INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Eden Autism Services, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the accompanying financial statements of Eden Autism Services, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibilities for the Audits of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matter (Continued)

Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EDEN AUTISM SERVICES, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN

The following description of the Eden Autism Services, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that became effective on July 1, 1983, and has subsequently been amended and restated, for the employees of Eden Autism Services, Inc. and Eden Autism Services Foundation (collectively the "Employer"), as defined in the Plan document. The Employer, a 501(c)(3) organization, is the Plan Administrator and Sponsor. The Plan is available to all employees of the Employer who are scheduled to work 20 or more hours per week, immediately upon hire. There is no minimum service requirement for a participant to enroll in the Plan. The Plan is subject to Section 403(b) of the Internal Revenue Code (the "Code") and to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Under a contract with the Employer, Principal Trust Company (the "Trustee" or "Principal") is the trustee for the Plan, receives contributions, maintains the participants' individual accounts, offers investment options, and pays benefits to participants and their beneficiaries. TIAA and CREF (collectively, the "Custodians"), are the custodians of the Plan, maintain certain participants' individual accounts, offer investment options, and pay benefits to participants and their beneficiaries.

The Plan was restated effective January 1, 2021, to conform with Internal Revenue Service ("IRS") requirements.

Contributions

Each year, participants may elect to defer any percentage of their eligible compensation, as defined in the Plan document, subject to Code specific limits. Participants may also roll over amounts representing distributions from other qualified plans. Unless an employee is excluded from participating, elects to not participate, or elects a different percentage, the Employer will withhold 3% of the employee's compensation each payroll period. This amount automatically withheld for a participant increases by 1% on July 1 of each year, up to a maximum withholding of 6%.

The Employer may make discretionary matching contributions to the Plan. The percentage of elective deferral contributions to be matched by the Employer, if any, is a percentage determined annually by the Employer's Board of Directors in accordance with Board Policy. Matching contributions are determined on a pay period basis and are made for all persons who are actively deferring at any time during that pay period. Any discretionary matching percentage determined by the Employer will apply to all eligible participants and is subject to the Plan's vesting provisions. For the year ended December 31, 2022, the Employer's discretionary match was 3%.

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Employer's discretionary matching contribution, and Plan earnings (losses) and is charged with an allocation of investment expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

EDEN AUTISM SERVICES, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN (CONTINUED)

Participants' Accounts (Continued)

Participants direct the investment of their account balances into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Participants may select from investment options available under the Principal 403(b) Program and the TIAA and CREF 403(b) Program. Participants are only permitted to transfer funds between investment funds at the Custodians, from the Custodians to Principal, and between their investment funds at Principal. Participants are not permitted to transfer funds from Principal to the Custodians.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of service. For participants with an employment commencement date prior to July 1, 2015, Employer contributions are subject to a two-year cliff vesting schedule, whereby an employee with less than two years of service is 0% vested, and after two years of service, the participant is 100% vested; for employees with an employment commencement date after July 1, 2015, an employee is 100% vested after five years of credited service (20% per year). Qualified non-elective and safe harbor contributions made prior to January 1, 2013, are 100% vested.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All notes receivable have a definite repayment period, not to exceed five years, or for additional years if issued for the purchase of a primary residence, and are amortized on a level basis. A participant may not have more than one loan outstanding at any point in time. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions. The interest rate on notes receivable from participants was 4.25% to 8.50% at December 31, 2022, and 4.25% to 6.50% at December 31, 2021.

Plan Loans

Loans are available to participants who invest through the Custodians, subject to certain limitations. Plan loans are issued directly from the funds owned by the Custodians, and loan proceeds are not removed from a participant's account balance. However, a portion of the participant's TIAA Traditional Annuity Contract ("Traditional Annuity") account balance is reserved, or held as collateral, to cover 110% of the outstanding loan amount for the period of time the loan is outstanding.

At December 31, 2022 and 2021, participants had outstanding Plan loan balances due to the Custodians of \$110,589 and \$117,547, respectively. These loans were collateralized by Traditional Annuity account balances of \$121,647 and \$129,301 as of December 31, 2022 and 2021, respectively. These amounts are included in the Traditional Annuity account balances reported in the accompanying statements of net assets available for benefits. Participants pay interest on their Plan loans to the Custodians; this interest expense is offset by the income received by the participants on the collateralized annuity contracts.

EDEN AUTISM SERVICES, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF PLAN (CONTINUED)

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future Employer contributions or to pay Plan related expenses. Forfeited non-vested balances were \$0 and \$4 at December 31, 2022 and 2021, respectively. During 2022, \$9,082 and \$3,173 of forfeitures were used to reduce Employer contributions and pay Plan expenses, respectively.

