Independent AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of the
PROG Holdings Employee Retirement Plan

Opinion

We have audited the accompanying financial statements of the PROG Holdings Employee Retirement Plan (the Plan), formerly the Aaron's Inc. Employees Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the PROG Holdings Employee Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the PROG Holdings Employee Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the PROG Holdings Employee Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of PROG Holdings Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the PROG Holdings Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PROG Holdings Employee Retirement Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of the Plan

The following description of the PROG Holdings Employee Retirement Plan (the "Plan") is provided for general information purposes only. More complete information regarding the Plan may be found in the Plan document, which is available to all participants upon request.

General

The Plan (previously the Progressive Leasing Employee Retirement Plan) was renamed to the PROG Holdings Employee Retirement Plan in 2021. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and covers substantially all employees of PROG Holdings and its subsidiaries. The Plan is administered by the Employee Benefits Committee (the "Committee") appointed by the Compensation Committee of the Board of Directors of PROG Holdings, Inc. (the "Company" or "PROG Holdings").

Eligibility

Employees are eligible to participate in the Plan on the first day of the month following 30 days of employment, as defined in the Plan document.

Contributions

Participation in the Plan is voluntary. Participants may elect to make before-tax, Roth and/or after-tax contributions up to 75% of their annual compensation, as defined in the Plan document, in the form of a salary deferral, pursuant to Section 401(k) of the Internal Revenue Code (the "Code") and subject to the limitations contained therein. The aforementioned before-tax and Roth participant contributions were generally limited to a combined annual limit of \$20,500 and \$19,500 in 2022 and 2021, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to a maximum of \$6,500 in both 2022 and 2021. Prior to January 1, 2022, for participants with one year of service and a minimum of 1,000 hours of service, the Company provided a Safe Harbor match equal to 100% of the first 3% and 50% of the next 2% of the elective before-tax and/or Roth deferral of annual compensation that a participant contributes to the Plan. Effective January 1, 2022, the Plan was amended such that after 90 days of service, the Company provides a Safe Harbor match equal to 100% of the first 3% and 50% of the next 2% of the elective before-tax and/or Roth deferral of annual compensation that a participant contributes to the Plan. Participants may also contribute ("rollover") amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each participant. Participants direct their contributions and the Company's matching contributions into various investment options offered by the Plan and can change their options on a daily basis, subject to certain insider trading rules with respect to investments into and out of the PROG Holdings, Inc. Common Stock Fund. Each participant's account is credited with the participant's contributions, rollovers, the Company's contributions and earnings on the investments in their accounts and charged with specific transaction fees and allocated certain administrative and recordkeeping fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Effective January 1, 2013, the Plan was amended to allow for immediate vesting of the Company's matching contributions and earnings thereon made on or after January 1, 2013. Company matching contributions made prior to January 1, 2013 continued to vest at the prior vesting schedule rates of 20% after two years of service and 20% per year thereafter until the participant is fully vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their vested balances in the Plan at a minimum of \$1,000 and up to a maximum equal to 50% of their vested account balance or \$50,000, subject to certain restrictions and limitations set forth in the Plan document and the Code. Loan terms can range from one to five years, or 15 years if used for the purchase of a principal residence. The Plan document permits that only one loan may be outstanding per participant in the Plan at one time. Maturities at December 31, 2022 ranged from one to 15 years. The loans are secured by the vested balance in the participant's account and bear interest at the Prime Rate plus 1%. Interest rates on outstanding loans generated by the Plan as of December 31, 2022 ranged from 4.25% to 8.50% and as of December 31, 2021, ranged from 4.25% to 8.50%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

A participant's total vested account balance is payable either in a lump-sum distribution or by regular periodic installments upon his or her retirement, death, or disability. In the event of a participant's death or permanent and total disability, his or her interest in the Plan will become fully vested.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate financial need and who meet one of the specific circumstances defined in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service ("IRS"), and before requesting a hardship withdrawal, all requirements must be met in order for a request to be approved.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. The Company does not expect to be reimbursed by the Plan for payment of these expenses. Additional administrative and recordkeeping fees are paid by the Plan, to service providers of the Plan, which qualify as party-in-interest transactions. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses on the statements of changes in net assets. Investment related expenses are included in net change in fair value of investments on the statements of changes in net assets. Some of the investment funds provide for a revenue sharing arrangement with the Plan in which fund expenses are credited to the Plan to pay for certain administrative expenses, such as record keeping and investment advisory fees.

PROG Holdings, Inc. Common Stock Fund

The Plan invests in common stock of the Company through its Common Stock Fund. The Common Stock Fund may also hold cash or other short-term securities, although these are expected to be a small percentage of the fund. Dividends received by the Common Stock Fund are reinvested in Company common stock.

The Plan limits the amount a participant can invest in the Common Stock Fund to encourage diversification of participants' accounts. Contribution limits are set at a maximum of 10% of a participant's contributions. In addition, a participant may not transfer amounts from other investment funds into the Common Stock Fund to the extent the transfer would result in more than 10% of the participant's total account balance being invested in the Common Stock Fund.

Each participant is entitled to exercise voting rights attributable to the shares of Company stock allocated to their account. Participants also have the opportunity to direct the trustee whether they wish to participate in a tender or exchange offer.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination (or permanent discontinuance of contributions to the Plan), all amounts credited to the accounts of the participants would become fully vested. The Plan's assets would be distributable to the participants in accordance with the respective values of their accounts.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Management of the Company determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. Refer to Note 3 for further discussion of fair value measurements.

Purchases and sales of common stock are recorded on a trade-date basis. Interest income is recorded when received. Dividends on common stock are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income on notes receivable from participants is recorded when it is received. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

4. Tax Status

The Plan received a determination letter from the IRS dated June 6, 2016, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to the determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan Administrator believes the Plan continues to be qualified and that the related trust is tax-exempt.

U.S. generally accepted accounting principles require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

5. Transactions With Parties-in-Interest

The Plan's investment in the Schwab Bank Savings Fund Account is managed by the Charles Schwab Trust Company (Schwab), the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Plan's investments in the Vanguard Mutual Fund Accounts are managed by the Vanguard Group, which is a beneficial owner of greater than 5% of the Company's common stock. Therefore, these transactions qualify as party-in-interest transactions.

The Plan held 22,898 and 15,357 shares of the Company's common stock valued at \$386,747 and \$692,775 at December 31, 2022 and 2021, respectively.

6. Risks and Uncertainties

The Plan invests in various investment securities, including the Company's common stock. Investment securities are exposed to various risks, such as interest rate, currency, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Market risks include U.S. and global events which could impact the value of Plan investments. Such events would include healthcare crises, international conflicts, supply chain disruptions, global monetary policy decisions, significant exogenous economic influences, significant increases in the rates of inflation or interest, significant cybersecurity attacks, etc.

7. Subsequent Events

Management evaluated subsequent events for the Plan through June 27, 2023, the date the financial statements were available to be issued.
