INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the CTCO Benefit Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CTCO Benefits Services 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of a Matter – Basis of Accounting

We draw your attention to Note 2 to the financial statements, which described the basis of accounting. The Plan presents its financial statements on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles of the modified cash basis.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles under the modified cash basis.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at the End of the Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the CTCO Benefits Services 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all the employees of CTCO Benefits Services, LLC (the Employer and the Company) who have six months of service and are 20½ years of age. The Plan provides retirement, death, and disability benefits. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan number is 002 and the employer identification number is 30-0515404.

Contributions

Each year, participants may contribute up to the lesser of 100% of the employee's pretax annual compensation, as defined in the Plan or the dollar limit that is set by law. The limit is \$22,500 for 2022 and \$19,500 for 2021. Participants may also contribute amounts representing distributions from other qualified retirement plans and may make "catch-up" contributions pursuant to Internal Revenue Code section 414(v). The Company matches employee contributions up to 6% of the participant's base compensation. Additional amounts may be contributed at the option of the Company's board of directors. The Company made matching of \$424,282 and \$343,871 in 2022 and 2021, respectively. No additional contributions were made in 2022 or 2021. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) non-vested participant forfeitures, and (c) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and the Company's safe harbor contribution match as well. Participants will be 100% vested in employer matching contributions after 3 years.

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 1 - Description of Plan – (continued)

Payment of benefits

A participant has certain rights to direct the Plan administrator regarding the payment of the value of the participant's vested interest in his or her account due to death, disability, retirement, or other reasons. (See Note 16)

Participant notes receivable

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers to and from the investment fund and the participant's loan fund. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the local prevailing rate as determined quarterly by the Plan administrator. Interest rates for loans with balances as of December 31, 2022 range from 5.25% to 9.00%. Principal and interest are paid ratably through payroll deductions, as applicable.

Investment options

Upon enrollment in the Plan, a participant may direct employee contributions in shares of various registered investment company investment options. Participants may change their investment options daily.

Forfeited accounts

Forfeited, non-vested accounts totaled approximately \$8,000 for the year ended December 31, 2022. Forfeited accounts are used to reduce employer contributions. In 2022, approximately \$19,000 of forfeitures were used to reduce employer contributions.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements are prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. Contributions and interest income are recorded when received and benefits paid to participants are recorded when paid. Investments are stated at fair value, as described below.

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 2 - Summary of significant accounting policies (continued)

Investment valuation and Income Recognition

As of December 31, 2022 and 2021, the Plan's investments are stated at fair value or contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. See Note 6 for discussion of contract value. The Plan's funds are invested in shares of registered investment companies (mutual funds), money market funds, and group annuity contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received in accordance with the modified cash basis of accounting. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when received in accordance with the modified cash basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are paid. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of estimates

The preparation of financial statements, in conformity with the modified cash basis of accounting, requires the Plan administrator to make estimates and assumptions affecting certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 2 - Summary of significant accounting policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from the financial statements.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Related party transactions

The Plan makes loans to Plan participants and, therefore, these transactions qualify as party-in-interest. In addition, certain investments in mutual funds, investments within the money market investment account and assets held in a non-discretionary trust within the Plan are managed by Transamerica Life Insurance Company, the Plan trustee. Purchases and sales involving these investment options are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 3 - Information prepared and certified by trustee (Unaudited)

The following information included in the accompanying financial statements is obtained from data that has been prepared and certified to as complete and accurate by the trustee, Transamerica Life Insurance Company, for the years ended December 31, 2022 and 2021. Transamerica Life Insurance Company holds the Plan's investments in participant-directed mutual funds at December 31, 2022.

Note 4 – Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at the daily closing price as reported by the fund. Mutual and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Note 5 – Participant loans

Notes Receivable from Participants are valued at amortized cost, which approximates fair value. They were valued at \$234,206 for 2022 and \$258,672 for 2021.

Note 6 – Group annuity contract with Transamerica Life Insurance Company

Transamerica Stable Value Core Option is valued at contract value since they comply with the Financial Accounting Standards Board's (FASB's) fully benefit-responsive requirements. The Plan has a traditional fully benefit-responsive deposit liability of Transamerica Life Insurance Company totaling \$564,774 for 2022 and \$509,268 for 2021. Transamerica Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The deposit liability issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed twice a year for resetting. The deposit liability contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 6 – Group annuity contract with Transamerica Life Insurance Company (continued)

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Note 7 – Plan termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Priority order of participants' claims and guarantee of benefits

The Plan is not covered under the Pension Benefit Guaranty Corporation termination insurance program. In the event of Plan termination, all trust funds subject to the provisions of the Plan shall be distributed to each participant according to the value of his or her account.

Note 9 – Risks and uncertainties

The Plan has made available, through Transamerica Life Insurance Company, various investment options. These investment options are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near future would materially affect participants' balances and the amounts reported in the statements of net assets available for benefit and the statement of changes in net assets available for benefits. The Plan permits participants to direct the investment of their account balances under the Plan.

The return of the COVID-19 pandemic is still possible and the duration an impact on Plan assets cannot be reasonably estimated at this time.

CTCO Benefits Services 401(k) Plan

Notes to Financial Statements

Note 9 – Risks and uncertainties (continued)

The Employer/Sponsor and all the Plan's participants are located in Southern Louisiana. This area is susceptible to inclement weather and hurricanes which could interrupt business and affect the suppliers, customers and participants.

Note 10 - Income tax status

The Plan adopted Transamerica Life Insurance Company's prototype non-standardized, safe harbor, profit sharing plan, which obtained its latest determination letter on March 31, 2008. The IRS has determined and informed the Plan sponsor in the 2008 determination letter, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt

Plan management evaluates tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

Note 11 – Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits, total additions, and total deductions per the financial statements at December 31, 2022 to Form 5500:

	December 31, 2022
Net assets available for benefits per the financial statements	\$ 17,152,771

Net assets per the Form 5500	\$ <u>17,152,771</u>

Note 12 – Coronavirus Aid, Relief, and Economic Security Act

The Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") was passed by the U.S. Senate on March 26, 2020. Section 2202 of the CARES Act permits eligible Plan participants to request penalty-free distributions of up to \$100,000 or 100% of the participant's vested account. The Plan adopted the distribution provisions of the CARES Act

Notes to Financial Statements

Note 12 – Coronavirus Aid, Relief, and Economic Security Act (continued)

beginning in April of 2020 for the 2020 Plan Year. The Plan was amended, as required, in April, 2021.

Note 13 Plan Amended and Restated

In January 2021, the Plan was amended and restated to combine prior amendments and make other clarifications and improvements. The revised Plan document does not change the manner in which the Plan operates. The amending and restating of the Plan did not have any impact on the Plan's tax status per the Plan administrator and the Plan's tax counsel.

Note 14 – Subsequent events

In the first six months of 2023 the fair value of the Plan's investments increased by approximately 10% due to an inclining securities market. This reaffirms the Plan's management's belief that the decrease in 2022 would be temporary.

The Plan evaluated subsequent events through the date of this report, the date the financial statements were available to be issued.
