INDEPENDENT AUDITOR'S REPORT

To the Trustees of
The Pleasant Companies 401(k) Plan and Trust
Clarksburg, Maryland

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Pleasant Companies 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Pleasant Companies 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Pleasant Companies 401(k) Plan and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Pleasant Companies 401(k) Plan and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Pleasant Companies 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Pleasant Companies 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year-end December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE PLEASANT COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Description of Plan

The following description of The Pleasant Companies 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Pleasant Companies (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). An eligible employee is any person who has 60 days of service, is age 18 or older, and is an employee at any of The Pleasant Companies affiliates: Pleasants Construction, Inc., Environmental Alternatives, LLC, Ritchie Land Reclamation, LLC, C & D Recovery, LLC, Reline America, LLC, Pleasants Development LLC, Tolson and Associates, LLC, Pleasants Companies, LLC, Core Development Group, Inc., and Brunswick Express Management, LLC. An employee becomes eligible to participate in the Plan on the first day of the month after meeting eligibility.

The custodian and record keeper of the Plan is Great-West Life & Annuity Insurance Company (Empower Retirement). An individual of the Company and Great West Trust Company, LLC serves as the Plan's trustee. Global Retirement Partners, LLC serves as an Investment Manager to the Plan. Certain members of management serve as the authorized plan representatives.

Contributions

Participants may make salary reduction contributions up to 100% of their compensation each pay period subject to the limitations of the Internal Revenue Code ("IRC"). Qualified distributions from other qualified retirement plans can also be contributed to the Plan and retained as rollover contributions. Participants are immediately fully vested in their salary deferral and rollover contributions. The Company contributes a discretionary matching amount equal to 50% of the first 3% of the participant's salary reduction contribution. Company contributions vest 20% after the second year until fully vested at six years. A participant becomes fully vested upon reaching normal retirement age (age 65) or in the case of death or disability.

Participants who enter the Plan are automatically enrolled in the Plan with a 3% salary deferral, unless a different salary deferral percentage is elected. The automatic deferral amount increases each year by 1% up to a maximum of 10% of Plan compensation unless the participant elects otherwise. If participants do not make an investment election, the contributions will be directed to the applicable target date fund based on the definition of normal retirement date under the Plan.

Participant Accounts

Each participant's account is credited with the participant's salary deferral contribution, rollovers, the Company's matching contributions, plan earnings, realized and unrealized gains and losses on investments of the Plan and remaining forfeitures of terminated participants' non-vested accounts after allocation against administrative expenses.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Description of Plan, continued

Payment of Benefits

Participants are eligible for retirement benefits upon attaining the age of 65. On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account or installments over the joint lives of the participant and his or her spouse. For termination of service due to other reasons, a participant may elect to receive the value of the vested interest in his or her account as either a lump-sum, an annuity equal to the value, or a combination of both. Benefit payments are recorded when paid.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The number of loans a participant may have outstanding is limited to one. All loans must be approved by Empower Retirement and bear interest at a rate commensurate with local prevailing rates. Interest rates on participant loans are 4.25% to 8.00%. Loans are secured by the balance in the participant's account, require periodic payments and are due through July 9, 2034.

Forfeitures

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$21,754 and \$42,093, respectively. Forfeitures are applied to reduce administrative expenses and the employer's matching contribution. For the year ended December 31, 2022, \$21,754 was used to reduce the employers' matching contribution of the plan and \$6,237 was used to reduce administrative expenses.

Investment Options

Participants are afforded several investment options covering a wide range of investment objectives and risk, including self-directed brokerage accounts. Participants may allocate their contributions across these options in any proportion they wish and can change this allocation at any time. Transfers of account balances between elected investment options may also be made at any time.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Recognition

In accordance with the policy of stating investments at current market value, net realized and unrealized appreciation and depreciation are reflected in the statement of changes in net assets available for plan benefits. Earnings from investments are recorded as earned using the accrual method of accounting. Dividends are recorded on the ex-dividend date.

NOTE 2 – Summary of Significant Accounting Policies, continued

Administrative Expenses

The Company may elect to pay the administrative expenses of the Plan. If not paid by the Company, administrative expenses are required to be paid by the Plan. All such costs and expenses will, unless allocable to the accounts of participants, be charged against the accounts of all participants on a pro-rata basis or in such other reasonable manner as may be directed by the Company. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan.

In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying state of changes in net assets available for benefits.

