Independent Auditors' Report

To the Trustee and Plan Administrator of
Dycom Industries, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dycom Industries, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dycom Industries, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dycom Industries, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dycom Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dycom Industries, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dycom Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report

To the Trustee and Plan Administrator of
Dycom Industries, Inc. Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Dycom Industries, Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dycom Industries, Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dycom Industries, Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Dycom Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dycom Industries, Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dycom Industries, Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

Effective January 1, 1983, Dycom Industries, Inc. (the "Company") adopted the Dycom Industries, Inc. Retirement Savings Plan (the "Plan" or "Dycom Plan"). The following description of the Plan provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan available to all eligible employees of the Company and its subsidiaries. The Plan qualifies under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee & Administration

All assets of the Plan are held by Prudential Retirement Services, an operating division of Prudential Financial, Inc, a wholly-owned subsidiary of Empower Annuity Insurance Company of America. The operations of Prudential Retirement Services are conducted principally through Empower Annuity Insurance Company, formerly Prudential Retirement Insurance and Annuity Company ("PRIAC"), and a wholly-owned subsidiary of Empower Annuity Insurance Company of America. Empower Annuity Insurance Company is responsible for, among other things, the custody and investing of the Plan's assets and the payment of benefits to eligible participants. Prudential Bank & Trust, F.S.B. ("Trustee"), a wholly-owned subsidiary of Prudential Financial, Inc., serves as the Trustee of the trust forming a part of the Plan for which Empower Annuity Insurance Company is the record keeper.

Pursuant to the Plan, the Company's Board of Directors has appointed a Retirement Savings Plan Committee composed of a Plan Design and Amendment Subcommittee, which reviews the efficacy of the Plan and recommends amendments to improve its efficacy as well as other required amendments, an Administrative Subcommittee, which is responsible for directing the Plan's administrative activities, and an Investment Subcommittee, which selects and monitors investment options available to Plan participants. The Company engages Towers Watson Investment Services, Inc. as an investment fiduciary, in particular as its investment advisor, in regards to the Plan's assets.

Contributions

The Plan has an allowable deferral percentage limit of 75% of eligible pre-tax compensation, as defined by the Plan. Participants may also contribute rollovers, amounts representing distributions from other eligible retirement plans. In addition, following the participant's completion of six months of service, as defined, the Company contributes a fixed matching contribution equal to 30% of the first 5% of base compensation that a participant contributes. At the discretion of the Company's Board of Directors, additional amounts may be contributed by the Company as regular matching contributions and/or qualified matching contributions, as defined by the Plan. The Company did not make a regular matching contribution or a qualified matching contribution with respect to the 2022 and 2021 Plan years.

Contributions from participants are recorded when payroll deductions are made. The Plan is required to return contributions received during the plan year in excess of the IRC limits. Participants' pre-tax contribution limit was $ 20,500 and $19,500 for 2022 and 2021, respectively**.** Participants who have attained at least age 50 during the calendar year are eligible to make catch-up contributions to the Plan. The IRC limit for catch-up contribution amount was $6,500 for 2022 and 2021.

1. Description of Plan (continued)

Participant Accounts (continued)

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's contribution, and an allocation of Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administration expenses. Allocations are based on participant earnings or account balances as of the date of the allocation. The participant is entitled to a benefit upon retirement or separation from employment based upon the vested portion of the participant's account. Upon distribution of the account to a participant who separates from service before vesting, the nonvested portion of the account attributable to the Company's contributions (and any earnings thereon) is forfeited.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's fixed matching contributions is based on years of continuous service. Participants become 100% vested after four years of service with certain transitional provisions for participants in plans that were merged into the Dycom Plan. Participants also become 100% vested in the nonvested portion of their accounts: (i) if employed by the Company on the date they attain age 55; (ii) if they become totally and permanently disabled while still in service as employees; (iii) if they die while in service as employees; (iv) if the Plan is terminated by the Company; or (v) if they are affected by a partial termination of the Plan. Vesting in any regular matching contributions from the Company is also based on years of continuous service unless otherwise stated in the Plan or an amendment thereto. Participants' vested interest in qualified matching contributions is 100% at all times.

Forfeited Accounts

Forfeited balances of participants' nonvested accounts are used to reduce future Company contributions or pay administrative expenses of the Plan as allowed under ERISA. At December 31, 2022 and 2021, forfeited nonvested accounts amounted to $13,921 and $16,738 respectively. In 2022 and 2021, Company contributions were reduced by $295,620 and $ 571,022, respectively, from forfeited nonvested accounts. Forfeited nonvested accounts were not used to reduce administrative expenses in 2022 or 2021.

Payment of Benefits

Distributions are generally made to participants or participants' beneficiaries in a single sum payment equal to the value of the vested interest in their accounts after termination of employment. Alternatively, participants or participants' beneficiaries may elect to receive distributions of their vested accounts through installment payments over a period not exceeding the lesser of 180 months or the life expectancy of the participants or participants' beneficiaries, or through the purchase of an annuity contract. While in the employment of the Company, participants may at any time withdraw all or part of the value of any rollover contributions in their accounts. Participants who are at least age 59½ and who are in the employment of the Company, may withdraw all or part of their vested value of any 401(k) or matching contributions held in their accounts. Participants employed by the Company who experience an immediate and heavy financial need qualifying as a hardship under Plan rules, may withdraw all or part of the vested value of any 401(k) contributions (excluding investment earnings earned after December 31, 1988) or fixed matching contributions held in their accounts. Benefit payment elections and hardship withdrawal requests must be in accordance with the terms of the Plan document.

1. Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, subject to certain limitations. The loans are secured by a portion of the participants' account and bear interest at the same rate throughout the life of the notes. The fixed interest rate is equal to the prime rate, as defined, at the time of loan origination plus 1%, as stated by the Plan. Interest rates for loans outstanding at the end of 2022 that originated in the Dycom Plan ranged from 4.25% to 7.25%. Any loans made under the provisions of a prior plan that was merged into the Dycom Plan are administered in accordance with the provisions of the original notes.

Principal and interest are paid ratably. With respect to loans in effect as of December 31, 2015, participants were required to repay the loan within five years or within a reasonable period of time if the loan was for the purchase of a primary residence. With respect to loans originated on or after January 1, 2016, primary residence loans are required to be repaid within 10 years, and participants are required to wait at least 30 days following the repayment of an existing Plan loan before applying for another Plan loan. Loans provide level amortization for repayments to be made not less frequently than on a quarterly basis. Repayment generally is made by payroll deduction. Participants pay certain administrative expenses associated with the loan, including document preparation and filing fees. If any scheduled loan repayments remain outstanding for greater than 90 days, loans will be in default, at which time participants can elect from certain remediation options, including distribution. If no remediation occurs, loans are reported as deemed distributions.

2. Summary of Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options and combinations thereof from which participants may choose. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that these risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments, other than the Prudential Income Fund, are stated at fair value (except for the fully benefit-responsive Prudential Income Fund, which is reported at contract value) as determined by the unit value reported by the Trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies. See Note 3, *Fair Value Measurements,* for further information regarding fair value measurements.

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with the corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants as of March 1, 2023.

Payment of Benefits

Benefits are recorded when paid. There were no significant amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2022 and 2021.

Recent Accounting Pronouncements

The Plan's management continuously monitors and reviews all current accounting pronouncements and standards from the Financial Accounting Standards Board and other authoritative sources of U.S. GAAP. As of December 31, 2022, there were no new pronouncements, interpretations, or staff positions that had or were expected to have a significant impact on the financial statements of the Plan.

Subsequent Events

Subsequent events have been evaluated through July 27, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

In accordance with Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820"), assets and liabilities measured at fair value are categorized according to a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

3. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities
- Inputs other than quoted prices that are observable for the asset or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value as of December 31, 2022 and 2021:

Pooled Separate Accounts - Pooled separate accounts are valued on a net unit basis on the last business day of the plan year. The fair values of these investments are determined by reference to the respective pooled separate account's underlying assets, with PRIAC specifying the source(s) used for underlying investment asset prices. In the event that a pooled separate account's initial valuation is not deemed reasonable, PRIAC may make adjustments to achieve a value believed to be more reflective of fair value. The Plan's investment in pooled separate accounts is classified as Level 2 investment.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Stated	Fair Value Measurements		
	Fair Value	Level 1	Level 2	Level 3
Asset Description				
Pooled separate accounts	$ 88,185,272	$ -	$ 88,185,272	$ -
Mutual funds	134,016,021	134,016,021	-	-
Total investments at fair value	$ 222,201,293	$ 134,016,021	$ 88,185,272	$ -

	December 31, 2021			
	Stated	Fair Value Measurements		
	Fair Value	Level 1	Level 2	Level 3
Asset Description				
Pooled separate accounts	$ 113,413,825	$ -	$ 113,413,825	$ -
Mutual funds	158,678,605	158,678,605	-	-
Total investments at fair value	$ 272,092,430	$ 158,678,605	$ 113,413,825	$ -

4. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental Schedule of assets held at end of year, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments and dividends and interest for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee.

5. Prudential Income Fund

The Prudential Income Fund is an insurance company issued Evergreen Group Annuity issued by PRIAC. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawal or transfers of all or a portion of their account balance at contract value within reasonable timeframes. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The Prudential Income Fund is a benefit responsive annuity contract. This product is not a traditional guaranteed insurance contract and, accordingly, there are not any known cash flows that could be discounted. As a result, the fair value shown in the accompanying Statement of net assets available for benefits is equal to contract value. There are no reserves against contract values for credit risk of contract issues or otherwise.

Interest is credited on contract balances using a single "portfolio rate" approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting. When establishing interest crediting rates for this product, PRIAC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the general account. These rates are established without the use of a specific formula.

The Plan may enter into transactions with PRIAC in connection with the Prudential Income Fund (including completely terminating the Plan's investment in such fund) and, under the provisions of the group annuity insurance contract, such transactions are to be settled at contract value and paid within 90 days or in rare circumstances settled at contract value but paid over time. Under the provisions of the group annuity insurance contract, there are no events that could limit the ability of the Plan to settle transactions involving the Prudential Income Fund in this matter. Additionally, under the provisions of the group annuity insurance contract, PRIAC may not, upon its termination of the group annuity insurance contract for any reason, require the Plan to settle for an amount less than contract value that is to be paid either within 90 days or over time.

6. Plan Termination

Although it has expressed no intention to do so, the Company retains the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Administrative Fees Paid on Behalf of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

8. Tax Status

The Plan obtained its latest determination letter on March 21, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, Plan management believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan was not in compliance with certain IRC non-discrimination tests for the years ended December 31, 2022 and 2021. The noncompliance was corrected through a refund of the excess 401(k) contributions contributed by "highly compensated" employees for the 2022 and 2021 plan years. Such refunds are reflected in the accompanying Statements of net assets available for benefits as Excess contributions payable.

9. Related Party Transactions

The Plan regularly invests in pooled separate accounts and guaranteed investment contracts managed by entities related to the Trustee. Therefore, these investments represent transactions with a party-in-interest to the Plan. These transactions are not considered prohibited transactions by statutory exemptions under ERISA and the IRC. The notes receivable from participants are also considered party-in-interest transactions and are similarly exempt.
