To the Plan Administrators of
the Norton Energy Drilling, LLC 401(k) Plan
Lubbock, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Norton Energy Drilling, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (continued)

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule listed in the accompanying table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 4, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Norton Energy Drilling, LLC 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Plan Description

The following description of the Norton Energy Drilling, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a contributory, defined contribution plan covering substantially all employees of Norton Energy Drilling, LLC (the Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility. Employees are eligible to participate in the Plan after completing two months of employment and attaining the age of 18. Plan entry dates are on the first day of the month coinciding with or next following satisfaction of the eligibility requirements.

Contributions. Under the Plan, both the participant and the Sponsor can make contributions. Participant contributions are subject to the limitations provided for in Section 401(k) of the Internal Revenue Code (the Code). Effective, January 1, 2016, participants without an Elective Deferral election will be automatically enrolled in the Plan at 3% of each employee's compensation. However, employees may at any time complete a salary deferral agreement to elect an alternate deferral amount or to elect not to contribute to the Plan. Participants may change their contributions on either the Plan entry date or the first day of any subsequent calendar quarter.

Prior to May 1, 2020, the Sponsor contributed an annual safe harbor non-elective contribution on behalf of each eligible participant equal to 100% of the participant's salary deferrals that did not exceed 3% of their compensation, plus 50% of the participant's salary deferrals between 3% and 5% of their compensation. Effective May 1, 2020, The Plan was amended to remove the Sponsor's safe harbor matching contribution requirement, and the Sponsor has not contributed to the Plan since that date. The Sponsor may make discretionary profit-sharing contributions to the Plan, as determined annually. In order to receive profit sharing contributions, the participant must be employed on the last day of the Plan year and have completed at least 720 hours of service during the year. The Sponsor did not make any profit-sharing contributions to the Plan for the years ended December 31, 2021 and 2020.

Participant Accounts. Each participant's account is credited with the participant's contributions, as well as the Sponsor's safe harbor contributions and allocations of any profit-sharing contributions, along with the investment earnings or losses thereon, and allocations of any administrative expenses. Sponsor profit sharing contributions, if any, are allocated pro rata based on participant compensation.

Vesting. Participants are always 100% vested in their accounts and the earnings thereon, including any and all Sponsor contributions.

Forfeitures. Participants are always fully vested in their accounts, thus the Plan has no forfeitures.

Notes Receivable from Participants. Participants may borrow from their account a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their account balance. Loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50% based on the local prevailing rates at the time the loans were made. Loans are for a period not to exceed five years and principal and interest are paid ratably through payroll deductions each pay period.

Payment of Benefits. Upon termination of service due to disability or retirement, the participant may elect to receive a lump-sum amount equal to the balance of the participant's account, or substantially equal installments over a period not to exceed the participant's lifetime or the assumed lifetime of the participant and beneficiary. If a participant dies before distribution of their account begins, distribution of the entire account must be completed by December 31st of the calendar year containing the fifth anniversary of death. Distributions to terminated participants will be made as soon as administratively feasible and an automatic, single lump-sum distribution will be made to those participants with a vested balance below \$5,000. If the participant dies prior to receiving all benefits under the Plan, the balance of the participant's account is paid to the beneficiary. Hardship distributions are also allowed under the Plan.

Notes to Financial Statements
December 31, 2021 and 2020

Note 1: Plan Description (continued)

Plan Termination. Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2: Summary of Significant Accounting Policies

The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), including specialized industry practices as specified in the American Institute of Certified Public Accountants audit and accounting guide titled *Audits of Employee Benefit Plans*.

Use of Estimates. Financial statements prepared in conformity with GAAP require management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Values. Investments are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants. Loans to participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Costs. Certain administrative services and the use of office fixtures and equipment are provided to the Plan by the Sponsor, with no provision for these costs included in the accompanying financial statements. These costs were not significant for the years ended December 31, 2021 and 2020. All other administrative expenses are recognized when incurred.

Prohibited Transactions. A "party-in-interest" is a fiduciary or employee of the Plan, any person who provides services to the Plan, the Sponsor or an employee association whose members are covered by the Plan, a person who owns 50 percent or more of the Sponsor or such employee association or relatives of such person just listed. Under ERISA, a Plan fiduciary is prohibited from causing the Plan to engage in the following transactions with a party-in-interest, with certain conditional exemptions provided by ERISA:

- A sale, exchange, or lease of property;
- A loan or other extension of credit;
- The furnishing of goods, services, or facilities;
- A transfer of plan assets to a party-in-interest for the use or benefit of a party-in-interest; or
- An acquisition of employer securities or real property.

