Independent Auditors' Report

To the Participants and Plan Administrator of
Neumann University Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Neumann University Defined Contribution Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Neumann University Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of the Neumann University Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC) covering substantially all employees of Neumann University (the University), except students employed by the University. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Audit Committee is responsible for oversight of the Plan. The Plan's Audit Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants must make mandatory contributions of 5% of their annual eligible compensation in accordance with plan provisions and universal eligibility. Participants may make additional elective contributions, up to the maximum limits of the IRC. The Plan provides for University nonelective contributions of 6% of the participants' annual eligible compensation upon completion of the eligibility requirements. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001, all participants who have attained the age of 50 before the close of the plan year are eligible to make an additional catch-up contribution up to \$6,500 for the year ended December 31, 2022. Participants who have attained 15 years of credited service may make additional special Code Section 403(b) catch-up contributions. Participants may also contribute amounts representing distributions from certain qualified plans of other employers or from an Individual Retirement Account (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the University's contribution and plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are fully vested in their contributions plus actual earnings thereon and in the University nonelective contribution plus actual earnings thereon at all times.

Notes Receivable From Participants

Participants may borrow from their account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Borrowings are secured by the balance in the participant's account. The interest rate charged is the higher of Moody's Corporate Bond Yield Average in effect for the calendar month ending two months before the note is issued, or the interest rate credited before the participant's starting date, plus 1%. Interest rates ranged from 4.25% to 7.25% as of December 31, 2022. Terms extend up to a period of five years or up to ten years for the purchase of a primary residence. Borrowings may be repaid in full as of any date without penalty. A participant may not have more than three notes outstanding at any time. Additionally, there are notes outside of the Plan issued by TIAA and CREF, the trustee. See Note 9 for a discussion of related-party and party in interest transactions.

Payment of Benefits

On termination of service for any reason, a participant is eligible to receive a lump-sum distribution of their vested account balance. Participants who are still actively working may take a withdrawal from their annuity contracts after attaining age 59½, or after becoming disabled. Hardship withdrawals are also permitted, as defined in the plan document. In service withdrawals from custodial accounts are not permitted.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits paid to participants are recorded when paid.

Neumann University Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan sponsor determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Expenses

Administrative expenses in the Statement of Changes in Net Assets Available for Benefits represent participant initiated transaction fees charged directly to the participant. All other expenses of the Plan are paid by the University. Expenses that are paid by the University are excluded from these financial statements. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through July 27, 2023, the date the financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The TIAA Access Annuity Accounts are variable annuity accounts invested in proprietary and nonproprietary mutual funds through various sub-accounts. These custodial sub-accounts' net unit value is based on daily market quotations of the underlying investments obtained from independent pricing services.

Neumann University Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

Pooled separate accounts are valued based upon the unit of values of such pooled accounts held by the Plan at year-end. Unit values are based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means, although are not based upon quoted market prices in an active market. The underlying investments of the pooled separate accounts consist of mutual funds, each of which follows a separate investment strategy. Due to the nature of these pooled accounts, there are no unfunded commitments or redemption restrictions.

The TIAA Real Estate Fund is valued based on NAV per unit of participation in the fund. The NAV is used as a practical expedient to estimate fair value. Transfers out of the TIAA Real Estate Fund are limited to one per calendar quarter. The fund invests in real property and short-term high quality investments to maintain liquidity to guarantee redemption requests. The real properties consist of office, apartment, industrial, retail and storage facility classifications located in all major regions within the United States and internationally located in the United Kingdom and France. The values of the properties held in the fund are based on professional opinions and appraisals which incorporate valuation methodologies to determine fair value including cash flows models, market models and other similar techniques.

The guaranteed annuity contracts consist of the TIAA Traditional Annuity Accounts (TIAA Account). Certain contracts of the TIAA Account are fully benefit-responsive and are excluded from the fair value hierarchy table as described in Note 4, and certain contracts of the TIAA Account are nonbenefit-responsive and are presented at fair value in the hierarchy table. The TIAA Account is reported at contract value, which approximates fair value, based on TIAA's ability to pay the guaranteed claims in accordance with the terms of the contract. As of December 31, 2022, TIAA's credit ratings were as follows: A++ by A.M. Best Company, AAA by Fitch Ratings, Aa1 by Moody's Investors Service and AA+ by Standard & Poor's. The high credit ratings of TIAA as of the measurement date uphold the TIAA Account's ability to meet obligations set forth in the contracts.

Contract value is the aggregation of contributions, plus interest, less withdrawals, if any. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with TIAA Account's historical crediting rates.

The TIAA Account has redemption restrictions based on the terms of the underlying contract and is an unfunded commitment as claims against the contract are solely supported by TIAA's ability to pay on such claims. The redemption restrictions do not have a material impact on the contract value of the TIAA Account.

4. Fully Benefit-Responsive Investment Contracts

The Plan holds guaranteed annuity contracts that consist of traditional annuity contracts. These contracts meet the fully benefit-responsive annuity contract criteria, and therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive annuity contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals. The following represents contract value of investment contracts held by the Plan.

	2022	2021
Guaranteed Investment Contracts	\$ 11,795,670	\$ 11,377,177

The traditional investment contracts held by the Plan are the TIAA Traditional Annuity Account (TIAA Account) and the TIAA Stable Value, which are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a guaranteed minimum rate of interest between 1% and 3%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. These events may be different under each contract. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract.

Neumann University Defined Contribution Retirement Plan

Notes to Financial Statements

December 31, 2022 and 2021

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. These events may be different under each contract. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation or (4) a material amendment to the agreement without the consent of the issuer.

5. Administration of Plan Assets

The Plan's assets are administered under a contract with TIAA and CREF, the trustee and recordkeeper of the Plan. The trustee invests funds received from contributions, investment sales, interest and dividend income and makes distribution payments to participants.

6. Plan Termination

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The plan administrator believes the Plan is operating in accordance with the applicable requirements of Section 403(b) of the IRC, and therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

8. Information Certified by Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, TIAA and CREF, the trustee, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 and related investment activity reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

9. Related-Party and Party In Interest Transactions

Certain investments held by the Plan are proprietary funds of TIAA and CREF. TIAA and CREF is the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan issues loans to participants which are secured by the participants account and these qualify as party in interest transactions.

Certain administrative functions are performed by officers or employees of the University. No such officer or employee receives compensation from the Plan.

Prior to 2022, TIAA and CREF, the trustee, issued notes to plan participants that were secured by the participant's account balance but were contractual agreements between TIAA and CREF and the plan participants and were funded by TIAA's general fund. A participant was required to transfer 110% of the note value to the TIAA Traditional Account upon the issuance of the note and is restricted from transfers or withdrawals on this amount. The restricted account balance was used as collateral on the note balance in accordance with the terms of the note. These transactions qualify as party in interest transactions. Participant account balances held in the TIAA Traditional Account that collateralized these notes totaled \$22,480 and \$33,997 at December 31, 2022 and 2021, respectively. Outstanding balances for these notes totaled \$20,436 and \$33,633 at December 31, 2022 and 2021, respectively, with interest rates ranging between 4.17% and 4.78% at December 31, 2022 and 4.00% and 4.31% at December 31, 2021.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2022 and 2021, the Plan had investments of \$33,297,711 and \$ 34,259,999, respectively, which were concentrated in four funds.
