SCHEDULE H, LINE 4I – SCHEDULE OF ASSETS (HELD AT END OF YEAR)	10

INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the Barnes Health Care Services 401(k) Plan:

Opinion

We have audited the accompanying financial statements of Barnes Health Care Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Barnes Health Care Services 401(k) Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended, in accordance with the accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Barnes Health Care Services 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Barnes Health Care Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Barnes Health Care Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Barnes Health Care Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting Under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BARNES HEALTH CARE SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Barnes Health Care Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified plan which provides for retirement, disability, and death benefits. A Plan Administrator is appointed by the Board of Directors of the Company. The Plan assets were held by American Funds at December 31, 2022 and 2021.

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed sixty days of employment, 166 hours of service, and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan provides that an employee shall become eligible to participate in the Plan immediately after meeting the eligibility requirements.

Contributions

Participants' contributions of pretax annual compensation may not exceed a dollar limit which is set by law. All investment contributions are participant-directed, and participants may change their investment options at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The sponsoring employer may make matching contributions at its discretion. The discretionary matching contribution percentage is determined by the Company each year. The sponsoring employer may also make additional discretionary non-elective contributions as determined at the employer's sole discretion. Company contributions are made on or before the due date of the Company's tax return for the year of the contribution.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by participant.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, and Plan earnings. The account is also charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeitures

If employment is terminated for reasons other than death, disability, or retirement, the participant shall become entitled to a percentage of his or her Retirement Savings Account, based on the Plan's vesting schedule. The non-vested portion shall become a forfeiture, which can be used to pay plan expenses or reduce the Company's matching contributions for the following year.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms can be over a period not to exceed 5 years. The loans are secured by the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. The interest rate charged to participants during 2022 was 5.25 to 9.00 percent. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Prior to separation of service, a participant may receive distributions in the event of a hardship as defined by ERISA or upon attaining age 59 ½. Benefit payments, except payments for discrimination testing and Section 415 failures, are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Plan in preparing the financial statements:

General

American Funds, as custodian, has responsibility for administration of the Plan's Trust Fund and management of the assets of the Trust Fund as directed by the administrator. American Funds holds all investments of the Plan.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Contributions

Discretionary employer contributions are recorded when they are approved by the Board of Directors. Participant deferrals and employer matching contributions are recorded as soon as amounts are received.

Payment of Benefits

Benefit distributions are recorded when incurred by the Plan.

Forfeited Accounts

The participants incurred \$23,059 and \$30,675 in forfeitures for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$11,658 and \$17,742, respectively.

Investment Valuation and Income Recognition

Mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. Purchases and sales are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Participants' notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms of the plan document.

Administrative Expenses

As provided by the Plan document, administrative expenses may be paid either by the Plan or the Plan Sponsor. The Plan Sponsor has historically paid a portion of the operating expenses for the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the current year financial statements.

3. INVESTMENTS

The Custodian holds the Plan's investments and executes all investment transactions. The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment and insurance companies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities ("Level 1" measurements), gives the next priority to quoted values based on observable inputs ("Level 2" measurements), and the lowest priority to values based on unobservable inputs ("Level 3" measurements). The three levels of the fair value hierarchy under ASC 820 are briefly described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. For example stocks listed on a recognized exchange or listed mutual funds
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**BARNES HEALTH CARE SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

4. **FAIR VALUE MEASUREMENTS** (continued)

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Mutual funds are valued at quoted market prices in an exchange and active market and are classified as Level 1 Investments.

Stable Value Funds – Valued at the net asset value (NAV) of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The fund invests in guaranteed investment contracts and debt securities and provides for redemptions by the Trusts at reported net asset value per share.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

5. RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Capital Group American Funds. Capital Group American Funds is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. INCOME TAX STATUS

The Plan has received its latest determination letter dated June 30, 2020 in which the Internal Revenue Service has indicated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2019.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through July 18, 2023, the date the audit report and financial statements were available to be issued.
