Independent Auditors' Report

The Plan Administrator and Plan Participants
Hasbro, Inc. Retirement Savings Plan:

Opinion

We have audited the financial statements of Hasbro, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for plan benefits for the years then ended, in accordance with U.S. generally accepted accounting principles.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not

KPMG LLP, a Delaware limited liability partnership and a member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of Plan

The following brief description of the Hasbro, Inc. Retirement Savings Plan ("the Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is available to substantially all domestic employees of Hasbro, Inc. and certain subsidiaries (collectively "the Company," "Plan Administrator" or "Plan Sponsor"). Participation in the Plan is voluntary and to be eligible, employees must have attained age 21 and be in a covered job classification.

Fidelity Management Trust Company (“the Trustee”) serves as Trustee and Recordkeeper of the Plan.

(b) Contributions

Eligible employees may contribute up to 75% of their eligible pay, limited to an annual maximum of $20,500 in 2022 and $19,500 in 2021. Contributions may be limited to less than the maximum percentage of eligible pay to enable the Company to meet IRS discrimination regulations. The Company makes a matching contribution of 200% of the first 2% of the participants' eligible pay that they contribute per pay period, plus a 50% match of the next 4% of participants' eligible pay that they contribute per pay period up to a maximum matching contribution of 6% of a participant's eligible pay per pay period.

The Company may also make a discretionary annual contribution after the close of each year, which is targeted at 3% of eligible pay. Discretionary contributions totaling $9,994,446 and $8,847,210 were made for plan years 2022 and 2021, respectively.

All eligible employees who have reached age 50 by the end of the calendar year are permitted to make additional pre-tax deferrals over and above the otherwise applicable limits. These additional deferrals are called "catch-up contributions". Catch-up contributions may be made up to an additional $6,500 in 2022 and 2021.

In 2019, following the Company’s decision to terminate its U.S. defined benefit pension plan, the Hasbro, Inc. Pension Plan (“U.S. Pension Plan”), the Company settled all remaining U.S. Pension Plan benefits. After the settlement of the benefit obligations and payment of expenses, the Company had excess assets in its U.S. Pension Plan of approximately $20,234,000. The Company elected to utilize the remaining surplus for the Company's future discretionary annual contributions under the Hasbro, Inc. Retirement Savings Plan. In February 2020, the Company transferred $19,500,000 into the Plan. Of the total amount transferred, $7,669,007 was utilized to settle the outstanding receivable for the 2019 annual discretionary contribution in 2020, resulting in a net transfer of $11,830,993. The Company applied $8,369,166 to satisfy the 2020 annual discretionary contribution which was credited to participant accounts in March 2021. The remaining amount of $3,999,428 was applied to the Company’s 2021 annual discretionary contribution, which was credited to participant accounts in March 2022. In addition, during January 2021, assets of $3,590,982 were transferred into the Plan, which represented the remaining retirement savings plan assets associated with the Company’s wholly owned subsidiary, Backflip Studios, LLC, which was closed in 2019.

(c) Vesting

All participants currently employed by the Company own, or are vested in, 100% of both employee contributions and the Company's matching contributions to the Plan. Participants become 100% vested in the Company's discretionary annual contribution after three years of vesting service. Participants earn one year of vesting service for each calendar year in which the participant has worked at least 1,000 hours.

(d) Forfeitures

The unvested portion of a terminated participant's account is forfeited and used to reduce future employer contributions. Forfeitures were $160,326 and $159,235 in 2022 and 2021, respectively.

(e) Payment of Benefits

Payments to participants may be paid upon retirement, disability, or termination of employment. The account balance will be paid to a beneficiary upon death of the participant. Participants in the Plan have the option of receiving their benefit payments either in a lump sum or in periodic installments. Participants, except for terminated participants, may also make in-service withdrawals from their Pre-Tax Savings Contribution Account in the event of a demonstrated severe financial hardship as defined by the IRS Safe Harbor rules. Participants who have reached age 59 ½ may make in-service withdrawals from their vested accounts excluding the annual company contribution and the transition contribution sources in the Plan for any reason. Distributions made to individuals who have not attained the age of 59 ½ may be subject to an IRS imposed 10% early distribution penalty.

(f) Notes Receivable from Participants

The maximum loan available to each participant is the lesser of (1) $50,000 reduced by the highest outstanding loan balance due from the participant during the preceding twelve months, or (2) 50% of the participant's vested account balance, reduced by the current outstanding loan balance due from the participant. The minimum loan amount available to participants is $500. Each loan shall bear a fixed interest rate equal to the prime interest rate as published in the Wall Street Journal on the last day of the previous month. Repayment of the loan must be made over a period not to exceed five years, unless it is for the purchase of a primary residence, in which case the loan period cannot exceed ten years.

