Independent Auditors' Report

To the Plan Administrator
Vaughan Buckley Construction 401(k) Plan

Opinion

We have audited the accompanying financial statements of Vaughan Buckley Construction 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

To the Plan Administrator
Vaughan Buckley Construction 401(k) Plan

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

To the Plan Administrator
Vaughan Buckley Construction 401(k) Plan

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the Vaughan Buckley Construction 401(k) Plan (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, originally effective January 1, 2018, covering all eligible employees of Buckley Futures, LLC (Company) for the purpose of saving for retirement. The Plan's most recent restatement was January 10, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The individual trustee is responsible for oversight of the Plan. T. Rowe Price serves as the Plan's custodian and recordkeeper.

Eligibility - All full-time employees, except members of a collective bargaining unit, non-resident aliens with no U.S. source income, leased employees, and part-time, temporary, and seasonal employees of the Company who have completed six-months of service and are age 21 or older, are eligible to participate in the Plan. Entry dates occur on the first day of each plan year quarter after attainment of the eligibility requirements.

Contributions - Each year, participants may contribute up to 100% of pre-tax annual eligible compensation, as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate all or a portion of their elective deferral contributions as after-tax Roth elective contributions. A Roth contribution is defined as being made in lieu of all or a portion of the pre-tax elective deferral the participant is otherwise eligible to make under the Plan and treated by the Company as includible in the participant's income. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company contributes a traditional basic safe harbor matching contribution of 100% of a participant's elective deferral that does not exceed 3% of the participant's compensation, plus 50% of a participant's elective deferral that exceeds 3% of a participant's compensation but does not exceed 5% of the participant's compensation. At its discretion, the Company may make additional matching and profit-sharing contributions. Contributions are subject to certain Internal Revenue Code (IRC) limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, as well as charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are paid from the investment alternatives held by the participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon and the Company's safe harbor matching contribution. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of service. The vesting percentage is increased 20% each year until the participant becomes fully vested in his or her account after six years.

Notes Receivable from Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced to the extent that the participant's highest outstanding loan balance during the preceding twelve-month period exceeds the current balance, or 50% of their vested account balance. Loan terms range from one to five years. Loan terms may be longer than five years for loans used for the purchase of a primary residence. Loans are secured by the balance in the participant's account and accrue interest at a rate equal to prime plus 1%. Principal and interest are paid ratably through regular payroll deductions. In the event of retirement, disability, death, or termination of employment, the loan becomes payable in full. Participants may only have one loan outstanding at any one time.

Payment of Benefits - Upon termination of service due to death, disability, retirement (age 65), or severance of employment, a participant may elect to receive a lump sum distribution equal to the value of the participant's vested interest in the Plan. In certain instances, a terminated participant may elect to delay withdrawal until a future date. A participant that is age 59½ or older may make in-service withdrawals. If a terminated participant does not elect to have a distribution not exceeding \$1,000 paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, the plan administrator will direct the custodian to immediately distribute such benefit in a lump sum without the participant's consent. For any distribution exceeding \$1,000 but not in excess of \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distribution in a direct rollover to an individual retirement plan designated by the Company and shall provide written notice to the participant informing the participant that he or she has the option to transfer such amount into another individual retirement plan of his or her own choice.

As required under Section 401(a)(9) of the IRC, a participant who is not a five percent or more owner of the Company must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches 70½, or 72 if the participant is not 70½ prior to January 1, 2020, or (ii) the calendar year in which the participant retires. A five percent or more owner must receive a required minimum distribution by April 1 of the calendar year following the year the participant reaches age 72. Each year the minimum is recomputed based on the participant's and spouse's, if married, current life expectancies and the value of the then-remaining account. The participant may elect a larger payment.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Hardship Withdrawals - Participants may withdraw their pre-tax salary deferrals and Roth elective deferral contributions in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must exhaust all other assets prior to obtaining a hardship withdrawal.

