Diversified Technologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the Diversified Technologies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Diversified Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Diversified Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards (GAAS), we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Diversified Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Compilation Report on Financial Statements - 2021

Management is responsible for the accompanying 2021 statement of net assets available for benefits of the Plan as of December 31, 2021, in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the statement of net assets available for benefits nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on the 2021 statement of net assets available for benefit.

Diversified Technologies 401(k) Plan

Notes to Financial Statements December 31, 2022 and 2021

1. Description of Plan

The following description of Diversified Technologies 401(k) Plan (the "Plan"), a defined contribution plan, provides only general information. Participants should refer to the Plan document for more complete information regarding the terms of the Plan.

Trustee and custodial services are provided by Empower Trust Company, LLC and Empower Annuity Insurance Company of America ("Empower").

General

The Plan was established on August 1, 1996, and was restated effective January 1, 2022, covering all eligible employees of Diversified Technologies, Inc. (the Company). On August 15, 2022, the Plan was amended and permits qualified birth or adoption distributions effective January 1, 2022.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company, except for leased employees, student interns, residents of Puerto Rico, and part-time, temporary and seasonal employees who complete six months of service, measured from the date of the hire become eligible for participation in the Plan upon attaining age 21.

Contributions

The Plan provides for participant pretax contributions. Participants may contribute up to 100% of their pretax compensation, as defined by the Plan, subject to the Internal Revenue Code (IRC) limitations. Rollover contributions from other qualified plans are allowed, with the approval of the Plan Administrator. Participants may elect to start, increase, or totally suspend deferral elections to contribute to the Plan effective as of each pay period. The Plan allows Roth contributions that are made in the same manner as pre-tax contributions except that Roth contributions are made to the Plan on an after-tax basis.

The Plan utilizes an automatic enrollment feature for eligible employees. Participants are automatically enrolled at a 5% deferral rate of eligible compensation as defined in the plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution subject to IRC limitations.

The Company may, at its discretion, make matching contributions to the Plan in any plan year in an amount determined by the Plan Trustee. During the year ended December 31, 2022, the Company made discretionary matching contributions equal to 100% of participant contributions up to 5% of their eligible compensation. For the year ended December 31, 2022, discretionary matching contributions amounted to \$551,830.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and allocations of (a) the Company's contributions, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Diversified Technologies 401(k) Plan

Vesting

Participants are immediately vested 100% in their contributions plus actual earnings thereon. Participants are 100% vested in the Company contributions and the actual earnings thereon after completion of five years of credited service. Participant vesting in the Plan based upon years of service is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are 100% vested upon the occurrence of death, permanent disability, or normal retirement age, as defined.

Notes Receivable from Participants

The minimum loan amount that a participant may request is \$1,000. The maximum loan amount that a participant may request is \$50,000 or 50% of the vested account balance, whichever is less. The \$50,000 is reduced by the highest outstanding loan balance during the past 12 months or any existing loan balances on the date a new loan is made, whichever is greater. The loans are collateralized by the balance in the participant's account and bear interest at rates commensurate with the prevailing rate, as determined by the plan administrator. As of December 31, 2022, the interest rates on the outstanding loans range from 3.25% to 8.50%.

Benefits and Withdrawals

The vested benefits are paid to the Participants or their beneficiaries upon the Participants' retirement, death, disability or termination of employment with the Company. Vested balances less than \$5,000 for terminated employees will be distributed from the Plan. If the participants become entitled to receive their benefit for any reason other than death their account will be distributed in a lump sum payment.

Hardship withdrawals are permitted by the Plan. Subject to approval from the plan administrator, participants may receive a distribution on account of hardship from the vested portion of all of their accounts.

Forfeited Accounts

Forfeitures, plus earnings thereon, can be used to reduce plan administrative expenses or future employer contributions. Total forfeitures during 2022 were \$20,930 in addition to dividends and interest of \$248, while the Plan used \$35,610 to reduce its contributions. Forfeitures remaining as of December 31, 2022 and 2021 \$1,918 and \$16,350 respectively.

Administrative expenses of the plan are paid from the plan or by the company as provided in the plan document. All transaction fees for loan requests are paid from the participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value (except for the fixed annuities which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for further discussion of fair value measurements.

Diversified Technologies 401(k) Plan

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the Participant loan to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

3. Fair Value Measurements

The Plan's investments are stated at fair value (except for the fixed Annuities which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the assets or liabilities; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- Mutual funds: Shares held by the Plan at year end are valued at quoted prices in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2022 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,986,274	\$ -	\$ -	\$ 16,986,274
Total investments at fair value	<u>\$ 16,986,274</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,986,274</u>

Diversified Technologies 401(k) Plan

Investments at fair value as of December 31, 2021 are as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 19,419,831	\$ -	\$ -	\$ 19,419,831
Total investments at fair value	\$ 19,419,831	\$ -	\$ -	\$ 19,419,831

4. Party-in-Interest Transactions

Empower is the custodian and trustee of the Plan. Fees paid to Empower for recordkeeping services during 2022 were \$1,103 and are included in administrative expenses on the statement of changes in net assets available for benefits.

5. Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and fixed annuities that invest in various investment securities. Such securities are subject to various risks, such as interest, credit and overall volatility. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

8. Investment Information Certified by the Plan Custodians

The following is a summary of the insurance and notes receivable from participants of the Plan as of December 31, 2022 and 2021 and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared or derived from information provided by Empower, and furnished to the plan administrator. The plan administrator has obtained certifications from the custodians that such information is complete and accurate.

Diversified Technologies 401(k) Plan

Information relating to investments and participant loans held by the custodians at December 31, is as follows:

The following was certified by the custodians as of December 31,

	2022	2021
Mutual funds, at fair value	\$ 16,986,274	\$ 19,419,831
Fixed annuities, at contract value	607,651	646,426
Notes receivable from participants	71,825	48,390
	<u>\$ 17,665,750</u>	<u>\$ 20,114,647</u>

The following was also certified by the trustee for the year ended December 31, 2022

Net depreciation in fair value of investments	<u>\$ (3,685,257)</u>
Dividends	<u>\$ 507,003</u>
Interest from notes receivable from participants	<u>\$ 2,532</u>

Fixed annuities contract with Insurance Company

The Plan is a party to a fully benefit responsive fixed annuities contract with Empower. Empower maintains the contributions in a guaranteed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuities contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed annuities contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuities contract. The fixed annuities contract is presented at contract value on the face of the statements of net assets available for benefits. Contract value, as reported to the plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for the credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 4 percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investments; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the Plan to qualify under 401(a) of the Internal Revenue Code ("IRC") or the failure of the trust to be tax exempt under Section 501(a) of the IRC; or (5) premature termination of the contract. The Plan administrator believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer, and that also would limit the ability of the Plan to transact at contract value with the participants.

9. Subsequent Events

The plan administrator has evaluated subsequent events through July 24, 2023, the date the financial statements were available to be issued.