(g) Reclassification

Certain reclassifications have been made to prior period amounts to conform to the current period financial statement presentation. The Company reclassified interest income on notes receivables from participants in the prior year’s Statement of Changes in Net Assets Available for Plan Benefits in the amount of $213,032 for the year ended December 31, 2021.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The preparation of financial statements in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. The accompanying financial statements are presented on the accrual basis of accounting. Benefits payable at year end are not accrued for as they are considered to be a component of the net assets available for plan benefits.

(b) Investments

Investments are stated at fair value with the exception of the Plan’s fully benefit-responsive investment contracts which are stated at contract value. See Note 8 for a discussion of the methods used to determine the fair value of investments held by the Plan.

Security transactions received prior to 4:00 pm Eastern time by the Trustee are recognized on that business day. Transactions received after 4:00 pm Eastern time are valued as of the next business day.

Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date.

Net appreciation (depreciation) in the fair value of investments includes both realized and unrealized gains and losses.

(c) Notes Receivable from Participants

Notes receivable from participants are recorded at the outstanding principal balance plus accrued interest.

(d) Contributions

Contributions from employees are recorded by the Plan when deducted from employees' wages. The Company's matching contributions are accrued at the time the employee's contributions are deducted. For the years ended December 31, 2022 and 2021, employer and employee contributions for the last pay period of the year were paid to the Plan prior to the Plan's year end. The Company's discretionary annual contribution for 2022 was paid to the Plan subsequent to the end of the Plan year and was recorded as employer contributions receivable on the Statements of Net Assets Available for Plan Benefits at December 31, 2022. The Company's discretionary annual contribution for 2021 consisted of the remaining excess pension assets from the 2020 transfer as well as an additional cash contribution paid to the Plan subsequent to the end of the Plan year, recorded as employer contributions receivable on the Statement of Net Assets Available for Plan Benefits at December 31, 2021.

(e) Payments of Benefits

Benefits are recorded when paid.

(f) Administrative Expenses

The Plan bears all costs and general expenses incurred with regard to investment consulting, audit, legal and communication fees, other professional fees, independent fund managers and the purchase and sale of investments. These expenses are paid by the Plan participants equally. Other costs of administration are paid for by the Plan Administrator.

(3) Investment Information

Participants may elect to have their accounts invested in one or more of the investment funds offered by the Plan. Investment options are selected by the Plan's Investment Committee (which is comprised of members of management, established by the Board to monitor the Plan's investment options and evaluate performance). At December 31, 2022, investment funds offered by the Plan included the following nationally traded mutual funds: the MFS Institutional International Equity Fund and the Dodge & Cox Stock Fund. Investment funds offered by the Plan at December 31, 2022 also included the following commingled funds: BTC ACWI ex-US IMI Index Fund, BTC Russell 2500 Index Fund, BTC Equity Index Fund, BTC Lifepath Retirement, BTC Lifepath 2025, BTC Lifepath 2030, BTC Lifepath 2035, BTC Lifepath 2040, BTC Lifepath 2045, BTC Lifepath 2050, BTC Lifepath 2055, BTC Lifepath 2060, BTC Lifepath 2065, Eaton Vance Collective Investment Trust High Yield Fund, Loomis Core Plus Fixed Income Fund and Fidelity Growth Company Pool.

Participants can elect to invest up to 25% of their contributions in the Hasbro Stock Fund, which is a unitized stock fund that invests in the stock of Hasbro, Inc. and other short-term investments designed to allow participants to buy and sell without the usual trade settlement period for individual stock transactions. Ownership is measured in units of the fund instead of shares of common stock. Participants cannot elect to reallocate their investment funds if that would result in greater than 25% of their account invested in the Hasbro Stock Fund. The fair value of the cash and investments of the Hasbro Stock Fund was $14,294,146 and $23,376,244 as of December 31, 2022 and 2021, respectively.

The Plan invests in fully benefit-responsive synthetic guaranteed investment contracts ("synthetic GICs") as part of offering the JP Morgan Stable Asset Fund investment option to participants. Participant contributions to this fund are primarily used to purchase units of commingled funds, which are invested in a high-quality fixed income portfolio. The synthetic GICs are comprised of wrapper contracts and underlying investments.

The Company enters into wrapper contracts with insurance companies which provide a guarantee with respect to the availability of funds to make distributions from this investment option. These contracts are carried at contract value in the participants' accounts. The issuer of the wrapper contracts is contractually obligated to repay the principal, as well as a specified interest rate that is set on a quarterly basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The JP Morgan Stable Asset Fund and the wrapper contracts purchased are designed to pay all participants at contract value. However, certain events limit the ability of the Plan to transact at contract value. These events include but are not limited to premature termination of the contracts by the Plan or Plan termination. The Plan Sponsor has not expressed any intention to take either of these actions.

