Independent Auditor's Report

To the Plan Administrator
Hemenway & Barnes 401(k) Plan
Boston, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hemenway & Barnes 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which compromise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and, for the years ended, December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 – Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to, or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Hemenway & Barnes 401(k) Plan, (the “Plan”) provides only general information about the Plan’s provisions. Hemenway & Barnes LLP (the “Partnership”) is the plan sponsor. Hemenway Trust Company LLC is an affiliated entity under the common control of the Partnership, which adopted the Plan in 2010. Participants should refer to the plan document and summary plan description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering substantially all employees of the Partnership and Hemenway Trust Company LLC after attaining 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The plan administrator is responsible for oversight of the Plan. The Plan’s Investment Committee determined the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the plan administrator.

Contributions

Effective January 1, 2022, the Plan was amended such that eligible participants may make pre-tax elective contributions and Roth 401(k) contributions of up to 100 percent of eligible compensation as defined by the Plan, subject to certain Internal Revenue Service (“IRS”) limitations after completing two consecutive months of service. Prior to the amendment on January 1, 2022, for the year ended December 31, 2021, eligible participants were allowed to make pre-tax elective contributions and Roth 401(k) contributions of up to 60 percent of eligible compensation after completing six months of service. As part of the amendment to the Plan on January 1, 2022, the Plan also adopted auto-enrollment for eligible participants. All eligible participants are auto enrolled into the Plan at a 3% deferral of eligible compensation.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans, as defined by the Plan. Participants direct the investment of their contributions into various options offered by the Plan. The Plan currently offers mutual funds, a common/collective trust, and self-directed brokerage accounts through which participants are able to invest in a variety of securities, including stocks and mutual funds.

Effective January 1, 2022, the Plan was amended to implement a safe harbor employer contribution to participants who have completed two months of service. The Plan’s safe harbor employer contributions are equal to 3% of a participant’s eligible compensation. The Plan also provides for a discretionary employer matching contribution to eligible participants who have completed one year of service. The discretionary employer matching contribution is determined by the Partnership annually. Prior to the amendment effective January 1, 2022, the Plan provided for an employer matching contribution that was equal to 50 percent of the amount of the eligible participant’s elective deferrals, not to exceed 4 percent of the participant’s eligible compensation with an end of year true-up calculation, which has since been replaced by the safe harbor employer contribution. There were no changes to the employer discretionary contribution from the amendment on January 1, 2022.

There were \$591,269 and \$1,148,597 of employer safe harbor and employer discretionary contributions, respectively, paid for the year ended December 31, 2022.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

There were \$322,346 and \$1,124,145 of employer matching and employer discretionary contributions, respectively, paid for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution and partnership contributions, as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Discretionary employer contributions are subject to vesting. For purposes of determining vesting of discretionary employer contributions made under the Plan, all years of service with the Partnership are included in determining the participant's vested interest.

A participant's discretionary employer contribution is fully vested after three years of credited service with the Partnership in accordance with the following schedule which was made effective January 1, 2022:

Years of Service	Percent Vested
Three years	100%
Less than 3 years	0%

Prior to the amendment of the Plan on January 1, 2022, a participant's discretionary employer contribution was fully vested after six years of credited service with the Partnership (vesting 20% each year after two years of credited service). Certain participant's vested balances on January 1, 2022 were adjusted to reflect the revised vesting schedule in circumstances where the amended vesting provided a larger vested balance for participants, compared to the vesting under the Plan at December 31, 2021. In circumstances where the amended vesting resulted in a decreased vested balance for a participant, a participant was grandfathered into the legacy vesting, ensuring the best possible outcome was given to participants.

Notes Receivable from Participants

A participant may borrow from their vested account balance subject to the administrative rules of the Plan. Any note receivable will not be approved to a participant in the amount which exceeds 50 percent of their account balance. The minimum note receivable amount is \$1,000 and the maximum note receivable amount is \$50,000, reduced by the excess of the participant's highest outstanding participant note receivable balance during the 12-month period ending on the date of the note receivable over the participant's current outstanding participant note receivable balance on the date of the loan. A participant may not have more than two notes outstanding at a time. Notes receivable are permitted for any reasonable purpose and loan refinancing is not permitted. All notes receivable will be considered a directed investment from the account of the participant maintained under the Plan. As such, all payments of principal and interest made by the participant will be credited only to the account of such participant. Certain direct fees are charged to the participant to set up and maintain the note.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

The notes receivable bear interest at a fixed rate determined by the plan administrator (the Wall Street Journal prime rate plus 2 percent), which was 9.50 percent and 5.25 percent at December 31, 2022 and 2021, respectively. Note receivable terms may range up to five years unless the note receivable qualifies as a home loan. A home loan is a loan used to acquire a dwelling unit which, within a reasonable time, the participant will use as a principal residence. A home loan may be repaid over a period not exceeding 10 years.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant, or a participant's beneficiary in the case of death, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum or in periodic installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants are eligible for in service distributions from participant deferral accounts after attaining the age of 59 1/2. Certain participants are required by law to receive minimum distributions by April 1 of the year following the year they turn 72.

