INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
A & M Transport, LLC
Employee Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A&M Transport, LLC Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
A & M Transport, LLC
Employee Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of A&M Transport, LLC Employee Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE SAVINGS PLAN
Notes to Financial Statements

1. Description of the Plan

The following description of the A & M Transport, LLC Employee Savings Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General. Established by A & M Transport, LLC (the Company) on October 1, 1993, the Plan is a tax qualified defined contribution plan formed for the benefit of all eligible employees of the Company. The Plan includes a salary deferral arrangement commonly called a 401(k) plan. Under such provisions, employees are able to make tax deferred contributions to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Generally, all employees of the Company who have attained the age of 18 are eligible to participate in the Plan upon completion of 30 consecutive days of service.

Sponsors. The Plan has been adopted by the following companies and the assets available for benefits include those allocated to participants of the group.

- A & M Transport, LLC
- Jake's Holdings, Inc.

The above employers are a control group and are treated as a single employer for Department of Labor's reporting purposes.

Contributions. Employee elective deferral contributions represent amounts by which an eligible employee has elected a reduction in taxable compensation in consideration of the Company contributing such amounts to the Plan. Such contributions are excluded from the participant's taxable income until received as a distribution from the Plan. Total employee contributions are limited by various Internal Revenue Code (IRC) provisions. Employees over 50 years of age may make additional annual "catch-up" contributions as allowed by the IRC. The Plan also provides that refunds may be made to certain participants in order to comply with certain statutory limits.

A participant will be eligible to commence elective deferrals on the first entry date following the satisfaction of the eligibility requirements. Entry dates are the first day of each calendar month. A participant may commence, recommence, cease, or change the amount of the deferral at their discretion, becoming effective for the next payroll period. The Plan contains an automatic enrollment provision whereby participants who do not make an affirmative election to the contrary will be automatically enrolled to make elective deferral contributions at a rate of 4% of eligible compensation for each payroll period.

1. Description of the Plan (Continued)

The Plan also provides that the Company may make discretionary matching and/or nonelective employer contributions to the Plan. There is no hours requirement to receive an allocation of nonelective contributions if a participant is employed with the sponsor on the last day of the plan year. If a participant terminates prior to the end of the plan year, they will receive an allocation of nonelective contributions if they completed more than 500 hours of service during the plan year. If a participant terminates before completing more than 500 hours of service, they will share in the allocation of any nonelective contributions if termination is on account of death, disability, or retirement at or beyond age 65. Nonelective contributions are allocated based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants. From January 1, 2021 to April 30, 2021, the Company matched 25% of employee contributions, up to \$50 per month. Effective May 1, 2021, the Company matched 25% of employee contributions, up to \$100 per month and no more than \$1,200 per year, totaling \$87,675 and \$65,158 for the years ended December 31, 2022 and 2021, respectively. Employer contributions shown on the statements of changes in net assets available for benefits are net of forfeitures applied. There were no nonelective employer contributions made for either year.

Participant Accounts. Individual accounts are maintained for each plan participant to reflect the participant's elective deferral, rollover, and employer contributions. These individual accounts are self-directed by the participants, allowing the participants to choose the investment combination they wish from numerous available funds. If a participant is automatically enrolled, the participant's contributions will be invested in a designated fund until elected otherwise. Income and loss is allocated to the participants' accounts based on the investment performance of the funds the participants are invested in. The benefit to which a participant or beneficiary is entitled is the benefit that can be provided from the participant's vested account.

Investment Options. The plan trustee has selected an annuity contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock) that contains various pooled separate accounts (PSA) from which the participants may choose. Each participant instructs John Hancock as to how the assets are to be invested. The Plan maintains no investments which are not directed by the plan participants.

Participant Notes Receivable. Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance (reduced by certain participant notes outstanding at the time the new note is taken or anytime within the 12 months prior to the date of the new note). Note transactions are treated as a transfer between the investment fund and the participant note fund. Note terms are up to five years, or such longer period as the plan administrator deems appropriate in the case of a note used for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 6.75%. Principal and interest are paid ratably through payroll deductions.