The synthetic guaranteed investment contracts in the JP Morgan Stable Asset Fund as of December 31, 2022 and 2021 are summarized below:

	Major Credit Rating	Investments at Contract Value
December 31, 2022		
Transamerica Premier Life Insurance Company	A+	$ 16,858,735
Pacific Life Insurance Company	AA-	16,863,424
Voya Insurance and Annuity Co.	A+	16,869,305
Metropolitan Life Insurance Company	AA-	16,866,613
All Contracts		$ 67,458,077
December 31, 2021		
Transamerica Premier Life Insurance Company	A+	$ 17,323,597
Lincoln National Life Insurance	AA-	17,324,818
Voya Insurance and Annuity Co.	A+	17,330,639
Metropolitan Life Insurance Company	AA-	17,325,902
All Contracts		$ 69,304,956

Participant accounts in the JP Morgan Stable Asset Fund are credited with interest at a fixed rate that is based on an agreed-upon formula as defined in the contracts. The rate typically resets quarterly; however, the rate may reset more frequently under certain circumstances. The primary variables which could impact the future crediting rates include (1) the amount and timing of participant contributions, (2) transfers and withdrawals into/out of the contract, (3) the current yield of the assets underlying the contract, (4) the duration of the assets underlying the contract and (5) the existing difference between fair value of the securities and the contract value of the assets within the insurance contract. The crediting rate of security-backed contracts will track current market yields on a trailing basis. The rate reset allows the contract value to converge with the fair value of the underlying portfolio over time, assuming the portfolio continues to earn the current yield for a period of time equal to the current portfolio duration.

(4) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, an affiliate of the Trustee and Recordkeeper, and, therefore, qualify as party-in-interest transactions. The Plan had 3,560,541 and 3,854,636 units of the Fidelity Growth Company Pool commingled fund valued at $125,544,675 and $202,676,759, respectively, as of December 31, 2022 and 2021. The Plan also had cash and cash equivalents in the Fidelity Short-term Investment Fund of $2,424,474 and $2,624,566, respectively, as of December 31, 2022 and 2021. Additionally, the Plan holds investments in shares of Hasbro, Inc. common stock, the Plan Sponsor. The Plan had 223,146 and 218,159 shares of Hasbro, Inc. common stock valued at $13,614,137 and $22,204,223, respectively, as of December 31, 2022 and 2021. These transactions qualify as exempt party-in-interest transactions.

(5) Plan Termination

Upon termination of the Plan and trust, each participant thereby affected shall be entitled to receive the full value of the participant’s vested account balance in accordance with the terms of the Plan as of the final valuation date. The Trustee shall make payments of such amounts as directed by the Plan Administrator.

Although the Company has not expressed any intent to do so, it reserves the right to terminate the Plan at any time subject to ERISA provisions.

(6) Risks and Uncertainties

The Plan provides for investments in various funds, which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic and political risks, regulatory changes, and foreign currency risk. In addition, participants may elect to invest up to 25% of their contributions in the Hasbro Stock Fund. The underlying performance of this fund is dependent upon the performance of the Company and the market's evaluation of such performance. The Plan's exposure to a concentration of credit risk is subject to the Plan's investment funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements.

(7) Federal Income Taxes

The Internal Revenue Service issued a determination letter on July 19, 2016, stating that the Plan and its underlying trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since the effective date of the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan’s financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(8) Fair Value Measurements

The Plan measures certain assets at fair value. The fair value hierarchy consists of three levels: Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access; Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Plan had the following assets measured at fair value in its Statements of Net Assets Available for Plan Benefits:

		Fair Value Measurements Using:		
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Total Investments and Cash	$ 919,379,660	919,379,660	—	—

Cash and cash equivalents are held in money market funds valued using published quotes.

Hasbro, Inc. Common Stock: Valued at the composite closing price reported on The Nasdaq Global Select Market.

Mutual Funds and Commingled Funds are valued at the quoted market price as reported by the fund and are redeemable on a daily basis. The quoted market prices represent the NAV of shares held by the plan at year-end.

The availability of observable market data is monitored to assess the appropriate classification of the Plan's investments within the fair value hierarchy. For the years ended December 31, 2022 and 2021, there were no changes in the fair value hierarchy methodology and no transfers of assets between levels within the fair value hierarchy.

(9) Subsequent Events

Subsequent events have been evaluated through June 28, 2023, the date the financial statements were available to be issued.

(10) Reconciliation to Form 5500

The accompanying financial statements are presented on the accrual basis of accounting and include certain accrued administrative expenses and employer contributions receivable which are not accrued on the Form 5500.
