## **Report of Independent Auditors**

To the Administrator of Irving 401(k) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Irving 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedule Required by ERISA***

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## *1. Description of Plan*

The following description of the Irving 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

### **General**

The Plan is a defined contribution plan, sponsored and administered by Irving Forest Products, Inc. and certain participating employers under common control, as listed in the Plan’s provisions (collectively, the Employer or the Plan Administrator). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

### **Participation**

Eligible employees may become participants in the Plan if they are US residents, at least 21 years of age, have completed three months of services and worked 250 hours during these three months.

Once eligible, an employee must complete 1,000 hours of service during the Plan year and be employed at year-end to receive an allocation of any profit-sharing contribution for the year. Participants direct the investment of all contributions into various investment options offered by the Plan.

### **Employee contributions**

Eligible employees may elect to contribute up to 100% of their pre-tax compensation, as defined in the Plan document, as allowable under Section 401(k), 402(g) and 414(v) of the Internal Revenue Code (“IRC”). The Plan participant has the option to decline to participate in the Plan or change their employee salary deferral rate by providing the Plan with written consent.

Effective March 1, 2010, all Fort Edward Union Employees hired after April 1, 2008, and all employees whose date of hire is on or after January 1, 2012, who satisfy the Plan’s eligibility requirements, are automatically enrolled in the Plan at an employee salary deferral rate of 5%.

Effective January 1, 2013, the employer matching contribution for Fort Edward Union participants hired before April 1, 2008 will decrease to 50% of the first 2% of the participants' compensation contributed to the Plan for a maximum match of 1%. Effective March 31, 2015, no employer matching contribution will be provided to Fort Edward Union participants hired before April 1, 2008; however, Fort Edward Union participants may continue to contribute to the Plan on a voluntary basis.

At the employer's discretion, additional profit sharing contributions can be made to eligible participants. Employer profit-sharing contributions are allocated to participants in accordance with the ratio of each employee's total eligible compensation to the total eligible compensation of all participants, as defined in the Plan document.

### Vesting

Participants are immediately vested in their contributions.

Non-union participants and Fort Edward Union participants hired after April 1, 2008 are vested immediately in their employer matching contributions. Fort Edward union participants hired before April 1, 2008, became vested in their employer matching contributions based on a graded vesting schedule over a period of four years.

Participants become vested in the Plan's profit sharing contributions based on a graded vesting schedule over a period of four years.

## *1. Description of the Plan (continued)*

### **Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one - five years or 10 years for the purchase of a primary residence. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. The loans outstanding at December 31, 2022 bear interest at rates from 4.25% - 8.00% (2021 - 4.25% - 6.50%) and mature between one and five years. Principal and interest are paid ratably through payroll deductions.

### **Distributions**

No amounts may be distributed to participants from their accounts prior to the termination of employment, death, disability or attainment of age 59½ unless the participant has incurred a hardship, as defined by the Plan documents.

Upon distribution, a participant may rollover their vested account balance to another eligible government 547(b), 401(k), 403(b) or 401(a) plan or an Internal Revenue Agency.

### **Administrative expenses**

The Employer pays substantially all administrative expenses associated with the Plan, with the exception of certain investment management fees, which are paid by the Plan and may be charged directly to the mutual funds held by the Plan. Certain redemption and loan distribution and administration fees are paid directly by the Plan participants.

### **Forfeitures**

Upon termination of employment, employer contributions not vested will be forfeited by the member under the terms of the Plan. Amounts forfeited and all earnings of the Plan that are reasonably attributable to the forfeited amounts will be returned to the Employer as a credit against subsequent contributions. As per the terms of the Plan, forfeitures attributable to non-elective contributions will be used to reduce any non-elective contributions. Any forfeiture attributable to matching contributions will be used to reduce any matching contributions. Forfeitures available as at December 31, 2022 totalled \$132 (2021 - \$318).

## 2. *Summary of significant accounting policies*

### a) Basis of accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles in the United States of America ("US GAAP").

### b) Use of estimates

The preparation of financial statements in conformity with US GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. The most significant estimates relate to the determination of fair value of investments.

### c) Investment valuation

Investments, except common/collective trusts, are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Investments held in mutual funds invest in stocks, bonds and other securities. The Putnam Stable Value Fund and the GW&K Small Cap Core Equity Collective Investment Fund are common/collective trusts comprised of investment contracts offered by insurance companies and other approved financial institutions as well as other short-investments.