A & M TRANSPORT, LLC
EMPLOYEE SAVINGS PLAN
Notes to Financial Statements

1. Description of the Plan (Continued)

Vesting. Participants are immediately 100% vested in their elective deferral and rollover contribution accounts. Vesting in the employer contribution accounts is 20% after two years of service and increases by 20% for each additional year of service until the participant is 100% vested after six years of service. For vesting, a year of service is a plan year during which the participant completes 1,000 hours of service. If termination is due to death, disability, or retirement, a participant is considered 100% vested, even if the participant has not been credited with six years of vesting service.

Payment of Benefits. On termination of service, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in their account in a lump-sum amount. The Plan allows in-service distributions of employee deferral contributions of at least \$500 after attaining age 62. The Plan also allows for in-service distributions if a participant suffers a hardship, as defined in the plan document.

Administrative Expenses. The plan sponsor absorbs some costs of administering the Plan and those costs are not reflected in these financial statements. The Plan pays any third-party administration fees not paid by the plan sponsor. These fees are included in administrative expenses. Certain participant transaction fees are charged directly to the participant's account and investment advisor fees are included as a reduction in net investment income.

Forfeitures. When certain terminations of a participant in the Plan occur, the non-vested portion of the participant's account represents a forfeiture. However, if the participant is re-employed and fulfills certain requirements, as defined in the Plan, the participant's account may be reinstated. Forfeitures may be held in suspense and can be used to pay plan administrative expenses, reduce employer contributions, or restore previously forfeited accounts. During 2022 and 2021, participants forfeited \$17,946 and \$10,107 respectively, which has been or will be used to reduce employer contributions. As of December 31, 2022 and 2021, there were no unallocated forfeited non-vested amounts available for future offset.

2. Summary of Significant Accounting Policies

Basis of Reporting. The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts in the statements of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(Continued)

See independent auditors' report.

A & M TRANSPORT, LLC

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation. Investments are stated at fair value. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. GAAP also allows for a practical expedient whereby the net asset value (NAV) of investment units owned by the Plan, which meet certain conditions, is used as a substitute for fair value.

The fair value framework requires the categorization of assets and liabilities into three levels based upon the ability to observe the inputs used to value the assets and liabilities. The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Level One provides the most reliable and observable measure of fair value, whereas Level Three generally requires significant judgment. The fair value hierarchy is categorized into three levels based on the inputs as follows:

- Level One - Unadjusted, quoted prices in active markets for identical assets and liabilities.
- Level Two - Observable inputs, other than those included in Level One. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.
- Level Three - Unobservable inputs reflecting assumptions about the inputs used in pricing the asset or liability.

Purchases and sales of securities are recorded on a trade-date basis. The cost of investments sold for the purpose of computing gains and losses is based on average cost. The Plan presents in the statements of changes in net assets available for benefits, the net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses, and the unrealized appreciation or depreciation of those accounts.

Participant Notes Receivable Valuation. Participants' notes receivable are carried at unpaid principal balance plus accrued interest. Interest on participant notes receivable is reported as other income on the statements of changes in net assets available for benefits.

(Continued)

See independent auditors' report.

A & M TRANSPORT, LLC
EMPLOYEE SAVINGS PLAN

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties. The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and, that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits. Benefits are recorded when paid. There were no amounts allocated to participants who have elected to withdraw from the Plan but have not yet been paid as of December 31, 2022 and 2021.

Subsequent Events. The Plan evaluates subsequent events and the evidence they provide about conditions existing at the date of the statements of net assets available for benefits as well as conditions that arose after the statements of net assets available for benefits date but before the financial statements are issued. The effects of conditions that existed at the date of the statements of net assets available for benefits are recognized in the financial statements. Events and conditions arising after the statements of net assets available for benefits date but before the financial statements are issued are evaluated to determine if disclosure is required to keep the financial statements from being misleading. To the extent such events and conditions exist, disclosures are made regarding the nature of events and the estimated financial effects for those events and conditions. For purposes of preparing the accompanying financial statements and the notes to these financial statements, the Plan evaluated subsequent events through July 5, 2023, the date the financial statements were available for issue.

