Board of Trustees
Hospice of Southern Illinois, Inc. 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hospice of Southern Illinois 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hospice of Southern Illinois, Inc. 403(b) Plan

NOTES TO FINANCIAL STATEMENTS

NOTE A | DESCRIPTION OF PLAN

The following description of the Hospice of Southern Illinois, Inc. 403(b) Plan (Plan) is provided for general information purposes only. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from the plan administrator.

General

The Plan is a defined contribution plan covering eligible and participating employees of Hospice of Southern Illinois, Inc. (Company). Employees are eligible to participate in elective deferrals and discretionary matching contributions in the Plan upon employment. Employees become eligible to participate in discretionary employer contributions in the Plan when they have attained age 21 and completed one year of service. One year of service is defined as working 1,000 hours during a consecutive 12-month period, and the requirement is not satisfied until the last day of the 12-month period. The initial eligibility period ends on the anniversary of the participant's date of hire with subsequent eligibility periods reverting to a plan year. Participants share in employer contributions beginning on January 1st or July 1st coinciding with or next following satisfaction of the eligibility requirements for employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may defer up to 100% of their compensation not to exceed the applicable calendar year limit under Section 402(g)(1) of the Internal Revenue Code which was \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants who have attained age 50 before the end of the Plan year may elect an additional deferral of \$6,500 for 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified retirement plans (pre-tax only).

The Plan allows for discretionary matching contributions as approved annually by the Company's Board of Trustees. The Company's Board of Trustees approved a matching contribution of 100% of a participant's elective deferral up to 3% and 2% of the participant's eligible compensation, for the Plan year ended December 31, 2022 and 2021, respectively. Maximum eligible compensation was \$305,000 for 2022 and \$290,000 for 2021. Matching contributions in the amount of \$143,968 and \$99,744 were deposited into the Plan during the year ended December 31, 2022 and 2021, respectively.

The Plan also allows for discretionary employer contributions as approved annually by the Company's Board of Trustees. Employer contributions are allocated to eligible participants by the ratio of their compensation to the total compensation for all eligible participants. There was no employer contribution approved by the Company's Board of Trustees for 2022 or 2021.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. These options include cash equivalents and various mutual funds.

Hospice of Southern Illinois, Inc. 403(b) Plan

NOTES TO FINANCIAL STATEMENTS

Participant Accounts

Each participant's account is credited with the participant's contribution, discretionary matching and employer contributions, and an allocation of Plan earnings. Allocations of Plan earnings are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and earnings thereon.

Vesting in the discretionary matching and employer contributions plus earnings thereon is based on years of continuous service. To earn a year of service the participant must be credited with a minimum of 1,000 hours of service during the Plan year. A participant is 100% vested in this portion of his or her account after six years of service. In the event of death or disability or reaching normal retirement age, a participant becomes 100% vested. The non-vested balance of a participant's account is forfeited upon the earlier of a five-year break in service or upon distribution of a participant's vested account balance.

Payment of Benefits

Upon termination of service due to death, disability, retirement or termination of employment, a participant may elect to receive the value of the vested interest in his or her account as a lump sum or partial payment distributions. A participant may also elect to receive an in-service distribution upon attaining age 59 ½ from the employee deferral portion of their account and age 65 from employer matching and other discretionary employer contributions portion of their account.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Forfeitures

Forfeitures plus any earnings or losses may be used to pay the Plan's administrative expenses or to reduce future employer contributions. The forfeiture account balance as of December 31, 2022 and 2021 was \$0 and \$2,428, respectively. Forfeitures totaling \$5,663 and \$17,958 were used to pay the Plan's administrative expenses during 2022 and 2021, respectively.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 18, 2023, the date the financial statements were available to be issued.

Hospice of Southern Illinois, Inc. 403(b) Plan
NOTES TO FINANCIAL STATEMENTS

NOTE B | SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Valuation of Investments

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and in the principal and most advantageous market for the asset or liability. See Note F for discussion of fair value measurements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Plan Tax Status

The plan sponsor adopted a volume submitter 403(b) plan document which obtained a favorable opinion letter dated January 1, 2018, in which the Internal Revenue Service stated the form of the Plan was acceptable under the applicable requirements of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not received a determination letter specific to the Plan itself. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles (GAAP) requires Plan management to evaluate tax positions taken and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable authorities. The plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE C | INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

Ascensus, LLC, as an agent for Ascensus Trust Company, the custodian for the Plan, has certified the completeness and accuracy of certain information used by management to prepare the financial statements, supplemental schedule and accompanying notes. Accordingly, this information was not audited. The following is a summary of information which is furnished on behalf of the custodian.

All investment related information is provided in the accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022.

NOTE D | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Included in investments were the following mutual funds representing approximately 15 and 16 percent of the total investments at December 31, 2022 and 2021, respectively. A significant decline in the market value of these investments could significantly affect the Plan's net assets available for benefits:

NOTE E | RELATED PARTY TRANSACTIONS

The Plan incurs expenses related to general administration and record keeping. A portion of these expenses and certain accounting and auditing fees related to the Plan are paid by the Plan Sponsor. Expenses that are directly paid by the Plan Sponsor which are not reimbursed by the Plan are not included in these financial statements. Approximately \$13,000 of administrative expenses were paid by the plan sponsor on behalf of the plan during 2022 and 2021. These transactions are party-in-interest transactions as defined by ERISA.

NOTE F | FAIR VALUE MEASUREMENT

FASB *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Hospice of Southern Illinois, Inc. 403(b) Plan
NOTES TO FINANCIAL STATEMENTS

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at net asset value (NAV) of shares held by the Plan at year end.

Cash equivalents are valued at amortized cost, which approximates fair value.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022:

	Assets at fair value	Level 1	Level 2	Level 3
Cash equivalents	\$ 479,358	\$ 479,358	\$ -	\$ -
Mutual funds	3,374,866	3,374,866	-	-
Total	<u>\$ 3,854,224</u>	<u>\$ 3,854,224</u>	<u>\$ -</u>	<u>\$ -</u>