Forfeitures - As of December 31, 2021 and 2020, the forfeiture account balance was \$1,734 and \$1,734, respectively. Forfeitures may be used to pay Plan expenses or to reduce Company contributions. No forfeitures were used during the year ended December 31, 2021.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contracts. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income earned on the shares of the external funds is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan agreement.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Payments of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which reduce the investment earnings for the relevant participant-directed investments.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Company has evaluated events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2021			
	Level 1	Level 2	Level 3	Total

NOTE 4: T. ROWE PRICE STABLE VALUE COMMON TRUST FUND

The T. Rowe Price Stable Value Common Trust Fund (the trust) is operated by T. Rowe Price Trust Company (the trust company). The trust company is a wholly owned subsidiary of T. Rowe Price Associates, Inc. (Price Associates), which is wholly owned by T. Rowe Price Group, Inc. The trust operates in accordance with the Amended and Restated Declaration of Trust effective January 1, 2015, and an Amended and Restated Supplemental Declaration of Trust effective November 1, 2020, (collectively, the Declaration of Trust). It is subject to the provisions of the Financial Institutions Article of the Annotated Code of Maryland and ERISA, as applicable. The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for benefit-responsive participant withdrawals at contract value for certain events without penalty or adjustment. The trust will attempt to achieve these objectives by investing and reinvesting amounts transferred to the trust in investment contracts selected by the trustee.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available or benefits attribute to the guaranteed investment contracts. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by the trust company, represents original cost, plus accrued income and deposits minus withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract value of the investment contract at December 31, 2021 and 2020, was \$15,494 and \$52,341, respectively.

Investment transactions are accounted for on the trade date basis for financial reporting purposes; transactions in investment contracts do not affect contract value until the settlement date. Income and expenses are recorded on the accrual basis. Income from investment contracts is recorded at the contract rate, which, in the case of synthetic investment contracts (SICs), is referred to as the crediting rate. Crediting rates are determined in accordance with contract terms and are net of investment-related costs permitted by the contract, generally issuer fees and custody charges for underlying assets. Under the terms of fully benefit-responsive SICs, earnings on the underlying assets, including interest income, dividends, and realized and unrealized gains and losses, as well as dividends and capital gain distributions received from investments in other trusts, if any, generally are factored into the next computation of the crediting rate. Distributions of investment income to unit holders are declared by each class daily, are reinvested monthly, and are recorded on the ex-dividend date.

The actual weighted average interest crediting rate for the year ended December 31, 2021 and 2020, was 1.90% and 2.17%, respectively.

The average yield earned by the trust for the years ended December 31, 2021 and 2020, was 1.67% and 2.12%, respectively.

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 4: T. ROWE PRICE STABLE VALUE COMMON TRUST FUND - CONTINUED

All investment contracts held by the trust are entered into directly between the trust and the issuer of the contract and are nontransferable. Permitted participant-initiated withdrawals refer to withdrawals from the trust by an employer sponsored defined contribution plan directly as a result of participant transactions allowed by the plan, such as participant withdrawals for benefits, loans, or transfers to other funds or trusts within the plan.

SICs consist of (1) units of a collective investment trust and/or a portfolio of underlying assets owned by the trust, and (2) a wrap contract issued by a financially responsible third party, typically a bank, insurance company, or other financial institution. The issuer of the wrap contract provides for unscheduled withdrawals from the contract at contract value, regardless of the value of the underlying assets, in order to fund permitted participant-initiated withdrawals from the trust. SICs provide for a variable crediting rate, which typically resets at least quarterly, and the issuer of the wrap contract provides assurance that future adjustments to the crediting rate cannot result in a crediting rate less than zero. The crediting rate is based, in part, on the relationship between the contract value and the market value of the underlying assets, as well as previously realized gains and losses on underlying assets. The crediting rate generally will reflect, over time, movements in prevailing interest rates. However, at times, the crediting rate may be more or less than prevailing rates or the actual income earned on the underlying assets. In most synthetic structures, realized and unrealized gains and losses on the underlying investments typically are not reflected immediately in the net assets of the trust but rather are amortized either over the time to maturity or the duration of the underlying investments, through adjustments to the future interest crediting rate. The degree of any increase or decrease in the crediting rate will depend in part on the amount of the contract/market value difference as well as the duration and yield of the trust's portfolio. The crediting rate may also be affected by increases and decreases in the amount of assets underlying a wrap contract resulting from participant-initiated unit holder contributions to, and withdrawals from, the trust. To the extent a SIC's crediting rate exceeds current market interest rates (e.g., when net gains have been realized or the market value of underlying assets is greater than contract value), the trust has a deferred benefit that, generally, withdrawing unit holders will not receive. Similarly, to the extent a SIC's crediting rate is below prevailing interest rates (e.g., when net losses have been realized or the market value of underlying assets is less than contract value), the trust has deferred recognition of losses that, generally, incoming unit holders will bear through reduced future crediting rates.

