INDEPENDENT AUDITORS' REPORT

Plan Participants and Employee Benefits Plan Committee
of the Truist Financial Corporation 401(k) Savings Plan
Charlotte, North Carolina

Opinion

We have audited the accompanying financial statements of Truist Financial Corporation 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Truist Financial Corporation 401(k) Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Truist Financial Corporation 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Truist Financial Corporation 401(k) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Truist Financial Corporation 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Truist Financial Corporation 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Administrative Expenses and Investment-Related Fees

Administrative expenses are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. The Plan Sponsor has elected to pay certain administrative fees related to professional services provided to the Plan. Investment-related fees are included in net appreciation (depreciation) of fair value of investments. Fees that are transactional in nature are charged to participant accounts.

Payment of Benefits

Benefits claims are recorded when they have been approved for payment and paid by the Plan.

3. Plan Transfers

During 2022, assets and liabilities from the BenefitMall 401(k) Plan and the Kensington Vanguard 401(k) Plan were merged into this Plan. As a result of the mergers, \$74,720,911 of assets were transferred into the Plan (\$72,142,587 from Benefit Mall 401(k) Plan and \$2,578,324 from Kensington Vanguard 401(k) Plan).

4. Fair Value of Financial Instruments

Topic 820 establishes a three-level fair value hierarchy that describes the inputs used to measure assets and liabilities. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The valuation methodology was applied consistently from year to year.

Level 1

Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. Level 1 assets and liabilities include mutual funds, and common and foreign stock traded on an exchange or listed market. The Plan offers a Brokeragelink option that holds common and preferred stock, money market funds, and various corporate and government bonds. The common and preferred stock and money market funds are traded in active markets.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2

Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities in an active market not defined by Level 1; quoted market prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include collective trusts, stable value funds, and corporate and government bonds in the Brokeragelink option.

The fair value of the collective trusts and the stable value fund are based on NAV, as provided by the trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Transactions (purchase and sales) may occur daily. The collective trusts and the stable value fund have a readily determinable fair value in that NAV is determined and made available to the Plan daily, and is the basis for current transactions. Were the Plan to initiate a full redemption of the collective trusts and the stable value fund, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations at the then current NAV will be carried out in an orderly business manner. The collective trusts and the stable value fund have a daily redemption frequency, a redemption notice period of 30 days to one year, and no unfunded commitments.

The fair value of government securities and corporate bonds are determined by closing prices at the end of the Plan year. Closing prices are obtained from third party pricing vendors. When quoted prices are unavailable, pricing vendors use various valuation methodologies, which are based on quoted prices for securities with similar coupons, ratings, and maturities.

Level 3

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data. As of December 31, 2022 and 2021, there are no level 3 assets or liabilities.

1. Description of the Truist Financial Corporation 401(k) Savings Plan

The following description of the Truist Financial Corporation 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Truist Financial Corporation (the "Corporation" or "Plan Sponsor"). The Plan, which was established effective July 1, 1982 and amended and restated as of August 1, 2020, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Board of Directors of the Plan Sponsor ("Board") is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings, and monitoring of investment performance. In accordance with the Plan document, certain of the Board's responsibilities have been delegated to the Employee Benefits Plan Committee.

Although all subsidiaries of Truist Financial Corporation participate in the Plan, CRC Insurance Services, Inc. and AmRisc, LLC have special provisions described herein.

Custodian and recordkeeping duties for the Plan were performed by Fidelity Management Trust Company ("Fidelity").

Eligibility for Participation

The Plan covers all employees of participating subsidiaries who meet age and service requirements. Employees are eligible to make salary reduction contributions immediately after employment with the Corporation and are eligible to receive matching contributions after attaining the age of 21 with one year of continuous employment in which they have worked at least 1,000 hours. Participation in the Plan is based on voluntary election by each employee.

Contributions

Participants can elect to contribute between 0.01% and 50.00% of their eligible earnings, as defined in the Plan document, on a pre-tax basis subject to certain Internal Revenue Code ("IRC") limitations. The Plan also has a Roth feature that allows for after-tax contributions. Eligible participants who have attained the age of 50 before the close of the plan year may make catch-up contributions up to \$6,500. Participants may make changes in their contribution percentage at any time. Allocations among fund options offered by the Plan may be changed on a daily basis. Participants may also contribute funds from other tax-qualified plans as rollover contributions.

The Plan Sponsor will match participant contributions (other than catch-up contributions), subject to certain IRC limitations using a formula based on the company in which a participant works:

- CRC Insurance Services, Inc.: Match of 50%
- All others: Match of 100% on the first 6% deferred

CRC Insurance Services, Inc. and AmRisc, LLC may also make profit sharing contributions at the discretion of their respective Board of Directors. For the year ended December 31, 2022, eligible employees of CRC Insurance Services, Inc. and AmRisc, LLC received profit sharing contributions totaling \$1,868,605 and \$1,057,944, respectively.

