INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Management
Select Veal Feeds, Inc. 401(k) Profit Sharing Plan
Souderton, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan**, (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan** and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan's** ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan's** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan's** ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and assets (acquired and disposed of within year), as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Select Veal Feeds, Inc. 401(k) Profit Sharing Plan

NOTES to FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION of PLAN

The following description of the **Select Veal Feeds, Inc. 401(k) Profit Sharing Plan** (the Plan) provides only general information. Participants should refer to the Plan Agreement for complete information.

General and Plan Amendment

The Plan is a defined contribution plan covering all eligible employees of Marcho Farms, Inc., Wayne A. Marcho (a sole proprietorship), and Select Veal Feeds, Inc. (collectively the Employer). Select Veal Feeds, Inc. is the Plan Sponsor and is responsible for the oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

As of January 1, 2022, the Plan was restated in its entirety to include the following required regulatory changes:

- The Bipartisan Budget Act of 2018 and final regulations relating to hardship withdrawals
- Tax Cuts and Jobs Act
- Coronavirus Aid, Relief, and Economic Security Act (CARES Act)
- Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act)

Eligibility

Employees are eligible to participate in the Plan on the first day of the month after completing two consecutive months of employment, or being credited with a year of service, and attaining the age of 20. Union employees, certain nonresident aliens, and leased employees are excluded from participation in the Plan. For purposes of employer matching and employer profit sharing contributions, employees are eligible on the first day of the month coinciding with or next following the date eligibility requirements are met. The Plan will also allow eligibility for long-term part-time employees to participate in the Plan under the provisions of the SECURE Act.

Contributions

Each year, eligible participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers).

The employer may make a discretionary matching contribution to the Plan. The matching contribution is determined each payroll period. Additional profit sharing contributions may be contributed at the discretion of the employer. The profit sharing contribution, if any, is generally allocated to eligible participants ratably as a percentage of compensation. During the years ended December 31, 2022 and 2021, \$245,944 and \$51,841 in discretionary matching contributions were made, respectively, by the employer. During the years ended December 31, 2022 and 2021, \$366,547 and \$341,017 in profit sharing contributions were made, respectively by the employer.

All contributions are invested as directed by each participant according to their investment allocation elections. Contributions are subject to certain limitations.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on his or her earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. If a participant in the Plan terminates employment other than by retirement, disability, or death, employer contributions and earnings or losses thereon vest in accordance with the following table:

Years of Service	Percent Vested
1	20%
2	40%
3	60%
4	80%
5	100%

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions from participants. Excess contributions payable were \$-0- for both years ended December 31, 2022 and 2021.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Additionally, loans were allowed under the CARES Act provisions through September 2020 with an increased maximum of \$100,000. The loans are secured by the vested balance in the participant's account. The loan interest rate, which remains fixed throughout the duration of the loan, is set at one percent above the prime rate. Principal and interest is paid ratably through weekly payroll deductions. Participants are only permitted to have one outstanding loan at a time. Repayment terms for loans may not extend beyond five years unless if requested for the purchase of a primary residence, in which case the loan repayment period can be a maximum of ten years.

Payment of Benefits

A participant shall be entitled to receive the balance held in his or her account upon termination of employment, death, disability, or attainment of normal retirement age. The normal retirement age is 65. In-service withdrawals are permitted upon attaining the age of 55. Participants may withdraw rollover accounts at any time. Hardship withdrawals are not permitted. Participant benefits may be paid as a lump sum distribution, direct rollover distribution, or a combination of the two. The Plan Administrator may automatically roll any terminated participant accounts with a balance of \$5,000 or less into an individual retirement account established on behalf of the terminated participant. The Plan Administrator may automatically distribute participant accounts with a balance of \$1,000 or less as a lump sum distribution following termination if the participant makes no election.

NOTE 1 - DESCRIPTION of PLAN (Continued)

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,189 and \$2,065, respectively. During the years ended December 31, 2022 and 2021, forfeitures in the amount of \$4,477 and \$2,745, respectively, were used to pay plan administrative expenses. These accounts can be used to reduce future employer matching contributions or future employer profit sharing contributions or to pay plan administrative expenses.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP). Current US GAAP standards are contained in the Accounting Standards Codification (ASC) as set forth by the Financial Accounting Standards Board (FASB).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. Significant estimates used in the preparation of these financial statements relate to the investments held in common collective trusts valued at net asset value (NAV).

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees, in collaboration with the Plan's investment advisor, determine the valuation policies utilizing information provided by the trustee and its related parties. The Plan's investment in the common collective trust is valued using net asset value (NAV) as a practical expedient. Plan Management determined that the practical expedient is preferable since participants are able to transact at NAV, and other fair value information is not readily available to management. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based upon the terms of the Plan Document for purposes of Form 5500 reporting. However, for purposes of the financial statement, for active participants who have not incurred a distributable event (employment termination, death, or disability), but have delinquent loans, the participant loan remains outstanding until a distributable event occurs.