The existence of certain conditions can limit the trust's ability to transact at contract value with the issuers of its investment contracts. Specifically, any event outside the normal operation of the trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to such withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the trust or a unit holder, tax disqualification of the trust or a unit holder, and certain trust amendments if the issuers' consent is not obtained. As of December 31, 2021, the occurrence of an event outside the normal operation of the trust that would cause a withdrawal from an investment contract is not considered to be probable. To the extent a unit holder suffers a tax

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN

NOTE 4: T. ROWE PRICE STABLE VALUE COMMON TRUST FUND - CONTINUED

disqualification or legal termination event, under normal circumstances, it is anticipated that liquid assets would be available to satisfy the redemption of such unit holder's interest in the trust without the need to access investment contracts.

In addition to the limitations noted above, issuers of investment contracts have certain rights to terminate a contract and settle at an amount that differs from contract value. For example, certain breaches by the trust of its obligations, representations, or warranties under the terms of an investment contract can result in its termination at market value, which may differ from contract value. Investment contracts also may provide for termination with no payment obligation from the issuer if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law, if the trust or the trustee suffers an insolvency, or if there is a change in law or accounting standards that makes it impermissible to account for an investment contract on a contract value basis. SICs also may provide issuers with the right to reduce contract value in the event an underlying investment suffers a credit event or the right to terminate the contract in the event certain investment guidelines are materially breached and not cured.

NOTE 5: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as participant and employer contributions to the Plan or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares of registered investment companies and a collective trust managed by T. Rowe Price, the custodian and recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees for professional services rendered by parties in interest are partially absorbed by the plan sponsor. Participant-borne transaction fees are paid out of the relevant participants' accounts. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances. Any unallocated forfeitures would be allocated to participants' accounts and distributed in such a manner as the Company may determine.

NOTE 7: TAX STATUS

The underlying DST Retirement Solutions, LLC Volume Submitter Profit Sharing Plan with Cash or Deferred Arrangement has received an advisory letter from the Internal Revenue Service (IRS) dated June 1, 2015, stating that the form of the Plan is qualified under the IRC Section 401, therefore, the related trust is tax exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

VAUGHAN BUCKLEY CONSTRUCTION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2021

NOTE 7: TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or DOL. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for three years after it is filed.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various registered investment companies and a collective trust, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there are various commitments and contingencies outstanding which are not reflected in these financial statements. In the opinion of the Company, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 10: SETTING EVERY COMMUNITY UP FOR RETIREMENT ENHANCEMENT (SECURE) ACT

On December 20, 2019, the Further Consolidated Appropriations Act was passed. Within this act is the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE). Most provisions of the act are effective for plan years beginning after December 31, 2019. Some of the provisions relevant to the plan include:

1. A requirement for plans to allow certain long-term, part-time employees (who have at least 500 hours of service a year in at least three consecutive years) to defer. The change applies to plan years that begin on or after January 1, 2021. For eligibility determinations, years of service prior to January 1, 2021, may be disregarded. For long-term, part-time employees, all years of service with a minimum of 500 hours must be counted for vesting purposes. The plan will be amended as required.

2. A change to the required minimum distribution age from 70½ to 72. This change is effective for persons born after June 30, 1949. The change applies to distributions required to be made after December 31, 2019, with respect to individuals who attain age 70½ after December 31, 2019. The plan will be amended as required.

NOTE 11: CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT

On March 27, 2020, the president signed the Coronavirus Aid, Relief, and Economic Security (CARES) Act into law. The Company adopted provisions of the CARES Act to allow qualified individuals, as defined in the Plan, to withdraw Coronavirus-related distributions and request Coronavirus-related loans, subject to the terms of the Plan. For qualified individuals, loan payments due from March 27, 2020, through December 31, 2020, may be delayed for one year. Additionally, the CARES Act suspended required minimum distributions (RMDs) for 2020. The Plan has not adopted the CARES Act provision except for the suspension of RMDs.
