Report of Independent Auditors

To the Plan Participants and the Plan Administrator of The AES Corporation Retirement Savings Plan:

Opinion

We have audited the financial statements of The AES Corporation Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the

aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion of the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The AES Corporation Retirement Savings Plan

Notes to Financial Statements

As of December 31, 2022 and 2021, and for the year ended December 31, 2022

1. PLAN DESCRIPTION

The AES Corporation Retirement Savings Plan (the “Plan”) was established on April 1, 1989. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan’s provisions.

General — The Plan is a defined contribution plan covering substantially all full-time and part-time employees of The AES Corporation (the “Company” or “AES”) and its participating subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). New employees are immediately able to participate in the Plan.

Contributions — All contributions to the Plan are made in cash. Participants may make pre-tax or Roth contributions up to 85% of their annual compensation as well as after-tax contributions subject to annual maximum limits determined by the Internal Revenue Service (the “IRS”).

The Company matches up to 5% of each participant’s annual compensation, as defined by the Plan, subject to the annual maximum determined by the IRS. Starting January 1, 2017, the Company makes non-elective contributions equal to 4% of the participant’s compensation, subject to the annual maximum limits determined by the IRS.

If the Company exceeds the midpoint of predefined financial metrics, the Company may contribute discretionary profit sharing of up to 1% of the participant’s compensation, at management’s discretion. The Company did not award any profit sharing contributions for the year ended December 31, 2022.

Participant Accounts — Each participant’s account is credited with the participant’s and the employer’s contributions, and the earnings on investments in the participant’s account. The benefit to which a participant is entitled is the vested portion that can be provided from the participant’s account.

Vesting — Participants are immediately vested in their pre-tax, Roth, after-tax and matching contributions including earnings thereon. Vesting in employer profit sharing and non-elective contributions is based on the years of credited service. A participant vests 20% per year of service and is fully vested after five years of credited service or upon attainment of normal retirement age.

Notes Receivable from Participants — Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Participants may obtain up to three loans from the Plan in aggregate amounts up to the lesser of (a) \$50,000 or (b) 50% of a participant’s vested account balance. The loans are collateralized by the balance in the participant’s account and bear a fixed interest rate, based on the federal prime lending rate plus 0.5%, determined at the commencement of the loan. Interest on all loans is allocated to the participant’s account from which the loan was funded. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans as of December 31, 2022, ranged from 3.75% to 8.50% with maturities ranging from 2022 to 2032.

Payment of Benefits — Payment of benefits depends on a participant’s vested account balance and the reason for termination.

In the case of termination of employment for reasons other than death, if the value of a participant’s vested balance is:

- less than \$5,000, the Plan makes an automatic rollover to an IRA on the participant’s behalf if the participant fails to elect a direct rollover or to receive a cash lump sum payment; and
- greater than \$5,000, the participant may elect to (i) receive a lump sum distribution equal to the value of their vested account balance, or (ii) receive benefits in monthly, quarterly, semiannual or annual installments over a period not to exceed the shorter of 25 years or the participant’s life expectancy. Distributions can be made in cash, common stock of AES (to the extent the participant has vested amounts invested in AES common stock), or a combination of both.

In the case of termination of employment due to death, the entire interest in a participant's vested account balance is generally distributed no later than five years after the participant's death if distributions have not already commenced and are distributed at least as rapidly as under the method of distribution being used if distributions have commenced.

Forfeitures — At December 31, 2022 and 2021, forfeited nonvested account balances totaled \$430,584 and \$268,077, respectively. Additional forfeitures resulting from nonvested accounts of participants terminated during the year ended December 31, 2022 were \$618,534. During the year ended December 31, 2022, employer contributions were reduced by \$270,247 that was reallocated from forfeited nonvested accounts. Forfeited nonvested accounts were used to pay Plan administration expenses of \$191,184.

Voting Rights — The Plan provides that each participant is entitled to direct the Trustee as to the manner in which voting rights are exercised with respect to shares of employer stock allocated to his or her account. The Trustee does not vote any allocated shares for which timely instructions have not been given by a participant. The Plan provides that voting rights with respect to unallocated shares will be exercised in the same manner and proportion that voting rights are exercised with respect to shares allocated to participants' accounts.

Investments — The Plan is intended to constitute a Section 404(c) plan within the meaning of ERISA Section 404(c) and the regulations issued thereunder. These regulations provide relief from certain fiduciary liability to fiduciaries of individual account plans that (i) provide participants a broad range of investment alternatives and (ii) allow participants to exercise independent control over the investment of the assets in their individual accounts.

Under the terms of the Plan, participants can choose to invest their contributions to one or more of the Plan's investment funds. The AES Corporation Common Stock investment option was closed to future contributions on March 20, 2018. Participants also have the option of establishing a self-directed account which is invested pursuant to their instructions.

Plan Termination — Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Plan Administration and Related Expenses — The Plan is administered by the AES Corporation Retirement Savings Committee ("Plan Administrator") appointed pursuant to delegated Board authority of the Company's Chief Executive Officer. T. Rowe Price has been the Plan Trustee since October 1, 2015. Administrative expenses of the Plan are offset using forfeitures and revenue sharing received from investments in mutual funds and other investment options to T. Rowe Price from record keeping and related services. All remaining administrative, legal, and other expenses of the Plan are paid by the Company, except for certain expenses paid by the Plan participants, such as loan initiation fees.

