Pella Mid-Atlantic, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pella Mid-Atlantic, Inc. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator and Participants of
Pella Mid-Atlantic, Inc. 401(k) Profit Sharing Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Plan Administrator and Participants of
Pella Mid-Atlantic, Inc. 401(k) Profit Sharing Plan

Auditor's Responsibilities for the Audit of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 , is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Plan Administrator and Participants of
Pella Mid-Atlantic, Inc. 401(k) Profit Sharing Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan, established on September 1, 1987, is a defined contribution plan. The Plan covers all eligible employees of Pella Mid-Atlantic, Inc. (the Company), and its affiliates, Estate Construction Company, LLC and WindowPro, LLC (collectively, the Companies). The Plan is subject to the provisions of ERISA.

Effective June 30, 2020, the Principal Financial Group prototype plan was amended and restated in accordance with the Cycle 3 Restatement as required by the IRS. Accordingly, the plan administrator executed a new Adoption Agreement, to be effective July 1, 2022. There were no significant changes to plan provisions as a result of this amendment and restatement. In conjunction with the amended and restated Adoption Agreement, the Plan executed a directed trustee agreement with Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (Principal) effective July 1, 2022.

Eligibility - The Plan covers substantially all employees of the Companies who have completed 90 days of service, as defined by the Plan. Employees who are covered by a collective bargaining agreement, leased employees and residents of Puerto Rico are not eligible to participate in the Plan. Employees may enter the Plan upon satisfying these requirements. Prior to January 15, 2021, employees could enter the Plan on the first day of the following month upon satisfying these requirements.

Contributions - Each year, participants may elect to contribute 1% to 100% of eligible compensation, as defined, up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax deferral or after-tax Roth contributions. Under the Plan's auto enrollment provision, pre-tax deferral contributions of 4% of eligible compensation are automatically elected for eligible employees, unless otherwise directed by the employee. Participants who are automatically enrolled in the Plan will have their deferral percentages automatically increased by one percent each January 1st, up to a maximum of 10% of eligible compensation.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Companies may provide discretionary matching and non-elective contributions as determined by the Board of Directors. For 2022, the discretionary matching contribution was equal to 20% of the first \$3,000 of participants' elective deferral contributions (including catch-up and after-tax Roth contributions), totaling \$111,448, net of forfeitures. The discretionary non-elective contribution is to be allocated to participants in the same ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. No discretionary contributions were made for 2022.

Participant Accounts - Each participant's account is credited with the participant's contributions and the Companies' contributions, as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PELLA MID-ATLANTIC, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Investment Options - Participants may direct the investment of their contributions and the Companies' contributions into a group annuity contract with Principal Life Insurance Company (PLIC). The group annuity contract offered by the Plan contains various registered investment companies, pooled separate accounts and the Principal Fixed Income Guaranteed Option (PFIGO). For those participants who do not make an investment selection, their contributions and the related Companies' contributions are automatically invested in the Plan's qualified default investment account.

Vesting - Participants are immediately vested in their contributions and earnings thereon. Vesting in the Companies' contributions is based upon years of service. A participant is 100 percent vested after four years of service. Regardless of the vesting schedule, a participant who is an employee (or their beneficiary) will become fully vested upon reaching normal retirement age of 65, becoming eligible for early retirement at age 55, or due to death or total and permanent disability.

Notes Receivable from Participants - Participants may borrow from the deferral portion of their fund accounts a maximum loan amount equal to the lesser of \$10,000 or 50% of the participant's vested account reduced by any outstanding loan balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Only one note may be outstanding at a time and its repayment period cannot exceed five years. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits - Benefit payments may be in the form of lump sums, partial payments or annuities. Upon termination of employment, death or disability, a participant will receive an amount equal to the value of the participant's account. Nonvested amounts will remain in the participant's account until they incur a one year break in service. The Plan shall make mandatory distributions, following severance from employment, of vested account balances that are less than \$5,000. Distributions from a participant's rollover account may be made at any time. Hardship and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Companies' contributions (due to participants' termination prior to full vesting) are to be used to pay plan expenses or reduce the Companies' contributions. Forfeitures not used to pay plan expenses or reduce the Companies' contributions will be allocated to eligible participants as of the last day of the plan year. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$9,866 and \$7,976, respectively. During 2022, forfeitures of \$7,307 and \$270 were used to offset plan expenses and the Companies' contributions, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