Payment of Benefits

Unless otherwise elected, on termination of service due to death, disability, or normal retirement, a participant or beneficiary will receive 100% of his or her vested account balance as a life annuity (if not married) or a joint and survivor annuity (if married). If a valid election is made, a participant may elect to receive payments in another form, such as a lump-sum payment or single withdrawal, subject to Plan and regulatory restrictions. Upon termination of service for other reasons, and subject to IRS regulations, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or have the amount deposited directly into another qualified retirement account. Hardship withdrawals are permitted under certain circumstances. Participants' deferred contributions are suspended for a period of six months following hardship withdrawal. In addition, active participants over 59 1/2 are eligible to receive a distribution of their vested account balance in accordance with the terms of the Plan.

Administrative Expenses

The Plan's administrative expenses are paid primarily by the participants, as provided by the Plan document. Certain expenses, such as loan origination fees, are borne by the participant. The Employer absorbs certain administrative expenses of the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Trustee and Custodians. See Note E for discussion of fair value measurements.

EDEN AUTISM SERVICES, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions during the years ended December 31, 2022 and 2021.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Subsequent Events

Management has evaluated subsequent events for potential recognition and disclosure that occurred through July 25, 2023, the date the financial statements were available to be issued. No items were determined by management to require disclosure.

C. INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE AND CUSTODIANS

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, Form 5500, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), that was prepared by or derived from information provided by the Trustee and Custodians and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and Custodians that are in accordance with 29 CFR 2520.103-5 and as such, are sufficient for reliance as permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under these standards, no further auditing procedures are required with respect to this information which appears throughout the financial statements and supplemental schedule related to the following assets:

D. INVESTMENTS IN FIXED ANNUITY ACCOUNTS

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including the Retirement Annuities ("RA") contract type held by the Plan. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. Participants' principal, plus a specified minimum rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. TIAA, at its discretion, may credit additional interest in any year; therefore, the average yield was 4.24% for the year ended December 31, 2022. For accumulating RA contracts, the crediting interest rate was 4.60% from January 1, 2022 through April 30, 2022; 5.85% from May 1, 2022 through October 31, 2022; and 6.60% from November 1, 2022 through December 31, 2022.

All RA contracts require withdrawals in the form of a lifetime payout annuity or in periodic installments over a 10-year period. Therefore, the RA contracts are not fully benefit-responsive; balances in these contracts at fair value totaled \$3,728,597 and \$3,687,073 at December 31, 2022 and 2021, respectively. When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

E. FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EDEN AUTISM SERVICES, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

E. FAIR VALUE MEASUREMENTS (CONTINUED)

- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets.
 - Quoted prices for identical or similar assets or liabilities in less active markets.
 - Inputs other than quoted prices that are observable for the asset or liability.
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is calculated as of the close of the New York Stock Exchange ("NYSE") each day the NYSE is open.

Pooled Separate Account: Pooled separate account consists of the TIAA Real Estate Account ("REA"), which is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. The REA funds variable annuity contracts issued by TIAA. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA General Account provides the REA with a liquidity guarantee by ensuring that the REA has funds available to meet participant redemption, transfer or cash withdrawal requests executed at quoted unit values.

E. FAIR VALUE MEASUREMENTS (CONTINUED)

Variable Annuity Accounts: Variable annuity accounts are valued at NAV as reported to the Plan by the Custodians. Data regarding NAVs is available daily to plan administrators and client investors on the Custodians' website and provide sufficient corroborative evidence to ascertain the relationship between each fund's NAV and the values of individual underlying holdings. Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Fixed Annuity Accounts: Fixed annuity accounts consist of the TIAA Traditional Annuity Non-Benefit Responsive account, which is reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3). The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting certain types of contracts within the TIAA Traditional Annuity account. In determining the reasonableness of the methodology, Plan management evaluates a variety of factors including a review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms, while others are substantiated utilizing available market data. See Note D for discussion of the TIAA Traditional Annuity contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Changes in Fair Value Levels

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of Level 3.

Level 3 Gains and Losses

F. PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer may terminate, amend, modify or suspend the Plan in whole or in part at any time. No such change is currently being contemplated; however, in any such event, the participants' right to their vested benefits is nonforfeitable.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

H. TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan Administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes that the Plan is qualified, and the related custodial accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no material uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

I. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are invested in mutual funds and an insurance company general account managed by Principal Financial Group, an affiliate of the Plan's Trustee. The Plan also invests in mutual funds, fixed annuity contracts, variable annuities and a pooled separate account managed by TIAA and CREF, the Custodians of the Plan. In addition, the Plan permits notes receivable from participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

For the year ended December 31, 2022, the Plan paid \$25,080 of administrative expenses to the Trustee.
