022 and \$58,000 for 2021, not including catch-up contributions) and all contributions made by and to those employees for the Plan year, provided a gateway minimum contribution is allocated to all non-highly compensated employees, and certain Plan discrimination testing are passed.

Vesting

Participants are immediately vested at 100% in their pre-tax and Roth contributions, rollover contributions, discretionary safe harbor non-elective contributions and non-elective profit sharing contributions plus actual earnings. Participants are graded vested in discretionary Company matching contributions at 20% after one year of service, increasing 20% each year thereafter, with participants 100% vested after five years.

Participant accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, and Plan earnings/losses, and at times, charged with an allocation of administrative expenses. Allocations are based on participant contributions, participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Participants direct the allocation of their account balance in any of several investment options. Participants can change their investment options among the various investment funds either through direct transfers from one fund to another or by changing the percentage allocation of future contributions.

Notes receivable from participants

Participants may borrow a minimum of \$1,000 from their fund accounts up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are made for terms not to exceed five years unless the loan is used to acquire a principal residence, in which case, the administrator may permit a longer repayment term. Repayments of principal and interest are credited to the funds in which the participant's deferrals and employer contributions are invested.

Principal and interest are paid ratably through payroll deductions. The maximum number of loans that a participant may have outstanding at any one time is one. All notes receivable shall bear a reasonable rate of interest as determined by the Plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances.

Perc Engineering, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 1 - Description of Plan (Continued)Benefit payments

Participants are eligible for distributions of their vested account balances upon the event of death, disability, retirement, termination of employment, hardship, or the attainment of age 72. In-service withdrawals are permitted on or after participants attain age 59 ½ in accordance with Plan provisions.

Distributions may be made in lump-sum payments or installments. If the value of the participant's account is less than \$5,000, the Company can distribute the entire vested account balance. If the participant's account balance is less than \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Active employees who suffer a financial hardship may withdraw all or part of their vested account balance upon meeting the hardship provisions of the Plan. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal income tax withholding of 20% of the requested distribution.

Administrative expenses

All administrative expenses, unless paid by the Company, are paid by the Plan.

Forfeitures

Forfeitures represent excess employer contributions that are reconciled at year-end by the Trustee and reallocated to the forfeitures account. Forfeitures are used to pay Plan administrative expenses and may also be used to reduce future employer contributions. During 2022, no forfeitures were used to pay Plan administrative expenses or reduce employer contributions. As of December 31, 2022 and 2021, there were \$845 and \$833, respectively, in forfeitures available to be utilized.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets would be allocated among participants of the Plan in accordance with the provisions of the Plan.

Note 2 - Summary of Significant Accounting PoliciesBasis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Perc Engineering, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2022

Note 2 - Summary of Significant Accounting Policies (Continued)Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 regarding fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Unrealized appreciation or depreciation in the fair value of investments held at year-end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost.

Upon the sale of an investment, the current year unrealized appreciation or depreciation is adjusted for unrealized gains and losses recognized in prior years. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Notes receivable from participants

Notes receivable from participants are measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are reclassified as distributions based upon terms of the *Plan Document*.

Financial instruments and credit risk

Financial instruments which potentially subject the Plan to credit risk include investments in mutual funds and a guaranteed investment account. Investments are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits. Plan participants bear the risk of any investment losses.

Benefit payments

Benefit payments are recorded when paid.

Subsequent events

Management has evaluated subsequent events through July 19, 2023, which was the date that the financial statements were available to be issued and has determined that there are no subsequent events to be reported.

Perc Engineering, LLC 401(k) Plan

Notes to Financial Statements

Note 3 - Fair Value Measurements

The Plan uses a three-level hierarchy, in accordance with the fair value standard, that establishes a hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

- Level 1 - quoted prices in active markets for identical assets or liabilities;
- Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or
- Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money market fund and mutual funds - these investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market prices of the underlying assets.
- Collective trust - this investment is measured at net asset value ("NAV"). The NAV is calculated by the fund based on "net assets", which include a fully benefit-responsive investment at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the collective trust. The investment can be redeemed daily, has a daily redemption notice period, and has no unfunded commitments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Fair Value Measurements (Continued)

The Plan's assets measured at fair value as of December 31, 2022 are as follows:

	Level 1	Total
Money market fund	\$ 10,535	\$ 10,535
Mutual funds	<u>19,635,639</u>	<u>19,635,639</u>
Total assets in the fair value hierarchy	<u>\$ 19,646,174</u>	19,646,174
Investments measured at net asset value ^(a)		<u>175,072</u>
Total assets at fair value		<u>\$ 19,821,246</u>

The Plan's assets measured at fair value as of December 31, 2021 are as follows:

	Level 1	Total
Money market fund	\$ 6,370	\$ 6,370
Mutual funds	<u>23,725,081</u>	<u>23,725,081</u>
Total assets in the fair value hierarchy	<u>\$ 23,731,451</u>	23,731,451
Investments measured at net asset value ^(a)		<u>208,430</u>
Total assets at fair value		<u>\$ 23,939,881</u>

- (a) The collective trust is measured at NAV per share (or its equivalent) and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4 - Tax Status

The Plan has adopted a prototype plan document, which obtained its latest opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified, and the related trust was tax-exempt as of December 31, 2022 and 2021. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
