INDEPENDENT AUDITOR'S REPORT

To the Plan administrator and trustees
The Athenian School 403(b) Plan
Danville, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Athenian School 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2022, is presented for purpose of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ATHENIAN SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of The Athenian School 403(b) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan available to eligible employees of the Athenian School (the Employer). The Plan is intended to qualify under Section 403(b) of the Internal Revenue Code (IRC). Generally, all employees of the Employer are eligible to enrol in the Plan. The Plan is subject to the provisions of ERISA.

B. Plan Administration

The Employer is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Employer has delegated certain responsibilities for the operation and administration of the Plan. Trustee and recordkeeping services are provided by Teachers Insurance and Annuity Association-College Retirement and Equities Fund ("TIAA-CREF").

Certain administrative expenses of the Plan, including recordkeeping, were paid directly by the Employer for the year ended December 31, 2022. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

C. Contributions

Under the provisions of the Plan, an employee can elect to contribute any percentage of their salary, provided they do not contribute more than the maximum permitted by law. Additionally, if the employee has attained age 50, then the employee is eligible to make an additional catch-up contribution as specified in the plan. This contribution cannot exceed \$6,500 in 2022.

The employer makes a contribution from 1% to 6% on behalf of an eligible participant who completes at least 1,000 hours of service during the Plan year.

Contributions are subject to certain limitations. The limits include:

	<u>2022</u>	<u>2021</u>
Elective Deferrals	\$ 20,500	\$ 19,500
Catch-up Contributions	\$ 6,500	\$ 6,500
Defined Contribution Limits	\$ 61,000	\$ 58,000
Annual Compensation	\$ 305,000	\$ 290,000

D. Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the employer's contributions and earnings thereon and is charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants select the allocation of investment funds to be applied to contributions credited to their account.

NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

NOTE 1 - DESCRIPTION OF PLAN - CONT'D

E. Investment Options

Upon enrolment in the Plan, participants may direct their allocation of basic and matching contributions with TIAA-CREF. Within these investment vehicles, participants may select between several investment options as more fully described in the Plan's literature. Participants may change their investment options at any time.

F. Vesting

Participants are fully and immediately vested in their voluntary contributions, employer's contributions, and actual earnings thereon. The value of the participant's account attributable to the employer contribution is fully vested as of the first day on which such contribution may be made to the Plan.

G. Plan Loans

Plan loans are issued as separate contracts by TIAA-CREF as contemplated under IRC section 72(p)(5) and do not represent plan assets. Loans are collateralized using a participant's TIAA-CREF Traditional account balance in an amount equal to 110% of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of his or her TIAA-CREF Traditional account balance subject to annuity contract and plan provisions. Loan terms range from one (1) to five (5) years in one-year increments (except for the purchase of the participant's primary residence). However, Plan loans issued by TIAA-CREF are secured by the balance in the participants' accounts and bear interest rates ranging from 4.00% to 4.78%, with maturities through September 2030 as of December 31, 2022.

H. Payment of Benefits

Participants can receive a distribution upon attainment of age 59½, termination of employment, retirement, hardship, participation in the Plan for a period of five years, death or disability.

I. Participant Investment Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified or 403(b) plans.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America, except for distributions paid to participants which are prepared on the cash basis of accounting.

B. Use of Accounting Estimates

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of certain assets, liabilities, and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

THE ATHENIAN SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONT'D

C. Investment Valuation and Income Recognition

At December 31, 2022, the Plan's investments were held in various insurance contracts and annuities and are reported at fair value, except for fully benefit-responsive investments, which are reported at contract value. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchases and sales of investments are recorded on a settlement date basis. Interest income is accrued as it is earned, and dividends are recorded as of the ex-dividend date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value determinations are made based upon a hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Management fees and operating expenses charged to the Plan for investment in mutual funds are deducted from income earned on a daily basis, and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

The change in net unrealized appreciation/depreciation of investments held from the beginning of the plan year to the end of the plan year is included with realized gains/losses as net investment income/loss reported in the accompanying statements of net assets available for benefits.

D. Contributions

Contributions from employees and the employer are recorded in the period in which the employer makes the payroll deductions from participant earnings.

E. Distributions

Distributions are recorded when paid.

F. Expenses

Certain administrative expenses of the Plan are paid by the Employer.

NOTE 3 - TAX STATUS

The Plan is subject to Section 403(b) of the Internal Revenue Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that is more likely than not to be sustained upon examination by the federal and state taxing authorities.

THE ATHENIAN SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

NOTE 3 - TAX STATUS - CONT'D

The Plan administrator has analysed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

NOTE 4 - INFORMATION PREPARED AND CERTIFIED BY TIAA-CREF

In accordance with Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, TIAA-CREF certified the accuracy and completeness of all investments as of December 31, 2022, and investment transactions entered into for the year ended December 31, 2022, which was used in the preparation of the accompanying financial statements and supplemental schedule, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

THE ATHENIAN SCHOOL 403(b) PLAN
NOTES TO FINANCIAL STATEMENT
DECEMBER 31, 2022

NOTE 5 - FAIR VALUE MEASUREMENTS - CONT'D

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used on December 31, 2022 and 2021:

- **TIAA Traditional Annuity:** The TIAA Traditional Annuity is reported at contract value. The contract value of the TIAA Traditional Annuity equals the accumulated cash contributions, interest credited to the plan's contracts, and transfers in, if any, less any withdrawals and transfers out, if any. The TIAA Traditional Annuity is not available for sale or transfer on any securities exchange. Accordingly, transactions in similar investment instruments are not observable. (Level 3)
- **TIAA Real Estate Account (REA):** The REA is a separate account of TIAA, an insurance company, and is registered with the SEC under the Securities Act of 1933 and the Securities Exchange Act of 1934. It is also a variable annuity. To the extent that assets of a plan subject to ERISA are invested in the REA, TIAA will be acting as an "investment manager" as that term is defined under section 3(38) of ERISA. Contributions to the REA buy accumulation units whose value is calculated every business day. Beginning in October 2014, daily unit values for the TIAA Real Estate Account are listed on NASDAQ's website. The unit values are updated overnight for each day that NASDAQ is open. The value of a participant's investment rises and falls with the return on the underlying assets in the REA along with the income generated by those assets. (Level 1)
- **TIAA-CREF Funds:** The TIAA-CREF Funds (the "Trust") is a Delaware statutory trust registered with the SEC under the Investment Company Act of 1940 as an open-end management investment company. Each fund or series of the Trust (each, a "Fund") is a separate portfolio with its own investment objective and strategies. Investments in a Fund enable a shareholder to acquire shares whose net asset value is calculated each business day. The value of a shareholder's investment rises and falls with the returns on the underlying assets in the Fund's portfolio. (Level 1)

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021:

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by TIAA-CREF. TIAA-CREF is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 - ERISA FIDELITY BOND

In accordance with ERISA Section 412, the Plan covers a fidelity bond intended to protect the Plan from risk of loss due to fraud or dishonesty on the part of persons who handle funds or other property on behalf of the Plan.

NOTE 11 - EVALUATION OF SUBSEQUENT EVENTS

The Plan has evaluated all subsequent events through May 22, 2023, the date on which the financial statements were available to be issued and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements, nor have any subsequent events occurred, the nature of which would require disclosure.
