AGA Institute Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of AGA Institute Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

MAILING ADDRESS

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Information Required by ERISA

The supplemental information noted in the table of contents as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental information referred to above.

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the AGA Institute Retirement Plan (the Plan), sponsored by American Gastroenterological Association, Inc. (the Company), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, participant-directed 403(b) thrift plan covering substantially all employees of the Company except non-resident aliens, students, and, for elective deferral contributions only, employees who normally work less than 20 hours per week. The Plan was established in 1992 to enable the Company's employees to accumulate long-term savings for their retirement while benefiting from favorable tax treatment on their current salaries. There is no age requirement to participate in the Plan. Eligible employees are permitted to make elective salary deferrals immediately upon hire. Employees must complete six months of service to be eligible for Company contributions. The Plan's Retirement Committee is responsible for oversight of the Plan while the Plan's Investment Committee determines the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions, and participant loans. The Plan has not yet been formally amended to reflect any provisions outlined in the CARES Act as of the report date; however, effective April 2020, the Plan is operating under procedures that provide the relief allowed by the CARES Act available to participants regarding distributions and loans.

Contributions

Each year, participants may contribute up to the maximum limit established by the Internal Revenue Code (IRC) on a pre-tax or after-tax basis and may change their elective deferral at any time. Participants who have attained 15 years of service or age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Company makes a qualified non-elective contribution of 7.00% of all eligible employees' compensation for the plan year. Company contributions totaled \$594,321 for the year ended December 31, 2022.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

The Plan's investments are held by Principal Financial Group (Principal), Teachers Insurance Annuity Association (TIAA) and College Retirement Equities Fund (CREF). Principal serves as the Plan's investment manager and custodian. Participants direct employer and employee contributions to the investment options available from Principal and may change their elected investment

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

options/allocations at any time. Although TIAA and CREF are still the insurance carriers of certain Plan's assets, participants no longer direct contributions to TIAA and CREF investment options.

Principal and TIAA maintain an individual account for each participant. Contributions made on a participant's behalf under the Plan are directly allocated to that participant's account and are invested, based on the individual's direction in mutual funds, variable annuities, a pooled separate account, and/or guaranteed investment contracts.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts with Principal a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loan repayment term shall not be longer than five years, unless the loan is for the purchase of a principal residence, in which case the term of the loan will be similar to that from a commercial lending institution. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with commercial lending rates at the time the note is taken out. Principal and interest are paid ratably through monthly payroll deductions.

Plan Loans

Prior to January 1, 2022, participants could borrow directly from TIAA, an issuer of the Plan, using a portion of their Plan account as security for the loan. The minimum loan was \$1,000 and could be up to the lesser of \$50,000 or 45% of their account balance. The loans were not withdrawn from participant account balances but were instead paid from the general funds of TIAA and secured by each participant's vested account balance. Plan loans outstanding as of December 31, 2022 and 2021, totaled \$40,164 and \$60,446, respectively, which includes principal and accumulated interest. The loans bear interest at variable rates that range from 4.00% to 6.53% and mature through 2024. The interest rates are subject to adjustment on a quarterly basis throughout the term of the loan, which is typically five years. Loans used to purchase a primary residence can be repaid over 10 years. Principal and interest are paid ratably through monthly payroll deductions. If a participant defaults on their loan repayment, TIAA removes the defaulted amount from the participant's guaranteed annuity contract balance and then treats it as a taxable distribution to the participant. The Plan Administrator has concluded that plan loans are not Plan assets. Accordingly, these loan balances are excluded from the statements of net assets available for benefits. Effective January 1, 2022, TIAA no longer issues plan loans. Existing plan loans will continue under the original terms unless a participant chooses to convert their plan loan to a participant loan.

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Plan Loan Default Fund

During the years ended December 31, 2022 and 2021, there were no loans withdrawn by TIAA from participant account balances due to loans in default. The Plan Loan Default Fund (PLDF) is used to report as Plan assets the activity related to the collateral for TIAA plan loans considered to be in default. The funds are placed in the PLDF account, and remains invested in the TIAA traditional annuity, which is reported at contract value. The funds remain in the Plan until a termination event occurs, at which time the funds are used to repay the loan. At December 31, 2022 and 2021, the PLDF totaled \$29,276 and \$28,025, respectively, and is included in investments at contract value in the statements of net assets available for benefits.

Payment of Benefits

The Plan permits withdrawals when a participant terminates employment, reaches retirement age or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships, when a participant attains age 59½, or from prior rollovers into the Plan. Benefits are payable in lump-sum payments, installments, or annuity contracts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian and insurance carriers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year, and indirect investment expenses.

