Report of Independent Auditors

The Retirement and Trust Committee
Alyeska Pipeline Service Company Savings and
Investment Plan for Operating Company Employees

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees' financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees' ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees' internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The Schedule H, line 4(i) – Schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of Alyeska Pipeline Service Company Savings and Investment Plan for Operating Company Employees (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of Alyeska Pipeline Services Company (Alyeska), except those members of collective bargaining units governed by agreements which do not specifically provide for participation in the Plan. Under certain conditions set forth in the Plan, when an employee of the construction phase of Alyeska or an Owner Company of Alyeska immediately transfers employment to the operating phase of Alyeska, service with either entity is considered when determining eligibility in the Plan and years of participation for vesting and benefit purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may contribute from 1% to 30% of their annual salary as qualified pre-tax deferred income or after-tax Roth contributions. In addition to qualified contributions, participants may elect to defer from 1% to 15% of their annual salary as after-tax payroll deductions. Combined contributions may not exceed 45% of their annual salary. Pre-tax and Roth participant contributions were limited to $20,500 in 2022. Participants over 50 years old are also allowed to make catch-up contributions. For 2022, the limit for the catch-up contribution was $6,500. Participants may make rollover contributions representing distributions from other qualified plans under the Internal Revenue Code (the Code) or a participant's balance in a conduit individual retirement plan. Alyeska matches 100% of participant contributions up to 7% of their eligible earnings each pay period after the participant has completed one year of service.

The Plan includes an auto-enrollment provision whereby all newly eligible employees who have not elected to make participant deferral contributions to the Plan are automatically enrolled with a pre-tax contribution of 7% of their eligible earnings each pay period. Automatic deferred contributions are invested in qualified default investment alternatives, as defined by the Plan. Alyeska provides notice to each eligible employee prior to automatic enrollment in the Plan, and employees may provide notice to opt out of enrollment.

Participant Accounts

Separate accounts reflecting regular contributions, deferred income contributions, and employer contributions are maintained for each participant. Each participant's account is credited with these contributions, as well as allocation of earnings and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Note 1 – Description of the Plan (continued)

Payment of Benefits
Upon termination of service, a participant may elect one or a combination of methods of payments totaling the value of the participant's account. Each participant may elect a lump-sum payment, annual installments over a period not to exceed ten years, or deferral of payment up to age 72. During employment, participants are permitted to withdraw their regular contributions from the Plan after 12 continuous months of participation. A participant, while in employment, must meet the conditions of hardship to withdraw the value of the deferred income or rollover contributions.

Notes Receivable from Participants
Employees who have participated in the Plan for at least one year may borrow funds from their previous contributions. Loans cannot be taken from Alyeska contributions or rollover contributions. Participants may borrow a minimum of $1,000 up to a maximum equal to 50% of their eligible account balance or $50,000, reduced by the largest note balance in the previous twelve-month period. The notes are secured by the balance in the participant's account. Participant loans bear interest at a rate equal to the prime lending rate plus 1%, as determined on the first business day of the month in which the loan was originated. Notes are repaid through payroll deductions over one to five years by monthly payments of principal and interest. As of December 31, 2022, the interest rates on outstanding loans vary from 4.25% to 8.00% and loans have various maturities through January 2028.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual basis of accounting.

Use of Estimates
The preparation of the financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Actual results could differ from those estimates.

Investment Valuation
The investments are reported at fair value as certified by Fidelity Management Trust Company, the Plan's trustee (the Trustee). Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition
Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the plan document.

Expenses
Participant accounts are charged an annual fee of $79 to pay certain expenses of maintaining the Plan. Other administrative expenses of the Plan are paid directly by Alyeska and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment related expenses are included in net depreciation in the fair value of investments.

Revenue Sharing
The Plan shares in management fee revenues generated within certain mutual fund investments. The shared revenues are maintained in a separate revenue credit account and are allocated to the accounts of participants who hold the mutual funds that generate revenue sharing as offsets to allocated expenses. During the year ended December 31, 2022, shared revenues totaling $5,245 were received by the Plan and are reported as other income.

Subsequent Events
The Plan has evaluated subsequent events through June 21, 2023, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3 – Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The plan administrator determines the fair value measurement policies and procedures, subject to oversight by the retirement committee. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds – Shares of registered investment company funds (mutual funds) are valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts – Units held in collective trusts are valued using the net asset value practical expedient (NAV practical expedient) of the fund as reported by the fund managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding.

Self-directed brokerage accounts – Accounts consist of shares in mutual funds that are valued on the basis of readily determinable market prices.

Note 3 – Fair Value Measurements (continued)

The following table provides additional information for investments in collective trusts that calculate net asset value per unit:

	Fair Value Measurement December 31, 2022	Fair Value Measurement December 31, 2021	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
T. Rowe Price Stable Value Fund	$ 44,127,467	$ 46,889,373	Daily	N/A	N/A

Investments measured at NAV practical expedient				204,297,427
				$ 407,090,758

Note 4 – Plan Termination

Although it has not expressed any intention to do so, Alyeska has the right to terminate the Plan and discontinue its contributions at any time.

Note 5 – Party-In-Interest Transactions

Plan investments include shares of mutual funds and units in a collective trust managed by Fidelity Investments. Fidelity Investments is an affiliate of the Trustee, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 6 – Tax Status

The Internal Revenue Service (IRS) determined and informed Alyeska by a letter dated March 27, 2012, that the Plan and related trust are designed in accordance with the applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment loss and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments and participant loans reflected on the schedule of assets (held at end of year).

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.