3. Fair Value Measurement

The Plan's only investments recorded at fair value are investments in PSAs. Units held in PSAs are valued using the NAV practical expedient of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, divided by the number of units outstanding. The NAV practical expedient of a PSA is calculated based on a compilation of primarily observable market information. These investments are redeemable daily at NAV by participants and have no commitment provisions.

In accordance with GAAP, all investments valued using the NAV practical expedient have not been classified in the fair value hierarchy.

3. Fair Value Measurement (Continued)

The fair valuation methodology used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial investments could result in a different fair value measurement at the reporting date.

The following sets forth the significant investment strategies of significant PSAs as of December 31, 2022 and 2021:

- *John Hancock Multimanager Aggressive Lifestyle Portfolio* - Seeks to achieve long-term growth of capital by investing 100% of the portfolio's assets in underlying portfolios that invest primarily in equity securities.
- *John Hancock Multimanager Balanced Lifestyle Portfolio* - Seeks to achieve a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital, by investing approximately 40% of the portfolio's assets in underlying portfolios that invest primarily in fixed-income securities and approximately 60% of its assets in underlying portfolios that invest primarily in equity securities.
- *John Hancock Multimanager Growth Lifestyle Portfolio* - Seeks long-term growth of capital by investing approximately 80% of the portfolio's assets in underlying portfolios that invest primarily in equity securities and approximately 20% of its assets in portfolios that invest primarily in fixed-income securities. Current income is also a consideration.
- *John Hancock Stable Value Fund* - Seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long-term.

See independent auditors' report.

4. Contract with Insurance Company

The plan investments are held in an annuity contract issued by John Hancock. The annuity contract includes various PSAs, each of which invests in an individual mutual fund or common collective trust fund and is reported at fair value.

Participants electing to invest in the stable value fund PSA can generally transact in the fund at NAV on a daily basis. A participant may be subject to restrictions on payments or transfers out of the fund for withdrawals that are plan-directed. In the event the Plan or plan sponsor cause a withdrawal from a participant's account, the trustee of the trust fund underlying the PSA has the option to delay payment for up to 12 months. If the trustee of the fund exercises this option, a contract holder may elect to receive payment without such delay but may be subject to the application of a market value adjustment factor. The amount paid is then the number of units surrendered times the unit value on the withdrawal date, minus the market value adjustment. The plan administrator does not believe that the occurrence of any such event, which would cause a withdrawal to be transacted at other than NAV, is probable.

At the beginning of each month, John Hancock announces an interest rate that applies to all money in the stable value fund PSA during that month. During period of high market volatility, the rate may be reset more frequently.

There are no reserves against the fair value of the annuity contract for credit risk of the contract issuer or otherwise.

The plan sponsor can discontinue contributions to the contract at any time by giving written notice to John Hancock. John Hancock may deem a discontinuance to occur and terminate the contract based on factors outlined in the contract, primarily dealing with plan disqualification, sponsor's bankruptcy or other discontinuance of business, lack of participation, or insufficient assets in the Plan.

See independent auditors' report.

5. Information Certified by John Hancock

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, has certified that the following investment information included in the accompanying financial statements is complete and accurate:

Total investments, participant notes receivable, and cash and cash equivalents as shown in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.

Total investment income and interest on participant notes receivable as shown in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2022 and 2021.

All investment and participant loan related information in the accompanying supplemental Form 5500, Schedule H, part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

6. Income Tax Status

The Plan utilizes a prototype plan document and relies on the opinion letter issued to the prototype document sponsor. The prototype document sponsor received an opinion letter on June 1, 2022, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since the prototype document sponsor received the opinion letter. However, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and as a result, the Plan qualifies under Section 401(a) and the related trust is tax exempt as of December 31, 2022 and 2021. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditors' report

7. Related-Party Transactions

John Hancock is the manager of the PSAs underlying the Plan's investment in the annuity contract. As manager, John Hancock receives fees from the managed accounts, which affect investment performance. Participants have access to fund prospectuses which include this expense information.

John Hancock also has an administrative service contract with the Plan. Under this agreement, John Hancock is responsible for, among other things, maintaining participant account records and making participant account information available to the participants by means of telephone and internet. Total fees paid by the Plan under this contract amounted to \$22,267 and \$27,865 for the years ended December 31, 2022 and 2021, respectively.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

See independent auditors' report.