Vesting

Participants are vested immediately in their contributions, employer matching and profit sharing contributions and actual earnings allocated to their account. Non-vested employer matching contributions may occur as a result of participants in predecessor plans that have terminated their employment with their employer.

Notes Receivable from Participants

Participants may borrow from their account balances an amount not to exceed the lesser of \$50,000 (less adjustments as required by the Internal Revenue Service ("IRS")) or 50% of their account balance. The minimum loan amount allowed by the Plan is \$1,000. Only one loan can be taken during the Plan year and a participant may have only one loan outstanding at any time. The interest rate charged on amounts borrowed is equal to Truist Bank's prime lending rate at the loan origination date plus 1%. Principal and interest is paid ratably through payroll deductions. Loans from merged plans are carried at the terms and conditions that were set by the predecessor plans.

Payment of Benefits

Upon termination, a participant may elect to have distributions paid from their account in installments, a lump sum or any combination of the two. Retired participants may elect installment payments to occur over a period not to exceed the participant's life expectancy, or the life expectancy of the participant and beneficiary. Hardship withdrawals are allowed by the Plan in accordance with Plan provisions and IRS regulations.

Participant Accounts

Each participant's individual account is credited with the participant's contributions and allocations of matching contributions, earnings/(losses) on the account, and administrative expenses. Allocations of earnings/(losses) and expenses are based upon the market activity and fees of the investment options selected by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

Forfeitures represent non-vested employer matching contributions of participants in predecessor plans that have terminated their employment with their employer. At December 31, 2022 and 2021, forfeited accounts totaled \$552,104 and \$92,768, respectively, which can be used to reduce employer contributions. A total of \$1,879 in forfeitures were used to reduce the employer match contributions for the year ended December 31, 2022.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the dates of the financial statements and the reported changes in net assets available for benefits during the reported periods. Actual results could differ from those estimates.

Basis of Accounting

The Plan's financial statements have been prepared using the accrual basis of accounting in accordance with GAAP.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Investment Valuation and Income Recognition

Participants may direct the investment of their contributions as well as employer contributions among various mutual funds, Truist Financial Corporation common stock and foreign stock, collective trusts, separately managed accounts consisting primarily of common stock, an associate insured deposit account, and a Brokeragelink account, each offering different degrees of risk and return. The Employee Benefits Plan Committee determines the Plan's valuation policies utilizing information provided by the custodian. The Plan's investments are stated at fair value. Refer to Note 4 for disclosures of methodologies used to determine the recorded fair value of Plan investments.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income on mutual funds and Truist Financial Corporation common stock is recorded on the ex-dividend date. Capital gain distributions on mutual funds are included in dividend income. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on investments held at year end.

The Financial Accounting Standards Board ("FASB") ASC Topic 820, Fair Value Measurements ("Topic 820"), provides a framework for measuring fair value which requires that an entity determine asset and liability fair values based on the exit price from an orderly transaction in the principal market for the asset or liability being measured.

Notes to Financial Statements
December 31, 2022 and 2021

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets and liabilities measured at fair value on a recurring basis as of December 31, 2022 and 2021 are summarized below:

	December 31, 2022		
	Total	Level 1	Level 2
Truist common stock	\$ 587,269,909	\$ 587,269,909	\$ —

Collective trusts	5,420,290,978	—	5,420,290,978
Total investments at fair value	\$ 10,774,325,940	\$ 5,352,646,917	\$ 5,421,679,023

There were no transfers between levels during 2022 and 2021.

5. Tax Status

The IRS has determined and informed the Plan Sponsor by letter dated September 7, 2022, that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan was designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes was included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, assets of the Plan would be distributed in accordance with the Plan document.

7. Related Party and Party-In-Interest Transactions

Included in the Plan assets are Truist Financial Corporation common stock and certain assets held by and managed by Fidelity Management Trust Company. Balances, income and transactions related to these investments, which are party-in-interest transactions under ERISA, are presented in the following tables:

Realized and unrealized gain on Truist Financial Corporation common stock		(214,536,010)

The expenses paid through the Plan include only transactional charges such as loan issuance fees, Qualified Domestic Relations Order fees and check reissues. In addition, there are fees charged by Fidelity to participants that opt to receive guidance on investment election/allocation. Fees charged by Fidelity were \$2,236,533 for the year ended December 31, 2022.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. Subsequent Events

The Plan's management evaluated subsequent events through the date on which the financial statements were issued. There were no events or transactions discovered during this evaluation that require recognition in the financial statements.