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments, the Plan Administrator deems the participant loan to be in default, and a distributable event has occurred, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through July 24, 2023, the date the financial statements were available to be issued. See Note 11.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable annuities: Variable annuities (or CREF funds) are valued at the daily unit value published on NASDAQ. The CREF funds are not traded on this exchange. The value of the unit holder's investment rises and falls with the return of the underlying assets in the fund. The CREF funds represent investments in variable annuities invested in equities, global equity, index, fixed income, lifecycle, and money market funds. The accounts allow for daily redemptions and contributions.

Pooled separate account: The pooled separate account, which consists of TIAA Real Estate, has certain redemption terms regarding frequency. The TIAA Real Estate fund invests primarily in real property and real estate related investments and, on occasion, holds securities. The fund is valued at daily unit value published on NASDAQ but is not traded on this exchange. The value of the unit holder's investment rises and falls with the return of the underlying assets in the account.

Guaranteed investment contract: The Plan's non-benefit responsive investment contract is measured at contract value, which approximates fair value. Contract value equals accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less withdrawals and transfers, if any. This determination is based on TIAA's credit ratings and yields during 2022 and 2021 being comparable to similar alternative investments and the interest rate, which resets annually,

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

being comparable to a 10-year treasury bond rate. Significant changes in these assumptions could result in a material difference between contract value and fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total

4. FULLY BENEFIT-RESPONSIVE GUARANTEED INVESTMENT CONTRACTS

The Plan has a traditional fully benefit-responsive guaranteed investment contract with TIAA (TIAA traditional annuity). A traditional investment contract is an arrangement in which the Plan owns only

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

the contract itself, rather than the investments that underlie the contract. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The PLDF discussed in Note 1 is invested in the TIAA traditional annuity and is also fully benefit-responsive.

The Plan also has a fixed income fund (FIF) fully benefit-responsive guaranteed investment contract with Principal. Principal commingles the assets of the FIF with other assets in its general account. The account is credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal at a specified interest rate that is guaranteed to the Plan.

The above contracts are fully benefit-responsive and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TIAA and Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The contract value of the TIAA traditional annuity, including the PLDF, at December 31, 2022 and 2021, was \$187,845 and \$259,027. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. The contract value of the FIF at December 31, 2022 and 2021, was \$690,874 and \$134,757. The crediting interest rate is based on a formula agreed upon with the issuer. Prior to December 31, 2022, the crediting interest rate could not be less than 1% or greater than 3%. Effective December 30, 2022, the crediting interest rate may not be less than 0.15% or greater than 3%.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive contracts is dependent on the third-party issuers' abilities to meet their financial obligations. The issuers' abilities to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuers or participants. Such events include:

- 1) The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or failure of the trust to be tax-exempt under section 501(a) of the IRC;
- 2) Premature termination of the contracts;
- 3) Plan termination or merger;
- 4) Changes to the Plan's prohibition on competing investment options; and/or
- 5) Bankruptcy of the Company or other Company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include:

- 1) An uncured violation of the Plan's investment guidelines;
- 2) A breach of material obligations under the contracts;
- 3) A material misrepresentation; and/or
- 4) A material amendment to the agreements without the consent of the issuers.

The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with the issuers are probable of occurring.

Investment contracts that are not fully benefit-responsive are included in the financial statements at fair value as reported by TIAA. TIAA concludes that fair value approximates contract value for the TIAA annuity investments at December 31, 2022 and 2021.

5. INFORMATION CERTIFIED BY CUSTODIAN AND INSURANCE CARRIERS

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by Plan management and agreed to or derived from information certified as complete and accurate by Principal, the custodian, and TIAA and CREF, the insurance carriers, of the Plan:

- Investments and notes receivable from participants balances included in the statements of net assets available for benefits at December 31, 2022 and 2021, and in the notes to the financial statements.
- Investment loss, net and interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and in the notes to the financial statements.
- Information included in the accompanying schedule of assets (held at end of year).

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

The Plan's investments are managed and/or held by Principal, the custodian, and TIAA and CREF, the insurance carriers. Transactions by the Plan in funds offered by the custodian and insurance carriers qualify as party in interest transactions which are exempt from the prohibited transaction rules of ERISA.

Certain administrative functions of the Plan are performed by management, employees of the Company, third party administrators, and the custodian, and therefore these transactions qualify as party in interest transactions. No member of management or employee receives compensation from the Plan.

AGA INSTITUTE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Fees paid by the Plan to parties in interest for custodial, recordkeeping, and other administrative services totaled \$72,740 for the year ended December 31, 2022.

The Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as party in interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would remain 100% vested in their entire account balance and the assets would be allocated among participating employees and beneficiaries in proportion to their respective account balances.

8. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2017, that the Prototype Non-standardized 403(b) Plan adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