NOTE 2 - SUMMARY of SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the employer and are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) in fair value of investments. The balance of administrative costs are paid by the Plan and allocated to Plan participants.

Plan Net Credits

The Plan receives net credits when revenue sharing received by the trustee exceeds fees charged by the trustee. The Plan records the receipt of net credits as a reduction to administrative expenses upon receipt. The Plan received net credits of \$20,570 and \$4,395 for the years ended December 31, 2022 and 2021, respectively, and used net credits in the amounts of \$14,231 and \$8,578 during the years then ended, respectively, to pay Plan expenses. Available net credits were \$6,445 and \$-0- as of December 31, 2022 and 2021, respectively.

NOTE 3 - INFORMATION PREPARED and CERTIFIED by the TRUSTEE (UNAUDITED)

Newport Trust Company, the trustee, held the Plan assets for the years ended December 31, 2022 and 2021. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified as complete and accurate by the trustee under 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

	2022	2021
Common Collective Trust	342,224	173,083
Registered Investment Companies	7,098,346	8,061,392
Notes Receivable from Participants	247,432	137,403

Investment income (loss) for the years ended December 31, 2022 and 2021, totaled (\$1,318,577) and \$965,735, respectively. The Plan earned interest income of \$9,287 and \$6,736 on the notes receivable from participants for the years ended December 31, 2022 and 2021, respectively.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Select Veal Feeds, Inc. 401(k) Profit Sharing Plan

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset and liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. As disclosed in Note 2, the Plan uses the common collective trust fund's NAV as a practical expedient. There have been no changes in methodologies at December 31, 2022 and 2021.

Registered Investment Companies

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

Common Collective Trust Fund

Valued at the net asset value (NAV) of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the common collective trust, the investment advisor reserves the right to temporarily delay withdrawal in order to ensure that security liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at Fair Value				8,234,475

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item present in the statements of net assets available for benefits.

Level 3 Gains and Losses

There were no level 3 investments as of or during the years ended December 31, 2022 and 2021.

NOTE 5 - INVESTMENT CONTRACT with INSURANCE COMPANY

Investments Measured Using the Net Asset Value per Share Practical Expedient

At December 31, 2022 and 2021, the Plan is invested in a common collective trust. The Reliance/MetLife Stable Value Series 25157 (the Fund), is a collective trust fund for collective investment in an annuity contract, designed for the stability of principal. The objective of the Fund is to provide preservation of capital and earnings at a rate competitive with short-term high quality fixed income investments.

The trust enters into guaranteed investment contracts. In a guaranteed investment contract, the underlying investments are owned by the trust and held in trust for Plan participants. The trust purchases a guaranteed investment contract from a high-quality insurance company or bank.

NOTES to FINANCIAL STATEMENTS

(Continued)

NOTE 5 - INVESTMENT CONTRACT with INSURANCE COMPANY (Continued)

An issuer of investment contracts has certain rights to terminate a contract and settle at an amount which differs from contract value. For example, certain breaches by the Plan of its eligibility, compliance, or representations under the terms of an investment contract can result in its termination at market value, which may differ from contract value, if the performance of the contract constitutes a prohibited transaction under ERISA or other applicable law.

The following table sets forth the investment measured using the NAV per share practical expedient as of December 31, 2022:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period for the Plan
Reliance/MetLife Stable Value Series 25157	342,224	N/A	Daily	12 Months

The following table sets forth the investment measured using the NAV per share practical expedient as of December 31, 2021:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period for the Plan
Reliance/MetLife Stable Value Series 25157	173,083	N/A	Daily	12 Months

NOTE 6 - TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Plan which received an opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Non-Standardized Pre-Approved Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this opinion letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

NOTE 7 - RELATED PARTY TRANSACTIONS and PARTY-in-INTEREST TRANSACTIONS

As previously discussed, the Plan may issue loans to participants that are secured by participant account balances. Participant loans totaled \$247,432 and \$137,403 at December 31, 2022 and 2021, respectively. Interest income from participant loans was \$9,287 and \$6,736 for the years ended December 31, 2022 and 2021, respectively. All of these transactions qualify as party-in-interest transactions.

The Plan pays for certain administrative fees charged by Newport Group, Inc. and WhartonHill Advisors, LLC, parties-in-interest to the Plan for the years ended December 31, 2022 and 2021, respectively. These fees do not constitute prohibited transactions and amounted to \$18,589 and \$24,577, for the years ended December 31, 2022 and 2021, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their discretionary employer matching and profit sharing contributions.

NOTE 9 - INVESTMENT CONCENTRATION

The Plan had investments in one mutual fund investment option that accounted for 54.86% and 57.57% of total Plan assets at December 31, 2022 and 2021, respectively. Risks associated with investment concentrations for mutual funds are mitigated due to the diverse portfolio of investments held within the funds.

NOTE 10 - RISKS and UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 21, 2023, which represents the date the financial statements were available to be issued.
