INDEPENDENT AUDITORS' REPORT

To the 401(k) Plan Retirement Committee of
Biocare Medical 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Audit

We have performed audits of the financial statements of Biocare Medical 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Biocare Medical 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Biocare Medical 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Biocare Medical 401(k) Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Biocare Medical 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Biocare Medical 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - *Supplemental Schedule Required by ERISA*

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BIOCARE MEDICAL 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

1. Description of Plan

The following description of Biocare Medical 401(k) Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Summary Plan Description and/or Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Biocare Medical, LLC (the “Company”) on January 1, 2001, and restated effective February 1, 2021, when the Plan adopted Fidelity Volume Submitter Adoption Agreement for Defined Contribution Plans. Effective February 8, 2022, and the Plan was most recently amended and restated to bring the Plan into compliance with legislative and regulatory changes. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (“IRC”) Section 401(k). All employees of the Company are eligible to participate in the Plan upon attaining the age of 18 years, and there is no service requirement for eligibility. Employees join the Plan on the first day of the following month after meeting eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the IRC. The 401(k) Retirement Committee is responsible for oversight of the Plan. The 401(k) Retirement Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) was the appointed trustee for the Plan in 2022 and for the period February 1, 2021 to December 31, 2021. Nationwide Trust Company, FSB and/or Nationwide Life Insurance Company (“Nationwide”) was the appointed custodian for the Plan for the period from January 1, 2021 to January 31, 2021. Fidelity and Nationwide acted at the direction of the Plan’s administrator.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up the limits imposed by Section 402(g) of the IRC. Effective February 1, 2021, the Plan includes automatic enrollment, which will commence 30 days after eligibility, unless employees affirmatively elect not to participate in the Plan. Active participants with no deferral election on file were automatically enrolled at 6%, effective April 1, 2021. Re-hired employees were automatically enrolled on the later of 30 days from date of rehire or Plan entry date. Deferral contributions for employees entered under the automatic enrollment will start at 6% and will be increased annually by 1% on each April 1st to a maximum deferral contribution of 10%. Contributions will be invested in the Fidelity Freedom Blend target date funds investment option. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to make Roth 401(k) contributions and after-tax contributions to the Plan and may contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company makes matching contributions based on employee elective deferrals. Generally, the company matching contributions will be 6% of deferred compensation per payroll period not to exceed \$3,000 annually. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers from other qualified plans Company matching contributions, as well as an allocation of Plan earnings or losses. Participants are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant contributions, rollovers, and net earnings on these contributions, are fully vested when made or earned.

Discretionary company contributions, if any, as well as all earnings on these contributions are 100% immediately vested for participants terminated after February 1, 2021, and vest according to the following schedule for participants terminated prior to February 1, 2021:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are fully vested upon retirement, death, disability, or plan termination.

Notes Receivable from Participants

Effective February 1, 2021, participants are allowed one note receivable at any time and may borrow from their fund accounts a minimum of \$1,000 up to 50% of the value of their account balance, or \$50,000, whichever is less. Prior to February 1, 2021, participants were allowed three notes receivable at any time. Notes receivable existing at February 1, 2021 continued under their existing terms until paid. Note receivable terms range from one to five years. Repayment period of notes receivable used to purchase a primary residence may not extend beyond five years from the date of the loan. The notes receivable are secured by no more than fifty percent of the balance in the participant's account and bear interest at a rate based upon the prime rate plus 1%. Interest rates on notes receivable from participants as of December 31, 2022 ranged from 4.25% to 8.00% per annum. Principal and interest are paid in equal installments through payroll deductions, personal checks from employees on leave, or cashier's checks for the full payoff of the notes receivable.

1. Description of Plan, continued

Payments of Benefits

When participants leave the Company, upon retirement or for any other reason, those participants (or their beneficiaries) may receive the vested value of their account in a single lump-sum payment. The Plan also allows for in-service withdrawals upon a participant attaining the age of 59½, or having a hardship. In-service withdrawals may be taken from all vested accounts, with the exception of hardships that may not be taken from matching contributions. In addition, the Plan allows for withdrawals of any rollover contributions at any time.

Distributions under the Plan shall generally be made as soon as possible after the date of retirement, date of death, or termination of employment. Mandatory distributions of account balances under \$5,000 will be made as soon as possible. In the event of a mandatory distribution greater than \$1,000 if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds, a common collective trust and a money market fund offered by the Plan. Participants may change their investment options at any time.

