INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Plan Participants of
Seoyon E-Hwa Interior Systems Alabama, LLC Employees' Savings Trust, and
Board of Directors of Seoyon E-Hwa Interior Systems Alabama, LLC:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Seoyon E-Hwa Interior Systems Alabama, LLC Employees' Savings Trust (the "Plan"), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for the year ending December 31, 2023.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental information, Schedule H, Part IV, line 4i - Schedule of Assets as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. For information included in the supplemental schedule that is agreed to or derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion, the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

Seoyon E-Hwa Interior Systems Alabama, LLC. (the “Company” and the “Plan Sponsor”) sponsors the Seoyon E-Hwa Interior Systems Alabama, LLC Employees’ Savings Trust (the “Plan”), which is a defined contribution plan. Substantially all employees of the Company who are age of 21 and have completed 90 days of service are eligible to participate to the Plan. The Plan began on January 1, 2008 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Contributions

Participants may elect to defer amount up to 100% of pre-tax annual compensation as defined in the Plan, not to exceed the dollar limit, \$20,500 for 2022, which is set by law. Participants who have attained at least age 50 are eligible to defer additional amounts (catch-up contributions). The maximum catch-up contribution in 2022 was \$6,500. The Company matched 50% of participants’ elective deferral, not exceeding 2% of participants’ compensation. The Plan also permits rollover contributions from other retirement accounts. Rollover contributions are placed in the participant’s account and are subject to the rules for investment established by the plan administrator. The annual dollar limit for combined contributions (excluding catch-up contributions) cannot exceed the lesser of \$61,000 or 100% of participants’ annual compensation. After 2022, the dollar limit for all contributions may increase for cost-of-living adjustments.

Vesting

Participants are always 100% fully vested in account attributable to salary deferrals including catch-up contribution, rollover contributions, and actual earnings thereon. Participants whose employment terminates for any reason other than death, disability, attainment of age 65, normal retirement age, will be vested in matching contributions accounts to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of 50% of their vested account balance or \$50,000. Participants may only have one loan outstanding at any time and repayment of the loan is secured by participants’ vested account balances. The period of repayment cannot exceed five years. The interest rate is established by the Plan Administrator in a nondiscriminatory manner.

Participants Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution of Benefits

A participant may receive a distribution of the vested portion of some or all of accounts throughout a single lump-sum payment, upon reaching the normal retirement age, disability, death or termination of employment for reasons other than death, disability or retirement. All distributions from the Plan will require participant consent if vested account (including any rollover contribution account) balance exceeds \$5,000. And a participant may also withdraw the vested value of a participant's account in the event of a participant's heavy and immediate financial hardship. Hardship distributions may not exceed the amount of participant's financial hardship. If a participant receives a hardship distribution, the right to make contributions will be suspended for at least six months.

Forfeitures

If a participant terminates employment before becoming 100% vested in his or her account balance and receives a distribution of the vested matching contributions, the non-vested portion will be forfeited upon distribution made. Forfeited amount will be used to administrative expenses or applied to reduce future matching contributions. For the year ended December 31, 2022, the non-vested portion that was forfeited totaled \$4,324. At December 31, 2022, outstanding balance of forfeited account amounts to \$3,769.

Top-Heavy Plan

If the Plan becomes top-heavy, when more than 60% of the Plan's assets are in the accounts of key employees, in any plan year, then non-key employees will be entitled to certain "top-heavy minimum benefits", and other special rules will apply. Among these top-heavy rules, the Plan Sponsor may be required to make a contribution on a participant's behalf in order to provide with at least "top-heavy minimum benefits".

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying statements of net assets available for benefits and changes in net assets available for benefits have been prepared on the accrual basis of accounting.

SEOYON E-HWA INTERIOR SYSTEMS ALABAMA, LLC
EMPLOYEES' SAVINGS TRUST
Notes to Financial Statements
Year Ended December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of the Plan assets and liabilities at the financial statement date. Accordingly, actual results may differ from those estimates.

The Plan utilizes various investment instruments including common/collective trusts and registered investment companies. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investments

The Plan's investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Distributions

Distributions to participants are recorded when paid.

Fair Value of Financial Instruments

Investments are stated at fair value. The carrying amounts for interest-bearing cash and receivables approximate their fair values due to the short-term nature of these instruments.

Note 3 – Federal Income Taxes

The Plan document is a prototype document that the Plan Sponsor adopted with specific provisions customized to meet the needs of the Plan Sponsor and the participants. The prototype document has received a favorable determination from the Internal Revenue Service that the form of the Plan is acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has been amended since receiving the original determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 4 – Plan Termination

Although it is not intended to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will become 100% vested.

Note 5 – Investment Funds

For the year ended December 31, 2022, the Plan's investment funds generated net depreciation in the fair value as follows:

Descriptions	
Registered Investment Companies	<u>\$ 411,412</u>

Note 6 – Fair Value Measurements

The FASB Accounting Standards Codification ("ASC") 820, *"Fair Value Measurements and Disclosures"*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to those valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1	Inputs: Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the reporting entity at the measurement date
Level 2	Inputs: Other than quoted prices included in Level 1 inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability
Level 3	Inputs: Unobservable inputs for the asset or liability used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset or liability at measurement date

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and to minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used for the year ended December 31, 2022.

Registered investment companies funds: Valued at the daily closing price as reported by the fund which is deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net

realizable value of reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the fair-value hierarchy levels of the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Descriptions	2022	2021
Level 1	\$ 2,103,765	\$ 2,101,916
Level 2	-	-
Level 3	-	-
	<u>\$ 2,103,765</u>	<u>\$ 2,101,916</u>

Note 7 - Party-In-Interest Transactions

Plan investments are managed by Nationwide Trust Company, the Custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest. Also, the Plan has notes receivable from participants and the related interest income. The Plan makes payments to parties in interest who provide services to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 8 - Financial Information Certified by Custodian

The following is a summary of the unaudited information regarding the Plan, as included in the Plan's financial statements and supplemental schedule prepared by or derived from information reported by the trustee of the Plan, Nationwide Trust Company for 2022 and 2021. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate at December 31, 2022 and 2021 and for the year ended December 31, 2022, as follows:

Statements of net assets available for benefits:	2022	2021
