INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Merritt's Boat & Engine 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Merritt's Boat & Engine 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CPA's + Trusted Advisors

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of the Plan

The following description of Merritt's Boat & Engine 401(k) Plan (the "Plan") provides only general information. A more complete description of the Plan's provisions may be found in the Summary Plan Description, which has been distributed to all participants, and in the Plan Document, which is also available to all participants upon request.

General and eligibility: The Plan is a defined contribution plan that was established in 1990 by Merritt's Boat & Engine Works, Inc. (the "Sponsor/Employer") to provide benefits to eligible employees of the Sponsor and its affiliates (collectively, the "Company"), as defined by the Plan. During the year the Plan was restated in its entirety to bring the Plan into the most current regulatory compliance and amended, naming Newport Trust Company as trustee, custodian, and recordkeeper. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Each year, participants may contribute a percentage of annual compensation, as defined and limited by the Plan, subject to Internal Revenue Service (IRS) regulations. Contributions to the Plan are pre-tax and are deductible from gross income for federal income tax purposes. In addition, the Plan allows for rollover contributions from other plans under certain conditions.

The Plan provides for a Company matching contribution of 20% of the first 5% of base compensation that a participant contributes to the Plan.

As determined annually by the Company's management, the Company may make a discretionary profit-sharing contribution which is allocated among the participants based on a pro rata formula. No discretionary profit-sharing contribution was made by the Company for the year ended December 31, 2022.

Participant accounts (self-directed): Each participant's account is credited with the individual contributions, as well as an allocation of the Company's contribution, if any, Plan earnings or losses, and charged with the participants withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation participant account balance, or specific participant transactions, as defined by the Plan. The earnings or losses, including fair value adjustments, on a participant's account are based on the performance of the investment funds. In addition, interest charged on individual participant loans is credited directly to the respective participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their voluntary contributions plus the earnings thereon. Vesting in the Company's matching and discretionary profit-sharing contributions are based on years of service. Participants are fully vested in Company contributions after six years of credited service.

Participant accounts become fully vested regardless of the established vesting schedule upon death, disability, attainment of normal retirement age (65), or upon termination of the Plan.

Notes receivable from participants: Participants may borrow from their account balance a minimum of $ 1,000 up to a maximum, which is the lesser of 50% of their vested account balance, reduced by any outstanding loan balance, or $ 50,000, reduced by the highest outstanding loan balance during the one-year period ending the day before the loan is made. The loans are secured by the participant's account balance and bear interest computed based on the prime rate plus 1% as of the loan date, from 4.25% to 8.00% at December 31, 2022. Principal and interest is paid ratably through bi-weekly payroll deductions. At December 31, 2022 and 2021, notes receivable totaled approximately $ 249,000 and $ 172,000, respectively.

Note 1 - Description of the Plan (continued)

Payment of benefits: Benefit payments and distributions of a participant's account are made upon the normal retirement age of 65, termination from service with the Company, death or disability. In service distributions can be made only if the participant has attained age 59½ and is fully vested in their account. Hardship distributions are also permitted by the Plan. Distributions may be made in lump-sum, partial payments, or installment payments. In addition, the Plan allows for automatic distribution of participant account balances that do not exceed $ 5,000.

Forfeitures: Any non-vested account balance after distribution of a terminated participant's vested account balance or five consecutive one-year breaks in service is forfeited. Forfeitures may first be used to pay for administrative expenses and then to reduce any future employer contributions. At December 31, 2022 and 2021, there were no forfeiture balances.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting: The Plan's policy is to prepare its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Consequently, additions to net assets are recognized when earned and deductions from net assets are recognized when the obligation is incurred.

Investment valuation and income recognition: The Plan's investments are primarily held in mutual funds. The Plan's investments are stated at their estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The difference between fair value and the cost of investments is reflected as appreciation or depreciation in fair value of investments in the statement of changes in net assets available for benefits. See Note 4 for a discussion of fair value measurements.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net appreciation or depreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. Purchase and sale of investments are recorded on a settlement date basis. Interest income is accrued as it is earned, and dividends are recorded as of the ex-dividend date. The Plan's management determines the Plan's valuation policies utilizing information provided by the trustee.

Loans to participants are valued at their outstanding balance which approximates fair value.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded as earned. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid. If benefit payment checks have not been cashed, a liability is recorded for the amount of the stale checks.

Excess Contributions: Contributions in excess of amounts allowed by the IRS are recorded as an excess contribution payable with a corresponding reduction to contributions. There were $ 2,755 in excess contributions as of December 31, 2022 and no excess contributions as of December 31, 2021.

