Plan Administrator
Farwest Corrosion Control Company 401(k) Salary Reduction Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Farwest Corrosion Control Company 401(k) Salary Reduction Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Independent Auditor's Report (Continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FARWEST CORROSION CONTROL COMPANY
401(K) SALARY REDUCTION PLAN

Notes to Financial Statements

December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Farwest Corrosion Control Company 401(k) Salary Reduction Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution savings plan sponsored by Farwest Corrosion Control Company (the "Company", "employer" or "Plan administrator"), pursuant to Section 401(k) and related provisions of the Internal Revenue Code ("IRC"), and was established effective June 30, 1975.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

The Plan has implemented certain provisions under the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"), the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act"), and the SECURE 2.0 Act of 2022. These laws change the Plan to, among other provisions, allow certain eligible individuals to receive Coronavirus-related relief for loan repayments, suspend required minimum distributions and delay the commencement date for required minimum distributions. The optional features within these acts have not been implemented to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable laws and IRS guidance.

As of November 2022, the Company is under new ownership.

B. Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and custodial services are provided by Minnesota Life Insurance Company. Recordkeeping services are provided by Securian Financial Group.

1. DESCRIPTION OF THE PLAN (CONTINUED)

C. Eligibility

The Company's employees who are not leased employees, union employees or non-resident aliens become eligible to participate in the Plan on the first day of the quarter after completing one year of service and at least 1,000 hours of service as defined by the Plan.

D. Contributions

Each year participants may make voluntary pretax contributions to a traditional 401(k) account or after-tax contributions to a Roth 401(k) account from eligible compensation, as defined in the Plan document, subject to limitations imposed by applicable Internal Revenue Service ("IRS") regulations. Additionally, participants who attain age 50 by the end of the year may elect to make certain make-up contributions subject to limitations imposed by applicable IRS regulations.

The Plan provides for discretionary employer contributions including matching contributions of 50% of participant deferrals up to a maximum of four percent of eligible compensation. Total employer matching contributions amounted to \$139,001 for the year ended December 31, 2022.

E. Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, reduced by withdrawals and certain administrative fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

F. Vesting

Participants' voluntary contributions and rollovers plus actual earnings thereon immediately vest. Vesting in the employer contribution portion of their accounts is based upon years of credited service.

1. DESCRIPTION OF THE PLAN (CONTINUED)

F. Vesting (Continued)

The Plan provides for the following vesting of a participant's account balance:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

G. Investment options

Investments held under the Plan are participant-directed and consist of various investment fund alternatives available under the Plan. The investment fund alternatives available at December 31, 2022 included: stable value, general bond, US stock, international stock, strategic/alternatives, balanced and other funds. Participants may change the investment allocation in their accounts, both as to existing investments and future contributions, at any time, subject to any restrictions that may be imposed by the particular investment or investment fund selected by the participant.

H. Notes receivable from participants

A participant may borrow from their account an amount not in excess of fifty percent of the participant's vested interest or \$50,000, whichever is less. Loan transactions are treated as transfers between the investment and participant loan accounts. The loans are secured by the balance in the participant's account and bear interest at prime plus two percent. Principal and interest is paid ratably not less frequently than quarterly. If loan payments are not made in accordance with the terms of the loan, a deemed distribution may occur in the amount of the unpaid loan balance.

I. Payment of benefits

Participants in the Plan may make a complete or partial withdrawal of the vested amounts held in the participant's account upon termination, retirement, death, disability, or attainment of age 59½. Participants may also withdraw from vested accounts while employed (in-service distributions) providing that certain Plan requirements are met.

1. DESCRIPTION OF THE PLAN (CONTINUED)

I. Payment of benefits (continued)

Upon termination, a participant may elect to receive the vested current value of their account in a lump sum distribution. If the vested account value is less than \$5,000, the account is rolled over into an IRA unless the participant elects otherwise. If the vested account value is more than \$5,000, the account will remain in the Plan unless the participant elects otherwise. Unvested amounts are forfeited upon termination.

J. Forfeited accounts

Forfeitures may be used to reduce employer contributions, reallocated as additional employer contributions or used to pay Plan expenses. At December 31, 2022, the total amount of non-vested forfeitures totaled \$5,380.

K. Plan expenses

Expenses of maintaining the Plan are generally paid by the Company. The Plan provides that administrative expenses not paid by the Company are charged to the Plan. Fees charged to the Plan totaled \$3,510 for the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting and are in conformity with accounting principles generally accepted in the United States of America. Accordingly, contributions to the Plan and interest and dividend income are recognized as earned, and realized gains and losses and net unrealized appreciation (depreciation) of fair value of investments are recognized as they occur. Plan benefit payments and withdrawals are recognized when paid.

B. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

FARWEST CORROSION CONTROL COMPANY
401(K) SALARY REDUCTION PLAN
Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Investment valuation and income recognition

Investments of the Plan are recorded at fair value. See Note 3 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis and dividends, if applicable, are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

D. Expenses

Certain expenses incurred for maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in the net change in fair value of investments.

E. Notes receivable from participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

The Plan management has adopted the provision of ASU 2015-07 which removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value ("NAV") as a practical expedient.

FARWEST CORROSION CONTROL COMPANY
401(K) SALARY REDUCTION PLAN
Notes to Financial Statements
December 31, 2022

3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used at December 31, 2022 and 2021.

Pooled separate accounts:

Valued at the NAV of shares held by the Plan at year end. Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: fixed maturity securities, equity securities and cash and cash equivalents.

The preceding method might produce a fair value calculation that might not be indicative of current or future net realizable value. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Pooled separate accounts measured at net asset value	<u>\$ 6,070,437</u>	<u>\$ 9,873,678</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net depreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

During 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Minnesota Life Insurance Company ("Minnesota Life"). Minnesota Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

FARWEST CORROSION CONTROL COMPANY
401(K) SALARY REDUCTION PLAN

Notes to Financial Statements

December 31, 2022

**4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY
(CONTINUED)**

Because the guaranteed investment contract meets the criteria to be considered fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Minnesota Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021, was \$123,470 and \$28,701, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.25%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate at December 31, 2022 was 1.68%.

Transfer restrictions may exist for transfers out of the guaranteed investment contract to any competing investment option. Currently this Plan has no competing investment options. If the contract is terminated by the Plan sponsor, a market value adjustment, which reflects the contract's interest rates measured against current market rates at termination, may apply. This adjustment may result in a balance which is below the value of that principal and interest otherwise guaranteed.

5. UNAUDITED INFORMATION PROVIDED BY CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The details of the investments as of December 31, 2022 are included in the supplemental schedule located on page 17. Investment information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value held at December 31, 2022 and 2021, net depreciation in fair value of investments totaling \$1,765,434, net appreciation in contract value of investments totaling \$876 and interest income totaling \$11,380 for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified to be complete and accurate by Minnesota Life Insurance Company.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan has a guaranteed investment contract and investments in participation units held in pooled separate accounts through sub-accounts of Minnesota Life Insurance Company. Minnesota Life Insurance Company provides services to the Plan as the custodian as of December 31, 2022; therefore, these investments and transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

8. INCOME TAX STATUS

The sponsor of the pre-approved Plan has obtained an opinion letter dated March 31, 2014, in which the IRS stated that the form of the Plan was in compliance with applicable requirements of the Internal Revenue Code ("IRC") and that an employer that adopts this Plan may rely on the letter with respect to the qualification of its Plan under Code section 401(a). The Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are in general exposed to various risks, such as market and credit risks. Because of the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