The Plan follows ASU 2015-12. The amendments: (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans. Accordingly, the Plan does not report its fully benefit-responsive investment contracts in the fair value hierarchy.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Distributions are recorded on the effective date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair value of its investments, which consists of the realized and unrealized gains and losses.

### d) Payment of benefits

Benefits are recorded when paid.

## 2. *Summary of significant accounting policies (continued)*

e) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Deemed distributions due to default on participant loans totalled \$852 for the year ended December 31, 2022 (2021 - \$nil).

f) Evaluation of subsequent events

For purposes of the preparation of these financial statements in conformity with US GAAP, management has considered transactions or events occurring through July 27, 2023, which represents the date that the financial statements were available to be issued.

## 3. *Information certified by Plan trustee*

The Plan's fair value investments, interest and distributions, appreciation in fair value and purchases and sales of investments were certified by Great-West Trust Company, LLC, the trustee of the Plan, as of December 31, 2022 and December 31, 2021 and for the year ending December 31, 2022. Therefore, in accordance with the request of the Plan's Administrator and as allowed under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure, this information was not subjected to US generally accepted auditing procedures by the Plan's independent auditor. This information is disclosed in the following:

Statements of Net Assets Available for Benefits

Statement of Changes in Net Assets Available for Benefits

Note 4 to the Financial Statements

Note 5 to the Financial Statements

Schedule H, Line 4i – Schedule of Assets (Held at End of Year)

## 4. *Investment contracts*

The Putnam Table Value Fund and the GW&K Small Cap Core Equity Collective Investment Fund (the "Funds") are fully benefit responsive common/collective trusts, that seek to provide income while protecting investors' wealth by maintaining a stable fund net asset value. The investments in the Funds are non-transferable, but provide for benefit responsive withdrawals by Plan participants at contract value. Contract value represents invested principal plus contractual interest earned thereon.

Certain events may limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, the following: (i) the complete or partial termination of the Plan; (ii) the establishment or activation of, or material change in, any Plan investment fund; or (iii) an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from the Plan coverage as a result of group layoffs or early retirement programs.

# Irving 401(k) Plan

Notes to the Financial Statements

Year ended December 31, 2022

---

## 4. *Investment contracts (continued)*

The issuer of the contracts may terminate the contracts when: (i) the Plan communicates to the issuer that the investment will be terminated; (ii) the account balance is not more than \$1,000 or the contract value account balance is zero; or (iii) the issuer determines that it cannot continue to operate under the agreement following the establishment, activation or material change to any Plan investment fund.

## 5. *Fair value measurements and disclosures*

FASB Accounting Standards Codification (“ASC”) Topic 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for the identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

Following is a description of the valuation methodology used at December 31, 2022 and 2021 to measure assets at fair value:

*Mutual funds:* Valued at quoted market prices held by the Plan at year-end.

### 5. Fair value measurements and disclosures (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as at December 31, 2022 and 2021:

| December 31, 2022            | Level 1        | Level 2 | Level 3 | Total          |
|------------------------------|----------------|---------|---------|----------------|
| Mutual funds                 | \$ 89,852,245  | \$ -    | \$ -    | \$ 89,852,245  |
| Total fair value investments | \$ 89,852,245  | \$ -    | \$ -    | \$ 89,852,245  |
| December 31, 2021            | Level 1        | Level 2 | Level 3 | Total          |
| Mutual funds                 | \$ 106,489,294 | \$ -    | \$ -    | \$ 106,489,294 |
| Total fair value investments | \$ 106,489,294 | \$ -    | \$ -    | \$ 106,489,294 |

### 6. Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

### 7. Income tax status

The Plan has adopted a Great-West Trust Company, LLC prototype plan, which has received a favorable opinion letter dated June 30, 2020 from the Internal Revenue Service ("IRS") stating that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and thus, the Plan is exempt from federal income taxes.

US GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

### **8. *Party-in-interest transactions***

Certain distributions are in the form of loans to the Plan's participants. These loans are considered to be party-in-interest transactions. Loans to plan participants totalled \$235,093 (2021 – \$156,970) and ranged from one to five years. Interest rates on these loans ranged from 4.25% to 8.00%. Interest income for the year totalled \$8,486.

### **9. *Risks and uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
