INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
R&R Invest, Inc. Employees' Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of R&R Invest, Inc. Employees' Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared

and certified by an institution that management determined meets the requirements of ERISA
Section 103(a)(3)(C).

EMPLOYEES' RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 — DESCRIPTION OF THE PLAN

General

The following description of the R&R Invest, Inc. Employees' Retirement Savings Plan (Plan) (formerly known as the R & R Investors, Inc. Employees' Retirement Savings Plan) provides only general information. Participants should refer to the Plan agreement (Agreement) for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which generally covers persons regularly employed by R&R Invest, Inc. (the Company) (formerly known as R & R Investors, Inc.). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration

The Company has contracted Principal Life Insurance Company, Principal Global Investors Trust Company, and Principal Trust Company (collectively, Principal) to hold the Plan's assets, execute investment transactions, perform allocations of contributions and investment earnings, and make benefit payments.

Contributions and Eligibility

The Plan allows for employee contributions up to 100% of eligible compensation, subject to certain Internal Revenue Code (IRC) limitations. Employees of the Company who are hired to work at least 1,000 hours are eligible to make elective deferrals immediately upon employment.

The Plan also provides for discretionary Company-matching and profit-sharing contributions at the sole discretion of the Company's Board of Directors. During the years ended December 31, 2022 and 2021, the Company made discretionary matching contributions of 50% of the participant's contribution, up to 6% of their eligible compensation. Additionally, during the years ended December 31, 2022 and 2021, discretionary profit-sharing contributions equal to 2% of the participant's gross wages were made by the Company. Employees are eligible for Company-matching and profit-sharing contributions upon completion of one (1) year of employment. Additionally, for profit-sharing contributions, employees must be with the Company as of the last day of a given Plan year.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is increased or decreased by the participant's contributions, withdrawals, and an allocation of Plan earnings (losses), net of administrative expenses and an allocation of the Company's contributions. Allocations to participants are based on the funds selected by the participant, as defined in the Agreement. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 — DESCRIPTION OF THE PLAN (Continued)

Investments

Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, collective investment trusts, and a stable value fund. Assets held within the self-directed brokerage account pertain to a participant's balance in a portfolio held outside of Principal, which is frozen from additional contributions.

Vesting

All participants are 100% vested in their contributions and allocated Plan earnings. Participants become vested in Company-matching contributions and allocated Plan earnings on a schedule beginning after two (2) years of vesting service, as defined in the Agreement. The initial vesting percentage is 20%, increasing by 20% annually, until becoming fully vested after six (6) years of vesting service, as defined in the Agreement. Participants are considered 100% vested if they reach the age of fifty-five (55), become totally disabled as defined in the Agreement, or die, while participating in the Plan.

Notes Receivable, Participants

Participants are permitted to borrow from their account up to a maximum of 50% of their vested account balance or \$50,000, whichever is less. Outstanding loans are limited to one (1) per participant at any given time, are secured by the balance in the participant's account, and bear interest at rates ranging from 4.25% to 8.00% as of December 31, 2022. Principal and interest are paid ratably through payroll deductions. Participant notes receivable are stated at the unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant (or a participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. A participant may also withdraw a portion of his or her vested Plan benefit upon attaining age 59 1/2 while still employed by the Company. In addition, hardship distributions are permitted if certain criteria are met.

Forfeitures

Forfeited accounts are used to offset the Company's future matching contributions. Forfeitures of \$37,702 and \$10,803 were utilized to offset employer contributions for the years ended December 31, 2022 and 2021, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event that the Plan terminates, the accrued benefits of all participants shall be distributed to participants as provided in the Agreement.

NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of the fair value measurements utilized by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments bought and sold, as well as held, during the period.

Notes Receivable, Participants

Notes receivable from participants are recorded at the unpaid principal balance, plus any accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants and distributions are charged directly to participant accounts. Certain investment-related expenses are included within net appreciation (depreciation) in fair value of investments.

Self-Directed Brokerage Account

The Plan's investments held within the self-directed brokerage account have not been certified by Principal. Therefore, the investments and related investment income are excluded from the above table and are not subject to the exemption allowed for certified investments. During the year ended December 31, 2022, the self-directed brokerage account had dividends/interest and net depreciation in fair value of \$2,721 and \$(69,507), respectively. During the year ended December 31, 2021, the self-directed brokerage account had dividends and net appreciation in fair value of \$3,591 and \$186,831, respectively.

NOTE 4 — FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a three-tier fair value hierarchy, which categorizes the inputs used in measuring fair value. These categories include (in descending order of priority): Level 1, defined as observable inputs such as quoted prices in active markets for identical assets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring the Plan to develop its own assumptions. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

NOTE 4 — FAIR VALUE MEASUREMENTS (Continued)

- *Pooled separate accounts, collective investment trusts and stable value fund* – Valued based on quoted redemption values, also known as net asset values (NAV), determined by using available market information and appropriate valuation methods, as provided by Principal and represent the value at which the Plan (or the participant) could initiate a transaction with Principal. There are no imposed redemption restrictions on participants, except for certain short-term trading restrictions, which prohibit participants from reinvesting into the same account within 30 days. Other than the U.S. Property Separate Account, there are no limitations on redemptions.

The NAV of the U.S. Property Separate Account is based on the underlying real estate assets, which are valued using discounted cash flow valuation models that utilize public real estate market data such as transaction prices, market rents, vacancy levels, leasing absorption, market cap rates and discount rates. In addition, each property is appraised annually by an independent appraiser. Principal has the ability to apply a contractual limitation, which delays the payment of withdrawal requests (Withdrawal Limitation). At December 31, 2022, the Withdrawal Limitation was in effect; however, the Plan had no outstanding distribution requests.

- *Mutual funds* – Valued based on observable market quotations for identical assets and are priced on a daily basis at the close of business.
- *Self-directed brokerage account* – This account is comprised of money market funds and common stocks of publicly-traded corporations and United States Treasury securities. Money market funds and common stocks are valued based on quoted prices in active markets for identical assets. United States Treasury securities are valued based on observable inputs other than quoted prices in active markets for identical assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement.

The following table shows assets measured at fair value as of December 31, 2022 and 2021 on the Plan's statements of net assets available for benefits and the input categories associated with those assets:

	As of December 31, 2022

- (a) Due to the Withdrawal Limitation applied on July 1, 2022, the Principal U.S. Property Separate Account utilized its NAV as a practical expedient to estimate fair value at December 31, 2022. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. The Principal U.S. Property Separate Account has no unfunded commitments, allows for daily redemptions when a Withdrawal Limitation is not in effect, and has no required redemption notice period.

NOTE 5 — EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Principal. Principal provides investment advice to the Company as to the selection of investment options, with fees for this service paid by the Company. Therefore, these transactions with Principal qualify as party-in-interest transactions. A participant who acquires a participant loan is also a party-in-interest. However, all such transactions are exempt and are not prohibited by ERISA.

NOTE 6 — INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Principal. Principal received a letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS, and the prototype plan document has since been amended. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that "more-likely-than-not" would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