PELLA MID-ATLANTIC, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Basis of Accounting - continued - Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in the PFIGO, which is considered to be fully benefit-responsive. The Statements of Net Assets Available for Benefits present the contract value of the fully benefit-responsive investment contract.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and Principal. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit Values - Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the accounts, but do have an interest therein represented by units valued daily. The accounts' earnings are automatically reinvested in additional units. Generally, contributions to and withdrawals from each account are converted to units by dividing the amounts of such transactions by the unit values last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant. The daily unit value is calculated by dividing the expense adjusted assets (as defined) by the total number of units outstanding.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes are reclassified as distributions based on the terms of the plan document. However, after termination of employment, to prevent a note from being delinquent, a participant may choose to continue to repay the loan.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment. PLIC charges asset based recordkeeping and ERISA budget fees and fees related to the administration of notes receivable from participants and participant distributions. These fees are charged directly to the participant's account and are included in administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts (PSAs): The value of a PSA is the market value of the underlying assets of the PSA plus income accrued but not yet received less operating expenses accrued but not deducted, if any.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022.

	<u>Assets at Fair Value as of December 31, 2022</u>

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021.

	<u>Assets at Fair Value as of December 31, 2021</u>

Investments at fair value				<u>\$ 13,701,096</u>

Certain registered investment companies and the PSAs held by the Plan as of December 31, 2022, limit the number of transactions allowed and have various transfer restrictions in place to protect against the negative impact of market timing on investment option performance. However, generally the PSAs are not subject to withdrawal limitations, can be redeemed on a daily basis and do not have unfunded commitments.

NOTE 4 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest income on notes receivable from participants and dividend and interest income for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal, a qualified institution.

NOTE 5 - PRINCIPAL GROUP ANNUITY CONTRACT

The Plan has entered into a Group Annuity Contract (Contract) with PLIC offering the PFIGO. PLIC maintains the assets in a general account of PLIC and is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed investment contract does not have specific underlying assets assigned, thus is considered a traditional investment contract.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. The contract value represents contributions made under the Contract, plus earnings, less any participant-directed withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investment at contract value.

Amendment No. 6 to the Contract was executed on July 26, 2022 and replaces all pages, endorsements and riders from the previous contract. Relevant changes made to the provisions of the Contract include new vintage schedules effective June 1, 2022, composite crediting rate changes and a change to the excess transfer percentage in the surrender charge calculation.

PELLA MID-ATLANTIC, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 5 - PRINCIPAL GROUP ANNUITY CONTRACT - CONTINUED

In general, payments and transfers are made in full within 3 business days after the date payment or transfer has been requested. In the event market conditions are such that it is determined that they will not allow for the orderly transfer or sale of financial instruments, up to an additional 30 days may be required to make such payments or transfers. Should the plan sponsor terminate the Contract, a twelve month notice is required and depending on the cumulative transfer percentages, a surrender charge of 5% may apply.

The crediting interest rate is based on a formula agreed upon with the issuer, and under the terms of the existing contract, the composite crediting rate (as defined) is reset on a semiannual basis and will never be less than the guaranteed minimum interest rate (as defined). In no case will the guaranteed minimum interest rate be less than 1% (1.5% prior to October 1, 2022) or greater than 3%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring. There are no reserves against the investment contract for credit risk of the contract issuer or otherwise.

NOTE 6 - TAX STATUS

The IRS has determined and informed PLIC, by a letter dated June 30, 2020, that the prototype plan adopted by the Plan effective July 1, 2022, is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The IRS had determined and informed PLIC, by a letter dated August 8, 2014, that the prototype plan adopted by the Plan through June 30, 2022, was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since it received the opinion letter, the plan administrator believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

PELLA MID-ATLANTIC, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 7 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments consist of pooled separate accounts and the PFIGO managed by PLIC. PLIC and Principal, the directed trustee of the Plan (effective July 1, 2022), are affiliates of Principal Financial Group and therefore, these transactions qualify as party in interest transactions.

PLIC provides certain administrative services to the Plan pursuant to the Service and Expense Agreement (the Agreement) between the Plan and PLIC. Pursuant to the Agreement, the Plan pays asset-based recordkeeping and ERISA Budget fees. ERISA Budget fees are used to pay the Plan's investment advisor and other administrative costs of the Plan. In addition, affiliates of PLIC and PLIC receive, as additional compensation, certain fees from one or more of the Plan's investment funds and PLIC may earn compensation in the form of short-term interest (float) on certain funds in connection with the Plan. The Plan or Companies may make payments to PLIC for administrative expenses not covered by the above fees. Participants also pay transactional fees relative to the administration of notes receivable and participant distributions. Fees paid by the Plan to PLIC amounted to \$73,016 for the year ended December 31, 2022.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits. For the years ended December 31, 2022 and 2021, 22% and 26%, respectively, of net assets available for benefits is invested in the PFIGO. As such, this is considered to be a concentration of credit risk.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 25, 2023, the date the financial statements were available to be issued.