Forfeitures

Forfeitures that occur during a plan year will be used to pay expenses related to the administration of the Plan and to reduce future company discretionary contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,693 and \$170, respectively. During the year 2022, no forfeited funds were used to reduce company discretionary contributions or administrative fees of the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Plan Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 3 for discussion of fair value measurements.

2. Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition, continued

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Excess Contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions of \$3,950 to the applicable participants prior to March 15, 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Information Certified by the Trustee

Fidelity has prepared and certified as complete and accurate the Plan's schedule of investment assets, notes receivable from participants, transactions, and net realized and unrealized gains and losses on investments, and interest and dividend income, which was used to prepare the accompanying financial statements and supplemental schedule.

3. Fair Value Measurements

Accounting standards for fair value measurements establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

BIOCARE MEDICAL 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

3. Fair Value Measurements, continued

The three levels of the fair value hierarchy under these accounting standards are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021:

Cash equivalent - money market fund: Valued based on redemption values on the last business day of the Plan year.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

3. Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Cash equivalent - money market fund	\$ 418,159	\$ -	\$ -	\$ 418,159
Mutual funds	11,310,851	-	-	11,310,851
Total assets in the fair value hierarchy	<u>\$ 11,729,010</u>	<u>\$ -</u>	<u>\$ -</u>	11,729,010
Investments measured at net asset value				28,313
Investments, at fair value				<u>\$ 11,757,323</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Cash equivalent - money market fund	\$ 134,446	\$ -	\$ -	\$ 134,446

Investments measured at net asset value				30,257
Investments, at fair value				<u>\$ 14,986,096</u>

The Plan invests in common collective trust funds, which are measured at fair value using the NAV per share practical expedient. These investments are not categorized within the fair value hierarchy.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if eligible)	Redemption Notice Period
Collective trust funds:

4. Certified Information

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity:

	2022	2021
Investments, at fair value	\$ 11,757,323	\$ 14,986,096
Notes receivable from participants	\$ 35,282	\$ 11,304
Interest and dividend income	\$ 577,741	N/A
Interest on notes receivable from participants	\$ 951	N/A
Net depreciation in fair value of investments	\$ 3,295,106	N/A

5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments in mutual funds are managed by Fidelity, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Effective February 1, 2021, Fidelity provides certain administrative services to the Plan pursuant to an Investments Retirement Plan Services Agreement ("Agreement") between the Company and Fidelity. Fidelity receives revenue from mutual fund service providers for services Fidelity provides to the funds. This revenue is used to offset certain amounts owed to Fidelity for its administrative services to the Plan.

If the revenue received by the Plan from such mutual fund service providers exceeds the amount owed under the Agreement, Fidelity remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. During 2022, excess amounts of \$1,061 were allocated to participant accounts. The Plan or plan sponsor may make a payment to Fidelity for administrative expenses not covered by revenue sharing.

6. Tax Status

The Plan uses a non-standardized pre-approved plan document sponsored by Fidelity Management & Research Company. Fidelity Management & Research Company received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the non-standardized pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

7. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, distributions will be made to participants as described in the Plan agreement, and participants would become 100% vested in their Company contributions.

8. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds, a money market fund and a common collective trust, offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

As of December 31, 2022 and 2021, approximately 38% and 43%, respectively, of net assets are held in three funds.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022, to Form 5500:

	2022	2021
Net assets available for benefits per financial statements	\$ 11,788,655	\$ 14,997,400
Excess contributions included as a liability on financial statements, and recorded as contributions on Form 5500	3,950	-
Net assets available for benefits per Form 5500	<u>\$ 11,792,605</u>	<u>\$ 14,997,400</u>

The following is a reconciliation of net increase in net assets per the financial statements for the year ended December 31, 2022, to Form 5500:

Net decrease in net assets per financial statements	\$ (3,208,745)
2022 excess contributions included as a reduction of contributions on financial statements and not deducted from contributions on 2022 Form 5500	<u>3,950</u>
Total net loss per Form 5500	<u>\$ (3,204,795)</u>

10. Subsequent Events

In accordance with accounting standards affecting disclosures of subsequent events, the Plan evaluated subsequent events for recognition and disclosure through July 25, 2023, the date which these financial statements were available to be issued.

Management concluded that no material subsequent events have occurred since December 31, 2022 that require recognition or disclosure in such financial statements.