Hardship Withdrawals

A hardship withdrawal may be authorized by the Partnership in an amount up to 100 percent of the participant's contributions. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$5 and \$6, respectively. These accounts are first used to reduce plan expenses and any forfeitures that remain shall be used to offset future employer discretionary contributions and future employer matching contributions. Plan expenses were reduced by \$5,692 from forfeited non-vested accounts for the year ended December 31, 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the custodian, and the trustee. See Note 4 for discussion of fair value measurements.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable are reclassified as distributions based upon terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid directly by the Partnership. The Partnership pays certain professional fees and other expenses related to the Plan; therefore, such expenses are not included in the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan maintains an expense reimbursement account from which to pay certain expenses of the Plan. The Plan paid \$0 in administrative expenses from the expense reimbursement account. The balance of the expense reimbursement account as of December 31, 2022 and 2021 was immaterial.

Subsequent Events

The Plan has evaluated subsequent events through July 24, 2023, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Alerus Financial N.A. ("Alerus"), the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2022. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Exchange-Traded Funds

Exchange-traded funds are valued at the daily closing price of the fund. Exchange-traded funds operate similar to mutual funds in that they experience no price change throughout the day as they are bought and sold at the closing market price.

Common/Collective Trust

Units of a bank collective trust are reported at NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>Investments at fair value as of December 31, 2022</i>	Level 1	Total
Mutual funds	\$ 46,939,218	\$ 46,939,218
Self-directed brokerage accounts (3)	1,171,500	1,171,500
Common/collective trust funds at NAV (1)(2)	-	499,354
Total Investments at Fair Value	\$ 48,110,718	\$ 48,610,072

<i>Investments at fair value as of December 31, 2021</i>	Level 1	Total
Mutual funds	\$ 56,282,920	\$ 56,282,920
Self-directed brokerage accounts (3)	1,190,950	1,190,950
Common/collective trust funds at NAV (1)(2)	-	345,390
Total Investments at Fair Value	\$ 57,473,870	\$ 57,819,260

- (1) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.
- (2) The common/collective trust is invested in Galliard Stable Return Fund C. The objective of the fund is to provide investors with a moderate level of stable income without principal volatility. No unfunded commitments exist as of December 31, 2022. Redemption can occur daily subject to certain restrictions or at the discretion of the investment advisor.
- (3) Self-directed brokerage accounts are invested in cash, mutual funds, and exchange-traded funds.

5. Related-Party Transactions and Party-in-Interest Transactions

All plan investments are in the custody of Alerus, the trustee of the Plan as of December 31, 2022; therefore, any transactions between Alerus and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Alerus totaling \$8,793, which are included in administrative expenses during the year ended December 31, 2022.

All plan investments are managed by iCapital, LLC, an investment advisor; therefore, any transactions between the Plan and iCapital, LLC qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA. Fees incurred by the Plan for investment advisory services were \$105,961, which are included in administrative expenses during the year ended December 31, 2022.

Total administrative expenses paid by the Plan during the year ended December 31, 2022, were \$114,754. The Partnership pays directly any other fees related to the Plan's operations. The Plan extends notes receivable to participants which are also considered parties-in-interest transactions.

Hemenway & Barnes 401(k) Plan

Notes to Financial Statements

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer discretionary contributions.

7. Tax Status

Effective January 1, 2022, the Partnership, as the Plan's sponsor, adopted a non-standardized prototype plan which received an IRS opinion letter dated June 30, 2020, which states that the prototype plan document was in compliance with the applicable requirements of the Internal Revenue Code ("IRC").

Prior to the adoption of the non-standardized prototype plan effective January 1, 2022, the Plan sponsor had a customized plan document, which the IRS determined and informed the Partnership by a letter dated October 6, 2016, that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believed the Plan was designed, and was currently being operated, in compliance with applicable requirements of the IRC and therefore, believe that the Plan was qualified and the related trust was tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