Note 2 - Summary of Significant Accounting Policies (continued)

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures at the date of the financial statements and the reported amounts of additions to and reductions from net assets during the reporting period. Actual results may differ from those estimates.

Administrative expenses: Certain administrative fees are paid directly from Plan assets, which amounted to approximately $ 2,000 for the Plan year ending December 31, 2022. These amounts are reflected in deductions from net assets in the accompanying statement of changes in net assets available for benefits. The Company pays all other administrative expenses.

Date of management review: Subsequent events have been evaluated by management through July 25, 2023, the date the financial statements were available to be issued.

Note 3 - Information Certified by Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA.

Accordingly, Newport Trust Company, the trustee of the Plan assets, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022, and the related investment activity and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and the investments reflected on the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

Matrix Trust Company, the former custodian/trustee, of the plan assets, has certified the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2021.

Note 4 - Fair Value Measurements

In accordance with the Financial Accounting Standards Board in its Accounting Standards Codification, (ASC) No. 820, *Fair Value Measurements and Disclosures*, the Plan has defined and established a framework for measuring fair value and expanded disclosures about fair value measurements. Various inputs are used in determining the value of the Plan's investments. These inputs are summarized in three levels listed below:

- Level 1 - inputs are quoted market prices (unadjusted) in active markets for identical investments that the reporting entity can access at the measurement date.

- Level 2 - inputs are other than quoted prices included within level 1 that are observable for the investments, either directly or indirectly (e.g. quoted prices in active markets for similar securities, securities valuations based on commonly quoted benchmarks, interest rates and yield curves, and/or securities indices).

Note 4 - Fair Value Measurements (continued)

- Level 3 - inputs are significant unobservable inputs (e.g. information about assumptions, including risk, market participants would use in pricing a security).

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities.

Mutual funds and money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price and are considered to be actively traded.

The investments, at fair value, are classified as follows:

	Level 1	Level 2	Level 3	Total
At December 31, 2022				
Registered investment companies - mutual funds	$ 8,857,436	$ -	$ -	$ 8,857,436
At December 31, 2021				
Registered investment companies - mutual funds	$ 10,727,801	$ -	$ -	$ 10,727,801

Note 5 - Common Collective Trust

Previously, the Plan entered into a fully benefit-responsive investment contract with MetLife. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed by the investment contract.

The effective guaranteed credited interest rate is based on a formula agreed upon with the issuer and there is no stated minimum or maximum interest rate for the investment. Such interest rates are reviewed on a quarterly basis for resetting.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the common collective trust. This investment option is presented on the face of the statements of net assets available for benefits at contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5 - Common Collective Trust (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events may include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 6 - Cash Receipts and Payments

All contributions to the Plan have been placed in investments referred to in Notes 4 and 5, except for the contribution receivable at December 31, 2022. In addition, there have been benefit and withdrawal distribution payments of approximately $ 410,000 to Plan participants during the year ended December 31, 2022. There were no deemed distributions to participants for the year ended December 31, 2022.

Note 7 - Tax Status

The Plan obtained its latest determination letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan, a Non-Standardized Pre-Approved Profit Sharing and Money Purchase with CODA, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. The trust is, therefore, exempt from federal income tax. Participants are not subject to federal income taxes on the applicable contributions, interest and dividend income, or other income until distributions are made to them.

The Plan Administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan's investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 10 - Parties-in-Interest

Section 3(14) of ERISA defines a party-in-interest to include, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Notes receivable from participants also reflect a party-in-interest transaction.

Newport Retirement Services, Inc. ("Newport Group"), the trustee, provides certain administrative services to the Plan pursuant to a Revenue Sharing Agreement ("RSA") between the Company and Newport Group. Newport Group and its affiliates ("Newport") receive revenues from mutual fund service providers for services Newport provides to the funds. This revenue is used to offset certain amounts owed to Newport Group for its administrative services to the Plan. Revenue received by Newport from such mutual fund service providers is remitted to the Plan's holding account on a monthly basis. Such amounts may be applied to pay Plan administrative expenses. During 2022, approximately $ 58,500 in revenue share was used to pay administrative expenses. At December 31, 2022 and 2021, excess amounts were approximately $ 34,400 and $ 19,000, respectively. The Plan Sponsor may make a payment to Newport Group for administrative expenses not covered by revenue sharing.

Plan investments are managed and held by Newport Trust Company, the trustee and custodian of the plan, therefore these transactions and fee payments to Newport Trust Company and its affiliates qualify as party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