A fiduciary is also generally prohibited from using the Plan's assets for his or her own interest or account, acting in any Plan transactions on behalf of a party whose interests are adverse to those of the Plan or its participants and receiving consideration for his or her own account from a party dealing with the Plan in connection with a transaction involving the Plan's assets.

The Plan did not engage in any prohibited transactions for the years ended December 31, 2021 and 2020.

Note 3: Income Tax Status

The Internal Revenue Service (IRS) has issued an opinion letter determining that the prototype non-standardized plan is acceptable under Section 401 of the Code. It is not a ruling or determination as to whether the Plan itself qualifies under Section 401(a) of the Code. However, an employer adopting the prototype non-standardized plan may rely on the opinion letter with respect to the qualification of its plan under Code section 401(a).

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. Although the Plan has been amended since receiving the opinion, the plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. There are currently no audits for any tax periods in progress. Generally, the Plan's tax returns are subject to examination for three years after they are filed.

Note 4: Data Prepared and Certified by Custodian

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by MassMutual Life Insurance Company (MassMutual).

	<u>2021</u>	<u>2020</u>
Mutual funds	\$ 3,388,676	\$ 3,006,016
Guaranteed interest contract	984	971
Notes receivable from participants	<u>155,201</u>	<u>219,479</u>
	<u>\$ 3,544,861</u>	<u>\$ 3,226,466</u>

For the years ended December 31, 2021 and 2020, MassMutual has also certified the completeness and accuracy of the \$404,681 and \$319,174 net appreciation in fair value of the Plan's investments, respectively, as well as the interest income totaling \$8,763 and \$14,067, respectively. Certain investments are shares of mutual funds managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 5: Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

Note 5: Fair Value Measurements (continued)

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

The fair values of guaranteed interest contracts are based on yields currently available on comparable securities of issues with similar credit ratings.

Note 6: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with such securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 7: Reconciliation of Financial Statements to Form 5500

The Form 5500 is a joint-agency form, developed by the IRS, the U.S. Department of Labor, and the Pension Benefit Guaranty Corporation, which may be used to satisfy the annual reporting requirements of the Code and Titles I and IV of ERISA. The Plan is required to file a Form 5500 annually, with audited financial statements enclosed. Certain accounting principles and/or the methods of application underlying the accompanying financial statements and the Plan's Form 5500 are different, generating timing differences between corresponding amounts presented therein. Accordingly, reconciliations of amounts presented in the accompanying financial statements and the Plan's Form 5500 follow:

"Net Assets Available for Benefits" per the accompanying financial statements and the Plan's Form 5500 are reconciled as follows:

	<u>2021</u>	<u>2020</u>
Net assets available for benefits as reported in the financial statements	\$ 3,544,861	\$ 3,227,441
Less: Accrued contributions receivable	<u> —</u>	<u> 975</u>
As reported in the Form 5500	<u>\$ 3,544,861</u>	<u>\$ 3,226,466</u>

"Increase in Net Assets Available for Benefits" per the accompanying financial statements and the Plan's Form 5500 are reconciled as follows:

	<u>2021</u>	<u>2020</u>
Increase (decrease) in net assets available for benefits as reported in the financial statements	\$ 317,420	\$ (1,113,166)
Plus: Change in accruals	<u> 975</u>	<u> 59,265</u>
As reported in the Form 5500	<u>\$ 318,395</u>	<u>\$ (1,053,901)</u>

Note 8: Party-in-Interest Transactions

During 2020, the Sponsor failed to remit participant contributions to the Plan in a timely manner, as defined by ERISA. This instance has been corrected. The delinquent contributions are considered nonexempt party-in-interest transactions, which may result in an imposition of a 15 percent excise tax on the amount of the transactions. The Sponsor has compensated participants for any lost earnings resulting from the delay in contributions. Lost earnings associated with the delinquent contributions totaled \$25. These nonexempt transactions do not affect the tax status determination of the Plan, and the Sponsor intends to pay any fines imposed.

Note 9: Subsequent Events Evaluation

The Plan was amended and restated effective January 1, 2022, and the Sponsor's safe harbor matching contributions were reinstated.

Management has evaluated subsequent events through October 5, 2022, the date which the financial statements were available to be issued.