Investment Valuation

Accounting Standards Codification 820, *Fair Value Measurements* (ASC 820) establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. ASC 820 provides a three-tiered fair value hierarchy with Level 1 representing quoted prices for identical assets or liabilities in an active market and Level 3 representing a valuation methodology based on unobservable inputs significant to the fair value measurement. Under ASC 820, Level 2 valuation methodologies include: 1) quoted similar assets or liabilities in an active market, 2) quoted identical or similar assets or liabilities in an inactive market, 3) inputs other than quoted prices that are observable for the asset or liability, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

The Plan discloses its financial instruments, where it is practicable to estimate, at fair value. For the registered investment companies, quoted market prices are the basis for the fair value of investment securities. Market values are determined using the last reported sales price on the last business day of the Plan year. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Self-directed brokerage assets consist of common stock, preferred stock, corporate bonds and real estate investment trusts, which are valued at the last reported sales price on the last business day of the year, and uninvested cash, which is recorded at carrying value as maturities are less than three months.

Plan contributions are invested under a Group Annuity Contract issued by Empower Retirement. Empower Retirement performs the functions of receiving contributions from the Trustees, valuing the Plan's assets, and making payment of benefits, as directed by the Trustees. Valuation of accounts under the Plan is based on the unit system of accounting. Available investment options include funds held in the Key Guaranteed Portfolio Fund at Empower Retirement's Benefit-Responsive Investment Contract, Mutual Funds, and Self-Directed Brokerage Accounts. All investments are participant directed. The Plan's investments are stated at fair value except for its benefit-responsive investment contract which is valued at contract value.

THE PLEASANT COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 2 – Summary of Significant Accounting Policies, continued

Insurance Contracts

The Plan has an investment contract with Empower Retirement. Empower Retirement maintains the contributions in a Key Guaranteed Portfolio Fund. The account is credited with earnings on the underlying investments. The Key Guaranteed Portfolio Fund general account credits interest daily to the group contract holder on a portfolio basis. The credited interest rate may change or stay the same each quarter. The quarterly credit rate applies to all money deposited in the general account, regardless of when it was deposited. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average crediting interest is .90% for the year ended December 31, 2022.

The Key Guaranteed Portfolio Fund has no direct fee. Key Guaranteed Portfolio Fund crediting rates are net of cost of capital and expenses covered by the fund and guarantee provisions. Also, Empower Retirement reserves the right to restrict participant transfers for up to 30 days in the event of excess participant trading.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investments at Contract Value

The contract value of the insurance contract held by the Plan was \$607,139 and \$524,487 at December 31, 2022 and 2021, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Such events include the following: (a) the Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC, (b) premature termination of the contracts, (c) Plan termination or merger, (d) changes to the Plan's prohibition on competing investment options, or (e) bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are likely to occur that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Such events include the following: (a) an uncured violation of the Plan's investment guidelines, (b) a breach of material obligation under the contract, (c) a material misrepresentation, or (d) a material amendment to the agreements without the consent of the issuer.

NOTE 4 - Summary of Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great West Trust, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022, and 2021.
- Investment income, net, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

THE PLEASANT COMPANIES 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE 5 – Plan Tax Status

The trust established under The Pleasant Companies 401(k) Plan and Trust is an adoption of a CCH Incorporated (DBA FTWilliam Com) prototype profit sharing plan. The Plan is designed to be qualified under the Internal Revenue Code (IRC) as exempt for Federal income taxes. The FTWilliam Com prototype profit sharing plan has received a favorable determination letter from the Internal Revenue Service, dated June 30, 2020, that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, Plan management believes that the Plan, as currently designed, is being operated in compliance with the applicable requirements of the IRC.

Management evaluated the Plan's tax positions under guidance from the Financial Accounting Standards Board and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of this guidance. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – Excess Contributions Refundable

At December 31, 2022 and 2021, a payable of \$5,429 and \$28,423, respectively, was recorded for amounts refundable by the Plan and paid to participants in 2023 and 2022, respectively, for contributions made in excess of amounts allowed by the Internal Revenue Service.

NOTE 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Form 5500.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – Parties-In-Interest Transactions

The Plan has not considered participant and employer contributions, or benefits accrued or paid by the Plan for participants as party-in-interest transactions. Certain Plan investments are mutual funds and general accounts managed by Empower Retirement at December 31, 2022. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for professional services rendered by parties in interest were based on customary and reasonable rates for such services. Participant loan origination fees and withdrawal fees are paid out of the relevant participants' accounts.

NOTE 10 – Subsequent Events

Subsequent to yearend, the custodian and record keeper of the Plan became Principal Life Insurance Company, Inc.

The Plan has evaluated subsequent events through July 24, 2023, the date on which the financial statements were available to be issued. The Plan Administrator is not aware of any other subsequent events which would require recognition or disclosure in the financial statements.