Plan Amendments — Effective January 1, 2022, the Plan was amended to allow plan-to-plan transfers with respect to certain employees who transfer employment within the Company. The amendment did not have a material impact on the plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits — Benefits are recorded when paid.

Fair Value — Fair value, as defined in the fair value measurement accounting guidance, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, or exit price. The Plan applies the fair value measurement accounting guidance to determine the fair value of investments. This guidance requires the use of the principal or most advantageous market from the perspective of the reporting entity. Fair value, where available, is based on observable quoted market prices. Where observable prices or inputs are not available, several valuation techniques are applied. The process involves varying levels of judgment, the degree of which is dependent on the price transparency of the instruments or market and the instruments' complexity.

To increase consistency and enhance disclosure of the fair value of financial instruments, the fair value measurement accounting guidance contains a fair value hierarchy to prioritize the inputs used to measure fair value into three categories. A financial instrument's level within the fair value hierarchy is based on the lowest level of input significant to the fair value measurement, where Level 1 is the highest and Level 3 is the lowest. The three levels are defined as follows:

Level 1 — unadjusted quoted prices in active markets accessible by the reporting entity for identical assets or liabilities. Active markets are those in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 — pricing inputs other than quoted market prices included in Level 1 that are based on observable market data, that are directly or indirectly observable for substantially the full term of the asset or liability. These include quoted market prices for similar assets or liabilities, quoted market prices for identical or similar assets in markets that are not active, adjusted quoted market prices, inputs from observable data such as interest rate and yield curves, volatilities or default rates observable at commonly quoted intervals or inputs derived from observable market data by correlation or other means.

Level 3 — pricing inputs that are unobservable, or less observable, from objective sources. Unobservable inputs should only be used to the extent observable inputs are not available. These inputs maintain the concept of an exit price from the perspective of a market participant and should reflect assumptions of other market participants.

The carrying amount of financial assets not measured at fair value on a recurring basis, including participant and employer contributions receivable, receivables for securities sold, and participant loans, approximates their fair value.

Investments and Revenue Recognition — The Plan's investments are stated at fair value. Money market and other mutual funds are stated at their quoted market prices. All Plan investments that are classified within the fair value hierarchy are actively traded in an open market to support classification of the fair value measurement as Level 1.

The Plan's investments in collective investment trusts are valued using the net asset value quoted by the trustee, which is the readily determinable fair value and the basis for current transactions. The net asset value is calculated by each fund's manager based on the fair value, as determined by the investment provider, of the underlying assets held by the fund less its liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as those held during the year.

New Accounting Pronouncements — As of December 31, 2022, there were no new accounting standards issued and not yet adopted that would have a material impact on the Plan's financial statements.

3. INVESTMENTS

All of the Plan's investments are measured at quoted market prices in active markets for identical assets except for its investments in collective investment trusts, which are measured at net asset value. The following table sets forth the Plan's investments by type:

	Pricing Category	December 31,	
		2022	2021
Collective Investment Trusts	Level 1	\$ 333,433,286	\$ 382,091,380

The Company's stock is traded on the New York Stock Exchange. The Plan's investment in the Company's stock is stated at the closing quoted price. At December 31, 2022 and 2021, the closing quoted price of the Company's common stock was \$28.76 and \$24.30 per share, respectively.

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Notes receivable from participants represents receivables from officers and employees of the Company ("the Plan Sponsor"), including the Plan Administrator. Under ERISA rules, these transactions are not prohibited and they qualify as exempt party-in-interest transactions. See Note 1—*Plan Description* for additional information regarding notes receivable from participants.

In the ordinary course of business, participants invest in various investment options determined by the AES Corporation Retirement Savings Plan Committee. These investment options are based on the recommendations of the Plan's investment advisor, an unrelated party. The Plan also owns an investment sponsored by the Trustee, T. Rowe Price. Under ERISA rules, these transactions are not prohibited and they qualify as exempt party-in-interest transactions. Additionally, at December 31, 2022 and 2021, the Plan held 2,850,585 and 3,012,620 shares, respectively, of AES common stock, the sponsoring employer, with a cost basis of \$32,165,539 and \$33,176,479, respectively. Dividends earned by the Plan on the Company's common stock were \$1,712,831 for the year ended December 31, 2022.

5. TAX STATUS

The Plan received a determination letter from the IRS dated July 13, 2017, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Subsequent to receiving this determination by the IRS, the Plan was amended. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term, and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits. The fair value of the Plan's investment in AES's stock as of December 31, 2022 was approximately \$81,982,837, which exposes the Plan to concentration risk. As discussed in Note 1—*Plan Description*, this investment option was closed to future contributions in March 2018.

7. SUBSEQUENT EVENTS

Effective January 1, 2023, the Plan was amended to reflect the merger of the Community Energy Solar, LLC 401(k) Plan ("CES Plan") into the Plan, including maintaining certain benefits provided under the CES Plan regarding participants with disabilities, adding a qualified reservist distribution, and providing for vesting of 100% of discretionary contributions, including profit sharing contributions, to a participant who dies while actively employed. These amendments are not expected to have a material impact on the Plan.
